 50,000 Tickets, at Eight Dollars, 400,000

N. B. To favour those who may take a quantity of Tickets, the prize of 40,000 dollars will be the LAST drawn ticket, and the 30,000 the LAST but ONE.
 And approved notes, securing payment in either money or prizes, in ten days after drawing, will be received for any number not less than 30 tickets.
 This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington—Two beautiful designs are already selected for the entire fronts on two of the public squares; from these drawings it is proposed to erect two centre and four corner buildings, as soon as possible after this lottery is sold, and to convey them, when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery. A nett deduction of five per cent. will be made to defray the necessary expenses of printing, &c., and the surplus will be made a part of the fund intended for the National University, to be erected within the city of Washington.
 The Drawing will commence as soon as the tickets are sold off.—The money prizes will be payable in thirty days after it is finished; and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed, are to be considered as given towards the fund for the University; it being determined to settle the whole business in a year from the ending of the drawing, and to take up the bonds given as security.
 The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the lottery.
 The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task second time on behalf of the public; a sufficient number of them having kindly accepted, it is hoped that the interests to a National University and the other federal objects may continue to favor the design.
 By accounts received from the distant parts of the Continent, as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the more suspension indispensable.
SAMUEL BLODGET.
 Tickets may be had at the Bank of Columbia; of James W. & Co. Baltimore; of Peter Gilman, Boston; of John Hopkins, Richmond; and of Richard Wells Cooper's Ferry.

A Manufactory FOR SALE.

CAUTION.
 WHEREAS very large and heavy debts are justly due and owing from messrs. Blair M'Clenachan and Patrick Moore, of the city of Philadelphia, merchants, trading under the firm of Blair M'Clenachan and P. Moore, and from Blair M'Clenachan in his separate capacity; to which, by the laws of the land, all the joint as well as separate property of the said Gentlemen, is, and ought to be, liable. And whereas it is clearly and satisfactorily ascertained, that Mr. Blair M'Clenachan, of the said firm, has conveyed away to Mr. John H. Hulton, his son-in-law, to his daughter, Miss M'Clenachan, and to his son, George M'Clenachan, several large and valuable real estates, as well as considerable personal property, in the city and county of Philadelphia, in the county of Lancaster, in the county of New-Castle on Delaware, and elsewhere, with a view, as it is apprehended, to defeat the Creditors in the recovery of their just debts.—This is, therefore, to forewarn all persons whomsoever, against the purchase from the said grantees, or either of them, of any portion of the said real or personal property, as the most vigorous measures will without delay be taken to render the same liable to the just demands of the Creditors.
 By order of the Creditors.

TO THE PUBLIC.
 THE caution introduced into the public prints, warning all persons against purchasing from the grantees of Blair M'Clenachan, any portion of the large, real and personal estates he conveyed away to his son-in-law and to his children was the result of a deliberation had upon the subject by a general and numerous meeting of the creditors as well of Blair M'Clenachan and P. Moore as of Blair M'Clenachan individually. It was no more than an execution of that trust confided in the subscribers by those creditors: a step which it would have been a breach of duty and honor in them to have omitted. The very statement of the fact therefore must dispel the imputation that it was either "precipitate or vindictive." It originated in a desire to secure the property of the debtor as a fund for the payment of his just debts. It was sanctioned by the advice of council as a measure necessary to the safety of the creditors. If the advertisement has been injurious to Mr. M'Clenachan he owes that injury to his own unjustifiable conduct, not to the subscribers who have merely published the truth in terms as mild as the fact would admit, and who mean to investigate in a high court of justice the validity of those purchases of which Mr. M'Clenachan so confidently speaks.
 The subscribers therefore are bound by a sense of duty to the creditors in general to repeat their caution against purchasing of those grantees or either of them, and to extend the terms of it to a purchase from any other persons (if such there be) to whom Mr. M'Clenachan may have made similar conveyances.

FOR SALE
 By private contract, a very valuable Estate, known by the name of
CHATHAM,

