

Lancaster, Harrisburgh, Carlisle, Shippenburg and Sunbury STAGES.

The public are requested to take notice, that the partnership which has for some time subsisted between Mathias Slough of Lancaster, and William Geer, is now dissolved, but, not as Mr. Slough intimates to the public without just cause; as will more fully appear by a letter on the subject from M. Slough to W. Geer, dated the 20th December last, a recital of which is not now deemed necessary. Any gentleman who wishes to be more circumstantially informed of the merits of this business, by applying to W. Geer may have the perusal of M. Slough's letter, and then can be at full liberty to determine whether or not W. Geer is not perfectly justifiable in attaching himself to any other person in the prosecution of the Stage conveyance from Philadelphia to Shippenburg, or any other place.

Now from the liberal and generous support the public were pleased to confer on the first effort in this business, William Geer, in conjunction with Messrs. Reily, Weed and Witmer, is determined to prosecute and carry it on, with every care, attention and dispatch that a zeal to oblige the public can possibly exert.

The above company, who are amply provided with carriages, horses, and every appurtenance to render the passage safe and commodious, inform those who wish to patronize and encourage the undertaking, that they can take their seats at George Weed's, the sign of the White Horse, Market Street, Philadelphia, on every Monday and Friday, to proceed to Lancaster, Harrisburgh, Carlisle and Shippenburg. The fare as hitherto established.

For the further accommodation of the public, a Stage will start every Wednesday from the house of Samuel Elder, in Harrisburgh, arrive at Sunbury in Northumberland county, every Thursday, and return from thence and arrive at Harrisburgh every Saturday, so that passengers destined for Lancaster or Philadelphia, may proceed on Mondays.

WILLIAM GEER.

Lancaster, Jan. 27, 1797.
N. B. This Line of Stages starts from the house of William Ferree, in Lancaster, on every Tuesday and Saturday morning at 6 o'clock, proceeding to the westward; and from the house of Mr. Samuel Elder in Harrisburgh every Wednesday morning, on the same evening arrives at Patrick Cochran's in Shippenburg, and returns from thence on every Thursday; performing the same routine daily as in their tour from Philadelphia. mwf

Riding School, Horse Academy & Infirmary, Adjoining the Public Square, Market Street.

T. SWANN

RETURNS his sincere thanks to those gentlemen by whom he has been employed, during his residence in this City, and flatters himself that the success of his efforts, in the numerous, obdurate and dangerous diseases in Horses, in which he has been consulted, together with his moderate charges, will secure their future favors and recommendation.

He now begs leave to inform them and the public at large that his spacious and commodious premises, erected for the purpose above described are open for the reception of pupils of either sex, who wish to be instructed in the Art of Riding, and the right method of governing their horses, so as to ride them with ease, elegance, and safety—their horses will be carefully and expeditiously broke, for every purpose, and made obedient to him: he will of the riders; the natural powers which are shut up in them, will be unfolded by art, calling forth uniformity of motion, and giving to that noble animal all those beauties of action which providence has so bountifully bestowed on them.

Also, at his hospital, every disorder to which the horse is liable will be treated according to the rules of art, confirmed by long and repeated experience.

The utility of the above institution has never been questioned, that it has long been wanted in this City, every gentleman's stud will manifest, and T. SWANN as the first establisher of the veterinary art, solicits and relies upon the support of that public (which he is ever anxious in serving) to enable him to bring it to perfection. The idea of a subscription for that purpose has been hinted by several gentlemen, who wish to promote the institution—the amount of each subscription to be returned by services in any of the departments he professes, agreeable to the rate of charges stated in his hand bill. Such subscription is now open, and the signatures of many respectable gentlemen already obtained. He therefore informs his friends and such Ladies and gentlemen to whom he has not the honor of being known, that he shall in a few days take the liberty of waiting upon them and soliciting their support and protection.

N. B. Horses are properly prepared for those Ladies and Gentlemen who wish to be instructed. th&tf

Extracts from Letters to the Author of the Metallic Discovery. PIERPONT EDWARDS, Esq. District Attorney for the State of Connecticut. New-Haven, October 7, 1796.

Dear Sir, I should have written you last week, had I then been able to ascertain certain facts, the rumour of which I had heard. A Mrs. Beers, a near neighbour to me, the wife of Eben Beers, and daughter of captain Samuel Haggins, of this town, had been, for fourteen weeks, exceedingly distressed with the Rheumatism, to such a degree that for fourteen weeks previous to the 29th of last month, she had not been able to walk across the room even with crutches, save only once, when she made out with the assistance of crutches to hobble part of the way across her room.

On the 29th of September last, she procured a set of your metallic substances, and in less than an hour after the had begun to use them, in the manner directed by you, the role from her chair, and walked about her house, and on the next day she went abroad to her neighbours, having thrown aside her crutches. I have this day paid her a visit in company with her father, and Timothy Jones, Esq. who lives in the street where she resides and directly opposite to her residence, and with Capt. Abel Burrett, who is her next neighbor, and lives within eight yards of her door. I requested her to relate her case over in their presence, which she did, and these gentlemen all with one voice, supported, from their own knowledge, her story. It is a duty which you owe yourself and the world to promulge this event.

I am, very respectfully, Your obedient servant, PIERPONT EDWARDS.

N. B. She says her fever has left her, her appetite has returned, and she is in a fair way to be restored to perfect health.

Rev. Mr. SPALDING, of Salem. This may certify, that the subscriber, in his visits among his people, has used Dr. Perkins's metallic points, to relieve pains and inflammations of various kinds, and has succeeded to his astonishment. They have seldom failed to relieve the head-ach, tooth-ach, ague in the face, inflammation in the eyes, cramp, cholera, rheumatism, pains of the breast and side, bilis, scalds and burns—Sometimes there has been a perfect cure from one operation. A lad who had been confined three days with high symptoms of a fever, very hot and full of pain, by an operation of the points, designed to relieve his head, his face turned pale and cold, his fever and pain immediately left him, and in a few days he was out of doors; the year before, at the same season, he was taken with the same symptoms, and lay extremely sick forty days. The efficacy of the metallic points has gained great credit in this town.

JOSHUA SPALDING, December 5, 1796.

Rev. ELHANAN WINCHESTER. I certify, that on the 21st of March, 1796, I saw Dr. Perkins's method of cure by pointed metallic instruments, tried with success in the poor-house or bettering-house in Philadelphia: especially upon a man who was unable to lift his right hand to his head, as was tried beforehand, but who after a few minutes operation, was able to remove it at pleasure; and in my night, put it with ease on the top of his head and back of his neck, and in all directions.

Nearly the same effect took place upon a woman; and ALL that I saw treated, professed that their pains ceased after being treated a short time: and several came voluntarily, and in my hearing thanked the Dr. for cures he had performed on them about eight weeks before, in removing pains from them, which they declared had not since returned.—So that from what I saw with my own eyes, and what I have heard, I have great hopes that this method will greatly tend to alleviate the miseries of mankind.

ELHANAN WINCHESTER. Philadelphia, April 4, 1796.

Extract from a Providence Paper. Communication.

Dr. Perkins's invention for removing pains from the human body, begins to obtain reputation in proportion to its utility and efficacy. The simplicity of the operation was at first an obstacle to its credit; but the flood of evidence in its favor, from actual experiment, is at length too powerful to be resisted.
