Jay's Instructions.
On MONDAY last, was published, By SNOWDEN & MCKORKLE,
No. 47, North Fourth Street,
And to be had of the principal BOOKSELLERS,
No. V,
Of the History of the United States for 1796, &c.
This and the preceding number present the public with a copy of JAY'S INSTRUCTIONS, a performance anxiously concealed by the Executive from the House of Representatives, and the contents of which have excited the most ardent curiosity.
This number likewise contains some singular and authentic papers relative to Mr. Alexander Hamilton, late Secretary of the Treasury. No greater proof can be given of the value which he has attached to their suppression, than the following anecdote.
“During the late canvass for the election of a President, Webster, in his *Minerva*, gave a hint, that Mr. Hamilton would be an advisable candidate. A person in this city, who chanced to see this newspaper, wrote immediately to a correspondent in New-York. The letter desired him to put himself in Mr. Hamilton's way, and inform him, that if Webster should, in future, print a single paragraph on that head, the papers referred to were, instantly, to be laid before the world.
“The message was delivered to Mr. Hamilton, and the *Minerva* became silent.”

Town Lots.
A TOWN named BEULA, one mile square, being laid out on the Blacklick Creek, Somerset County, Pennsylvania, Lots therein of 58 feet by 125 feet are now falling at TEN DOLLARS each; their situation in the town to be determined by ballot before the first of August, and deeds for the same will be delivered by the subscriber before the first of October next.
MORGAN J. RHEES,
No. 77, South Second-street, Philadelphia.
The purchasers of lots in Beula have the following prospects of appreciating their property:
1. It is remote from any other town, and surrounded by great bodies of excellent land, capable of producing every kind of grain and vegetables, and is without doubt one of the best grazing countries in the United States.
2. In point of health the situation is not exceeded by any on the continent.
3. Besides numerous springs and fens, of the finest quality, there is a creek for water works (on which mills are now building) running through the town.
4. The public road from Philadelphia to Pittsburgh will go through it, which being more level and nearer than any other route, must become universally travelled; aided by the navigation of Juniata and Conemaugh, goods may be conveyed at least 2 or 3 dollars per twt. cheaper from the former to the latter place, than by the old road thro' Bedford.
5. Being in the centre of a flourishing settlement, and taking in the fertile bottom between the eastern and western waters, it is likely to become a depot for flours, a manufacturing town, and a seat of justice. Besides the old settlers, upwards of one hundred emigrants have settled in the vicinity of Beula, since last October, and many more have engaged to join them this summer.
6. A Land-Office for supplying actual settlers with farms to a considerable amount, and in various situations, will be immediately opened in the town. The proprietors of land in the circumference country are solicited to send their drafts and terms of sale, or leasing, to THOMAS JONES, Surveyor, in Beula, who will give security for any tract reposed in him: with such co-operating aid, the progress of the settlement will be the more rapidly advanced and extended to distant townships.
7. A public library for the benefit of the settlers, will be established in the town, towards laying the foundation of which, upwards of one thousand volumes are already purchased and principally sent forward.
8. Two hundred acres of land adjoining the town, besides lots and subscriptions, will be applied to support a minister and preceptor, capable of teaching the useful and liberal arts.
9. After defraying necessary expenses, the money arising from the present sale will be laid out in public buildings—A place of worship, school house and library room, are the first objects.
10. Every professional man and mechanic, on condition of building a house with a stone or brick chimney, and residing in it, before the first of November next, will be entitled to four lots GRATIS, free forever from ground rent. Five and ten-acre lots may likewise be obtained on reasonable terms.
* * The two central streets in Beula are 100 feet wide, and the others 80 feet. Reserved squares and other accommodations must add to the health and beauty of the place.
July 6. d3t

THE FOLLOWING VALUABLE Tracts of Land,
IN the county of Glynn and state of Georgia, will be sold by public sale, at eight o'clock on the evening of Tuesday the 27th day of June next, at the Merchants Coffee-House in this city, unless previously disposed of by private sale.
1st. 7000 acres on St. Simons Sound at the confluence of Frederica and Turtle rivers, adjoining the commons of the town of Brunswick, originally granted to John Howell, and within 6 miles of the Atlantic ocean.
2d. 25,000 acres on the head waters of a branch of the great Satilla, originally granted to Ferdinand O'Neal.
3d. 50,000 acres on the waters of the little Satilla river, and of Buffaloe and Alexanders Creeks; the great Satilla road passes through these lands, which were originally granted to Ferdinand O'Neal.
4th. 50,000 acres on the great Satilla river, which are also intersected by a branch of the little Satilla, and were originally granted to Thomas Spalding.
It appears by authentic certificates from Thomas Davis, surveyor, and from Major Hopkins now residing in Philadelphia, that the body of these lands are not thirty miles from the ocean, and principally within tide water; that the Alatomaha is navigable for boats and rafts two hundred miles above, and for large vessels within ten miles of them; that they are chiefly first rate pine lands, producing timber equal in quality to any in the state of Georgia, possessing the same advantages of navigation. The abovementioned certificates, together with the patents, drafts, and other papers respecting the title, which is complete and unincumbered, are in the possession of the subscribers and may be seen by applying to Benjamin R. Morgan, at No. 41 Mulberry Street. The terms of payment will be one third cash, the remaining two thirds in good negotiable endor'd notes, payable in three and six months after the sale; a conveyance to be made to each purchaser on the payment of that moiety of the notes received from him which becomes first due.
