

Dr. Perkins

INFORMS the Citizens of Philadelphia, that he has taken lodgings for a few days, at the Indian Queen, in 4th street.

PATENT METALLIC POINTS.

And will operate gratis for the relief of the poor: the instruments, and the right of using them, are for sale at his lodgings.

Subjoined, are Extracts from a Pamphlet, containing many remarkable cases, attested by characters of the highest respectability.

Extracts from Letters to the Author of the Metallic Discovery. PIERPONT EDWARDS, Esq. District Attorney for the State of Connecticut.

New-Haven, October 7, 1796.

Dear Sir,

I should have written you last week, had I then been able to ascertain certain facts, the rumour of which I had heard. A Mrs. Beers, a near neighbour to me, the wife of Eben Beers, and daughter of captain Samuel Huggins, of this town, had been, for fourteen weeks, exceedingly distressed with the Rheumatism, to such a degree that for fourteen weeks previous to the 29th of last month, she had not been able to walk across the room even with crutches, save only once, when she made out with the assistance of crutches to hobble part of the way across her room.

I am, very respectfully, Your obedient servant,

PIERPONT EDWARDS.

N. B. She says her fever has left her, her appetite has returned, and she is in a fair way to be restored to perfect health.

REV. MR. SPALDING, of Salem.

This may certify, that the subscriber, in his visits among his people, has used Dr. Perkins's metallic points, to relieve pains and inflammations of various kinds, and has succeeded to his astonishment. They have seldom failed to relieve the head-ach, teeth-ach, ague in the face, inflammation in the eyes, cramp, cholick, rheumatism, pains of the breast and sides, piles, scalds and burns—Sometimes there has been a perfect cure from one operation.

JOSHUA SPALDING.

December 5, 1796.

REV. ELHANAN WINCHESTER.

I certify, that on the 21st of March, 1796, I saw Dr. Perkins's method of cure by pointed metallic instruments, tried with success in the poor-house or herring-house in Philadelphia; especially upon a man who was unable to lift his right hand to his head, as was tried beforehand, but who after a few minutes operation, was able to remove it at pleasure; and in my sight, put it with ease on the top of his head and back of his neck, and in all directions.

Nearly the same effect took place upon a woman; and all that I saw tried, professed that their pains ceased after being treated a short time: and several came voluntarily, and in my hearing thanked the Dr. for cures he had performed on them about eight weeks before, in removing pains from them, which they declared had not since returned:—So that from what I saw with my own eyes, and what I have heard, I have great hopes that this method will greatly tend to alleviate the miseries of mankind.

ELHANAN WINCHESTER.

Philadelphia, April 4, 1796.

Extracted from a Providence Paper.

Dr. Perkins's invention for removing pains from the human body, begins to obtain reputation in proportion to its utility and efficacy. The simplicity of the operation was at first an obstacle to its credit; but the flood of evidence in its favor, from actual experiment, is at length too powerful to be resisted.

For Sale,

At the Office of the Editor of the Gazette of the United States,

A FEW COPIES OF

"An account of the Receipts and Expenditures of the United States, for the year 1795."

City of Washington.

SCHEME of the Lottery, No. II, for the improvement of the Federal City.

Table with 3 columns: Description of prizes (dwelling-houses, cash, etc.), Quantity, and Total Value.

16,739 Prizes. 33,261 Blanks. 50,000 Tickets, at Eight Dollars, 400,000

N. B. To favour those who may take a quantity of Tickets, the prize of 40,000 dollars will be the LAST drawn ticket, and the 30,000 the LAST but ONE.

And approved notes, securing payment in either money or prizes, in ten days after drawing, will be received for any number not less than 30 tickets.

This Lottery will afford an elegant specimen of the private buildings to be erected in the City of Washington—Two beautiful designs are already selected for the entire fronts on two of the public squares; from these drawings it is proposed to erect two centre and four corner buildings, as soon as possible after this lottery is sold, and to convey them, when complete, to the fortunate adventurers, in the manner described in the scheme for the Hotel Lottery.

The Drawing will commence as soon as the tickets are sold off.—The money prizes will be payable in thirty days after it is finished; and any prizes for which fortunate numbers are not produced within twelve months after the drawing is closed, are to be considered as given towards the fund for the University; it being determined to settle the whole business in a year from the ending of the drawing, and to take up the bonds given as security.

The real securities given for the payment of the Prizes, are held by the President and two Directors of the Bank of Columbia, and are valued at more than half the amount of the lottery.

The twenty four gentlemen who by appointment of the late Commissioners assisted in the management of the Hotel Lottery are requested to undertake this arduous task a second time on behalf of the public; a tumid number of these having kindly accepted, it is hoped that the funds to a National University and the other federal objects may continue to favor the design.

By accounts received from the different parts of the Continent as well as from Europe, where the tickets have been sent for sale, the public are assured that the drawing will speedily commence, and that the care and caution unavoidably necessary to insure a safe disposal of the tickets, has rendered the suspension indispensable.

SAMUEL BLODGET.

Porcupine's Gazette.

Proposals by WILLIAM COBBETT, opposite Christ Church, Philadelphia, for publishing a news-paper, to be entitled

Porcupine's Gazette, & Daily Advertiser.

