Incurvations and Distortions of the Spine,
By an improvement in Stays and an Apparatus.

The success of the Patentee in the cure of distortions, from incurvations of the spine, the Wry Neck, &c. in this city and in different parts of the United States, under the inspection of eminent physicians, when every other mode had failed, will, it is hoped, afford the public sufficient testimony of the utility of this application.

He returns thanks to those medical gentlemen in different parts of the United States who have honored him with their patronage and confidence.

3d. The highest bidder as before mentioned, must deposit at the time of sale, one twentieth part of the purchase money, in the hands of such person as the President of the United States shall appoint to attend the sales for that purpose, which will be forfeited, if a moiety of the sum bid, including the said twentieth part, shall not be paid within thirty days from the time of sale.
