A very valuable MERCHANT MILL,

A DISTILLERY and BREWERY, and sundry STONE QUARRIES to be let.

I will rent my merchant Mill at the little Falls of Potowmac, for any term not less than seven, nor more than eleven years, from the first day of September next. The mill-hous is 42 by 40 feet, three stories high, built with stone, and has in it three pairs of French Burr Stones, two overhot 18 feet water-wheels, and Evans's machinery complete, with every other thing proper and necessary for carrying on the business with dispatch, and at as little expence as possible, all in good order.—From the mill to my landing on the Potowmac river, (where craft, of any burthen may deliver grain and take in flour) it is about 40 yards, and from thence by water to George-Town and the City of Washington, about 3 miles, and to Alexandria about 11 miles. This situation, aided by a sufficient capital, will command the produce of a very extensive back country, where large quantities of wheat and other grain is annually made, the distance to it being from 8 to 10 miles less than to any market town upon the navigation of the Potowmac. There are on the premises a large stone Coopers' Shop, a stone granary, and a commodious miller's house. At the landing aforesaid a bridge is now building over the Potowmac, which is in great forwardness and probably will be finished the ensuing fall.

There are also on the premises, a Brewery and Distillery, built with stone, in them are three stills, two coppers or boilers, with every necessary article, all new, and in good order, and sufficiently large to carry on the Brewery and Distillery upon a very extensive plan. This property I will rent for the same term of years.

Upon my lands adjoining the premises, and along the banks of the river, where craft may lead with ease and dispatch, is an immense quantity of building and foundation-stones. Four quarries are now open, and as many more may be opened with ease: the stone taken from these quarries is better, and has the preference at this market, to any other stone brought to it. I will rent these quarries separately or together as may best suit.

On the top of the hill, and about 200 yards from the mill, is a stone Dwelling-house, large enough for the accommodation of a family; also, a kitchen, dairy, smoke-house, &c. and a garden, enclosed and in cultivation, the soil of which is equal in goodness to any in this state. I will also rent this property.

Adjoining to the Brewery and Distillery is a Smith's shop, in which is a complete set of Blacksmith's tools, which I will also rent, and if agreeable I will hire to the tenant two negro blacksmiths, one of them is a complete workman.

If I rent out the stone quarries, I will fell three crafts, which were built for the purpose of carrying stone: they will altogether bring upwards of 90 perch. Immediate possession will be given. For terms apply to the subscriber in this town.

The Mill, Brewery and Distillery, with their appurtenances, will be delivered to the tenant or tenants in good repair, and must be so returned, at the expiration of the lease or leases.
