This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington. Two beautiful designs are already selected; the entire fronts on two of the public squares; from the drawings it is proposed to erect two centre and four corner buildings, as soon as possible after this lottery is sold, it to convey them, when complete, to the fortunate acquirers, in the manner described in the Scheme for the Federal Lottery. A net deduction of five per cent. will be made to defray the necessary expenses of printing, &c. and the surplus will be made a part of the fund intended for the National University, to be erected within the city of Washington.

The Drawing will commence as soon as tickets are sold off. The money prizes will be payable thirty days after it is finished; and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed, are to be considered as given towards the fund for the University; it being determined to settle the whole business in a year from the ending of the drawing, and to take up the bonds given as security.

The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the lottery.

The twenty two gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this important task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design.

By accounts received from the different parts of the Continent as well as from Europe, where he tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that it can and will be conducted with the utmost care and attention.

caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the most suspension indispensable.

The character of the author, for acuteness and erudition has been established by his essay on miracles in answer to David Hume, the greatest masterpiece of the kind ever published, and by his "Philosophy of Rhetoric," and to the merit of the present work, the result of nearly forty years study and application, and the substance of his course of lectures in his official capacity, the reviewers have given ample testimony, but their account, however honorable to the work, is too long for a place in this advertisement, the work however is now presented in an American edition at not more than half the price of the London copy.
