An Essay on Slavery:

Designed to exhibit in a new point of view, its effects on morals, industry, and the peace of society. Some facts and calculations are offered to prove the labor of freedom to be much more productive than that of slaves; that countries are rich, powerful and happy, in proportion as the laboring people enjoy the fruits of their own labor; and hence the necessary conclusion, that slavery is *impolitic* as well as *unjust*.

PROPOSALS

FOR PUBLISHING BY SUBSCRIPTION,

A Ground Plan

OF THE

City Philadelphia,

AND ITS ENVIRONS:

Taken from actual survey, by A. P. FOLIE, Geographer, from St. Domingo.

THIS Plan will be engraved on a plate 26 inches square; and it will contain an exact description of all the squares, streets and alleys in the City and Liberties. The situation of the several public buildings, such as the State-House, City-Hall, Seat of Congress, Churches, Meeting-Houses, Hospital, Library and Seminaries of Learning—of the several Banks, and of the Federal and State Offices, will be ascertained. The parts which are built on will be distinguished from those that are not. The courses of the rivulets between Delaware and Schuylkill, and as much of the Canal, intended to connect the navigation of those two waters, as lies within the compass of the draught, will be accurately delineated. It will also be ornamented by a view of the shipping in the harbor, and an elevation of Congress-Hall, and of the other public buildings that occupy the ground contiguous.

In short, nothing will be omitted to render this useful and defensible work acceptable to an enlightened public, that is in the author's power; and it shall be completed with the greatest possible dispatch, as soon as the generous encouragement of subscribers shall insure to the author such a sum as will be sufficient to defray expenses.

A Pamphlet will be delivered with each Plan, which will contain an alphabetical list of the Subscribers names, and information concerning the police, population and present state of the city.

The price to subscribers will be Two Dollars and one third, to be paid at the time of delivering the Plans.

Subscriptions will be gratefully received at the principal Bookellers in this city—and the original Draft may be seen at B. DAVIES', No. 68, Market-street, at any time until it shall be put into the hands of the Engraver.

AN ESSAY ON THE

Natural Equality of Men,

On the Rights that result from it, and on the Duties which it imposes.

To which a MEDAL was adjudged, by the Teylerian Society at Haarlem.

Corrected and Enlarged.

By WILLIAM LAWRENCE BROWN,

D. D.

Professor of Moral Philosophy, and the Law of Nature, and of Ecclesiastical History; and Minister of the English Church at Utrecht.

Aliquid semper ad communem utilitatem afferendum. CICERO.

The First American Edition.

THE grand principle of Equality, if rightly understood, is the only basis on which universal justice, sacred order, and perfect freedom, can be firmly built, and permanently secured. The view of it exhibited in this essay, at the same time that it represses the influence of office, the tyranny of pride, and the outrages of oppression; confirms, in the most forcible manner, the necessity of subordination, and the just demands of lawful authority. So far indeed, from loosening the bands of society, that it maintains inviolate, every natural and every civil distinction, draws more closely every social tie, unites in one harmonious and justly proportioned system, and brings men together on the even ground of the inherent rights of human nature, of reciprocal obligation, and of a common relation to the community. Henry Rape } State of Maryland.
Benjamin Gaither } High Court of Chancery,
and } March 5th. 1794.
Basil Gaither }

The Complainant states

in his bill that the defendants Benjamin Gaither and Basil Gaither were seized in fee as tenants in common of a tract of land in Frederick County, called Hammond's Strife;—that being so seized, Basil executed a power of attorney to Benjamin authorizing him to sell his, the said Basil's interest in the said land, that afterwards the said Benjamin sold the said land to a certain William Gaither for the consideration of six hundred pounds which hath been since paid, that the said William hath assigned to the Complainant Henry Rape the bond executed by the said Benjamin for the conveyance of the said land: The Complainant now further states (and so appears to the Chancellor) that the defendants are non-residents of the state of Maryland, and therefore out of the reach of the process of this court.

It is therefore adjudged and ordered, that the Complainant procure a copy of this order to be inserted in the newspaper of Angell and Sullivan, and in the United States Gazette at least three weeks successively, before the twentieth day of May next; to the intent that the Defendants and all others, who may conceive themselves interested in the premises, may have notice to appear in this court, on or before the third Tuesday in September next, to shew cause wherefore a decree should not pass for vesting in the Complainant a complete legal title to the land aforesaid.
