## THE FOLLOWING VALUABLE

Tracts of Land,  
IN the county of Glynn and state of Georgia, will be sold by public sale, at eight o'clock on the evening of Tuesday the 27th day of June next, at the Merchants Coffee-House in this city, unless previously disposed of by private sale.

18. 7000 acres on St. Simons Sound at the confluence of Frederica and Turtle rivers, adjoining the commons of the town of Brunswick, originally granted to John Howell, and within 6 miles of the Atlantic ocean.

2d. 25,000 acres on the head waters of a branch of the great Satilla, originally granted to Ferdinand O'Neal.

3d. 50,000 acres on the waters of the little Satilla river, and of Bullbee and Alexander Creeks; the great Satilla road passes through these lands, which were originally granted to Ferdinand O'Neal.

4th. 50,000 acres on the great Satilla river, which are also interdicted by a branch of the little Satilla, and were originally granted to Thomas Spalding.

It appears by authentic certificates from Thomas Davis, surveyor, and from Major Hopkins now residing in Philadelphia, that the body of these lands are not thirty miles from the ocean, and principally within tide water; that the Altamaha is navigable for boats and rafts two hundred miles above, and for large vessels within ten miles of them; that they are chiefly first rate pine lands, producing timber equal in quality to any in the state of Georgia, possessing the same advantages of navigation.

The abovementioned certificates, together with the patents, drafts, and other papers respecting the title, which is complete and unincumbered, are in the possession of the subscribers and may be seen by applying to Benjamin R. Morgan, at No. 5, South 4th Street. The terms of payment will be one third cash, the remaining two thirds in good negotiable endor'd notes, payable in three and six months after the sale; a conveyance to be made to each purchaser on the payment of that moiety of the notes received from him which becomes first due.

## Venerable Complaints,

PUNCTUALLY attended to in every stage of that disease, without the use of mercury or restraint of diet, in any safe recent and simple, on application at No. 113, Chestnut-street, opposite the United States bank, or at No. 170, South Water-street, between Spruce and Pine-streets, where he has opened an office for the better accommodation of his patients.

But in Lues Venere confirmed, Doctor Morgan pledges himself, that no system of cure (however specious) can be effectual without mercury, and that all the known rules of practice for these two centuries past, and united experience affirms, that any substitute for it is but nugatory, and any mode of practice to the contrary must be futile and deceptive.

Nevertheless, he undertakes, however complicated the case, to effect a cure without inconvenience or injury to the patient's constitution, and in time not generally experienced or expected.

N. B. Regular attendance at the office in Water-street, from the hour of nine o'clock in the morning until one, and from three o'clock in the evening until seven; but any o'her time at his dwelling house, in Chestnut street.
