TO BE SOLD,
A LEASE for seven years, from the 25th March next, in that capital and beautiful FARM, called
PROSPECT-HILL,
Situated within one quarter of a mile from the Brandywine Mills, and half a mile from the borough of Wilmington. The dwelling house is built of stone, two stories high, generally finished, and contains four handsome rooms on a floor, besides an entry, with capital garrets, and convenient cellars. It is generally thought to command the most agreeable prospect of the Delaware, from the source of that river to the Cape. This prospect is greatly embellished by a full view of a vast body of meadow, through which the Christiana and Brandywine creeks are seen winding in beautiful meanders. Near the house are a Kitchen, a spacious stone stable and hay loft, a barn, a carriage house, milk-house, &c. and a well of as pure water as any on the continent. The garden contains an acre and quarter of land, abounding with fruit, and particularly with peach trees, of the very best kind, brought from Maryland, and in full bearing. There is, moreover, on the place, a young apple orchard beginning to bear, and several old trees that produce abundantly, besides cherry and other ornamental trees, in great numbers. The farm consists of near sixty acres of land, of good quality, and clear of incumbrances, except taxes, twenty of which are now in excellent clover and timothy, and ten more will be ready for sowing next spring. A residence of nearly 8 years has convinced the subscriber that the situation is remarkably healthy. The great post road from Philadelphia to the Southward runs within twenty yards of the house. In a word, the beauties and convenience of this situation cannot be enumerated, in an advertisement, and when examined, will probably command the attention of any person who is desirous of living at one of the most elegant country seats on the continent. The purchaser may enter on the premises next spring, or perhaps, this fall, if application be immediately made to Doctor NICHOLAS WAY, in Philadelphia, to Doctor WHARTON, on the premises, or, in his absence, to Mr. GEORGE TRUITT, in Wilmington.
A quantity of excellent Hay, Grain in the ground, some Stock, &c. may be had by the purchaser at the time of sale.

50,000 Tickets, at Eight Dollars, 400,000

N. B. To favour those who may take a quantity of Tickets, the prize of 40,000 dollars will be the last drawn ticket, and the 30,000 the LAST but ONE.
And approved notes, securing payment in either money or prizes, in ten days after drawing, will be received for any number not less than 30 tickets.
This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington.—Two beautiful designs are already selected for the entire fronts on two of the public squares; from these drawings it is proposed to erect two centre and four corner buildings, as soon as possible after this lottery is sold, and to convey them, when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery. A net deduction of five per cent. will be made to defray the necessary expenses of printing, &c. and the surplus will be made a part of the fund intended for the National University, to be erected within the city of Washington.
The drawing will commence as soon as the tickets are sold off.—The money prizes will be payable in thirty days after it is finished; and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed, are to be considered as given towards the fund for the University; it being determined to settle the whole business in a year from the ending of the drawing, and to take up the bonds given as security.
The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the lottery.
The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task a second time on behalf of the public; a sufficient number of these having kindly accepted, it is hoped that the friends to a National University and the other federal objects may continue to favor the design.
By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the short suspension indispensable.
SAMUEL BLODGET.