MOST delightfully situated on the north bank of Rappahannock river, opposite the town of Fredericksburg, in the state of Virginia, consisting of eleven or fifteen hundred acres, as may best suit the purchaser. There is on this estate, a large and well built brick house, containing nine commodious rooms, exclusive of a spacious hall or entry, 22 feet square, two pair of stairs, suitable and convenient passages, and excellent dry cellars. It is placed on a fine healthy eminence, commanding beautiful views in every direction over the towns of Fredericksburgh and Falmouth, and an extensive cultivated country.—The grounds adjoining the house are neatly laid out in pleasure and kitchen gardens interspersed with a variety of scarce trees, a choice collection of flowers and flowering shrubs, and enriched by various sorts of the following fruits, viz apples, pears, walnuts, chestnuts, cherries, peaches, plums, nectarines, apricots, grapes, figs, raspberries, gooseberries, strawberries, and currants; the whole admirably varied by turfed slopes which have been formed by great labour and expense. Bordering upon these improvements, are several lots, in a high state of cultivation, and well set with red clover and orchard grass, from which three heavy crops of hay are taken every year. Adjoining thereto are two large and flourishing orchards; one of well chosen peach trees, the other of apple and pear trees, selected from the best nurseries in the state. Properly detached from the mansion house are extensive roomy offices of every denomination, viz a Kitchen and Larder, house-keeper's room and Laundry, with a cellar underneath for a variety of purposes, a store-house and smoke house all of brick, a dairy and spring house of stone. Stables for thirty horses, and coach houses for four carriages. Also a large and well planned farm yard, with barn and granary, a cow house, with separate stalls for thirty-six grown cattle; apartments for fattening veals, muttoms and lambs; extensive sheds for sheep, and other arrangements for stock of every description, with a large and convenient receptacle for provender, from which they can be furnished without being exposed to the inclemency of the weather. An over-seer's house, blacksmith's shop, and quarters sufficient to accommodate in the best manner more than fifty labourers.
 The arable lands are so advantageously divided as to afford an opportunity of making a large quantity of Indian corn annually, without bringing the field into similar culture other than once in four years; consequently the lands may be improved by keeping up the inclosures during the intermediate years, or may be beneficially sowed for wheat and other grain at the option of the proprietor.
 On the premises there is also a merchant mill with one pair of best French burr stones, and one pair of Cologne; furnished with modern machinery, and now leased for the unexpired term of four years, at 150l per annum, and all grain for the use of the farm, hopper free, which is nearly 100l more. The mill and miller's house are built of free stone, within a very small distance of navigation, near to which are two or more valuable fisheries, and a well accustomed ferry over the Rappahannock to the town of Fredericksburg. The land contains inexhaustible quarries of free stone near to the river, is plentifully supplied with remarkable fine water and possesses a due proportion of meadow, which by having the command of water may be considerably increased. The roads are good, and the neighbourhood genteel and sociable. In fact, exclusive of an improvable and well conditioned farm, the value and enjoyment inseparably connected with a mill, series, fisheries and quarries eligibly situated; the profits arising from an ice-house inferior to none in the state, and a garden of four acres so abundantly stocked with vegetables of all sorts as to be fully equal to the demand in market, there might be detailed many other advantages, appertaining to the fertility of these lands, which the subscriber conceives it unnecessary to mention, being fully convinced that when examined, it will be found to be a complete, pleasant and healthy residence, possessing beauties and conveniences sufficient to attract the attention of any person desirous of becoming a purchaser.
 The motive which induces the subscriber to offer for sale an estate so singularly beautiful and advantageous, is a desire to become an inhabitant of Alexandria, where he can with more ease attend to his interests in the neighbourhood of that city.
 The purchaser may be accommodated with a few slaves in families, either for plantation or domestic use. A part of the purchase money will be required and the balance made easy, the debt being properly secured.

TO BE SOLD,
A PLANTATION, in the town of Woodbury, county of Gloucester, and state of New-Jersey, containing about one hundred and fifty acres; a suitable proportion of which is woodland and improved meadow. A great part of the arable land is in a high state of cultivation, and very natural to the production of Red Clover. On said plantation there is a genteel two-story brick house, with four rooms on a floor, and a good dry cellar under the whole; together with a barn, corn-cribs and carriage-house. The garden is large, and contains a good collection of the best kinds of grafted and inoculated fruit trees; the orchard consists of about three hundred grafted apple-trees. Any person inclined to purchase said premises, may be informed of the terms by applying to

SWANN'S
 Riding School, Horse Academy & Infirmary,
 Adjoining the Public Square, Market Street.
T. SWANN
 RETURNS his sincere thanks to those gentlemen by whom he has been employed, during his residence in this City, and fetters himself that the success of his efforts, in the numerous, obstinate and dangerous diseases in Horses, in which he has been consulted, together with his moderate charges, will secure their future favors and recommendation.
 He now begs leave to inform them and the public at large that his spacious and commodious premises, erected for the purposes above described are open for the reception of pupils of either sex, who wish to be instructed in the Art of Riding, and the right method of governing their horses, so as to ride them with ease, elegance, and safety—their horses will be carefully and expeditiously broke, for every purpose, and made obedient to the will of the riders; the natural powers which are shut up in them, will be unfolded by art, calling forth uniformity of motion, and giving to that noble animal all those beauties of action which providence has so bountifully bestowed on them.
 Also, at his hospital, every disorder to which the horse is liable will be treated according to the rules of art, confirmed by long and repeated experience.
 The utility of the above institution has never been questioned, that it has long been wanted in this city, every gentleman's stud will manifest, and T. SWANN as the first establisher of the veterinary art, solicits and relies upon the support of that public (which he is ever anxious in serving) to enable him to bring it to perfection. The idea of a subscription for that purpose has been hinted by several gentlemen, who wish to promote the institution—the amount of each subscription to be returned by services in any of the departments he professes, agreeable to the rate of charges stated in his hand bill. Such subscription is now open, and the signatures of many respectable gentlemen already obtained. He therefore informs his friends and such Ladies and gentlemen to whom he has not the honor of being known, that he shall in a few days take the liberty of waiting upon them and soliciting their support and protection.
 N. B. Horses are properly prepared for those Ladies and Gentlemen who wish to be instructed.