Method I hear the reader exclaim: "What! have we not Gazettes enough already?" Yes, and far too many; but those that we have, are, in general, conducted in such a manner that their great number, instead of rendering mine unnecessary, is the only cause that calls for its establishment.

The gazettes in this country have done it more real injury than all its open enemies ever did or can do. They mislead the people at home and misrepresent them abroad. It was these vehicles of fiction and discord that encouraged the counties in the West to rebel; it was they that gave rise to the depredations of Britain, by exciting the people to such acts of violence against that nation, as left no room to doubt that we were determined on war; and it was they, when an accommodation had been happily effected, that stirred up an opposition to it such as has seldom been witnessed, and which was overcome by mere chance.

I shall be told that the people are to blame: that they are not obliged to read these abominable publications. But they do read them; and thousands who read them, read nothing else. To suppose them is impossible; they will vomit forth their poison; it is a privilege of their nature, that no law can abridge; and therefore the only mode left us, to counteract its effects.

The only mode left us, to counteract its effects, is to publish a paper, in their own way. Books, or periodical publications in the form of books, may be of some service, but are by no means a match for their flying folios. A falsehood that remains uncontradicted for a month, begins to be looked upon as a truth, and when the detection at last makes its appearance, it is often as useless as that of the doctor who finds his patient expired. The only method of opposition, then, is to meet them on their own ground; to set foot to foot; to dispute every inch and every hair's breadth; to fight them at their own weapons, and return them two blows for one.

A gazette of this stamp is what I have long wished to see, but I have wished and expedit in vain. Indignation at the impudence of others has at last got the better of all diffidence in my own capacity, and has determined me to encounter the task. People have heard one side long enough; they shall now hear the other.

CONDITIONS. 1. Porcupine's Gazette shall be of the usual size, and the subscription Eight Dollars a year, to be paid at the expiration of each half year.

2. Advertisements will be inserted at half the usual price, which will always be required in ready money.

3. The Centor, containing those pieces from the gazette that may appear worth preserving in a more portable form, with such amplifications and amendments as time may give rise to, shall be published monthly, and each subscriber shall be entitled to a copy, delivered with his paper at the end of the month.

4. If a sufficient number of subscribers be obtained the first number of the Gazette shall appear on, or before the 5th of March.

N. B. A subscription book is now open at my shop, opposite Christ-church, whither gentlemen in the country, who wish to subscribe, are requested to send their names.

Subscriptions are taken at Boston by Mr. James White, bookfeller; at Salem, by Mr. Debeny, post-master; at New-Haven by Mr. Beers, bookfeller; at Newburyport, by Mr. E. Lancaster, Harrisburgh, Carlisle, Shippenburg and Sunbury STAGES.

The public are requested to take notice, that the partnership which has for some time subsisted between Mathias Slough of Lancaster, and William Geer, is now dissolved: but, not as M. Slough insinuates to the public without just cause; as will more fully appear by a letter on the subject from M. Slough to W. Geer, dated the 29th December last, a recital of which is not now deemed necessary. Any gentleman who wishes to be more circumstantially informed of the merits of this business, by applying to W. Geer may have the perusal of M. Slough's letter, and then can be at full liberty to determine whether or not W. Geer is not perfectly justifiable in attaching himself to any other person in the prosecution of the Stage conveyance from Philadelphia to Shippenburg, or any other place.

Now from the liberal and generous support the public were pleased to confer on the first effort in this business, William Geer, in conjunction with Messrs. Reily, Weed and Witmer, is determined to prosecute and carry it on, with every care, attention and dispatch that a zeal to oblige the public can possibly exert.

The above company, who are amply provided with carriages, horses, and every appearance to render the passage safe and commodious, inform those who wish to patronize and encourage the undertaking, that they can take their seats at George Weed's, the sign of the White Horse, Market Street, Philadelphia, on every Monday and Friday, to proceed to Lancaster, Harrisburgh, Carlisle and Shippenburg. The fare as hitherto established.

For the further accommodation of the public, a Stage will start every Wednesday from the house of Samuel Elder, in Harrisburgh, arrive at Sunbury in Northumberland county, every Thursday, and return from thence and arrive at Harrisburgh every Saturday, so that passengers destined for Lancaster or Philadelphia, may proceed on Mondays.

WILLIAM GEER, Lancaster, Jan. 27, 1797.

N. B. This Line of Stages starts from the house of William Ferree, in Lancaster, on every Tuesday and Saturday morning at 6 o'clock, proceeding to the westward; and from the house of Mr. Samuel Elder in Harrisburgh every Wednesday morning, on the same evening arrives at Patrick Cochran's in Shippenburg, and returns from thence on every Thursday: performing the same routine daily as in its tour from Philadelphia.

THE SUBSCRIBER

WISHES to ascertain, whether a certain EDWARD NEVILL, by trade a Stone-Cutter, or Brick-Layer, who quitted Ireland in 1783, or 1784, and came into this Country, (it is supposed to Philadelphia) about four years since, be living or dead. As this intelligence is of the highest importance, it will be thankfully received, by GEO. DAVIS, No. 313, High-street w & f am
