RETURNS his sincere thanks to those gentlemen by whom he has been employed, during his residence in this City, and flatters himself that the success of his sufforts, in the numerous, obtlinate and dangerous difeases in Horses, in which he has been-consulted, together with his moderate charges, will secure their future favors and recommendation.

He now begs leave to inform them and the public at large that his spacious and commodious premises, erected for the purposes above described are open for the reception of pupils of either sex, who wish to be instructed in the Art of Riding, and the right method of governing their horses, so as to ride them with case elegance, and safety—their horses will be carefully and expeditiously broke, for every purpose, and made obedient to he will of the riders; the natural powers which are shut up in them, will be unfolded by art, calling forth uniformity of motion, and giving to that moble animal all those beauties of action which providence has so bountifully bestowed on them.

Also, at his hospital, every disorder to which the horse is liable will be treated according to the rules of art, confirmed by long and repeated experience.

The utility of the above institution has never been questioned, that it has long been wanted in this city, every gentleman's stud will manifest, and T. Swann as the first establisher of the veterenary art, folicits and relices upon the support of that public (which he is ever anxious in serving) to enable him to bring it to perfection. The idea of a subscription for that purpose has been kinted by several gentleman, who wish to promote the institution—the amount of each subscription to be returned by services in any of the departments he profess, agreeable to the rate of charges stated in his hand bill. THE public are requested to take notice, that the partnership which has for some time substituted between Mathias Slough of Lancaster, and William Geet, is now dissolved: but, not as M. Slough infinuates to the public without just cause; as will more fully appear by a letter on the subject from M. Slough to W. Geer, dated the 29th December last. a recital of which is not now deemed necessary. Any gentleman who wishes to be more circumstantially informed of the merits of this business, by applying to W. Geer may have the perusal of M. Slough's letter, and then can be at full liberty to determine whether or not W. Geer is not perfectly justifiable in attaching himself to any other person in the prosecution of the Stage conveyance from Philadelphia to Shippensurg, or any other place.

Now from the liberal and generous support the public were pleased to conser on the first effort in this business, William Geer, in conjunction with Messer steeling, Weed and Witmer, is determined to prosecute and carry it on, with every oare, attention and dispatch that a zeal to oblige the public can possibly exert.

The above company, who are amply provided with carriages, horses, and every appurtenance to tender the passage fase and commodious, inform those wno wish to patronize and encourage the undertaking, that they can take their seats at George Weed's, the sign of the White Horse, Market Street, Philadelphia, on every Monday and Friday, to proceed to Lancaster, Harrisburg, Carlisse and Shippensburg.
