The sublime Theory of the celebrated
Franklin realized.

MR. MAISON, desirous to show his gratitude
to the respectable Companies who do him
the honor to be present every evening at the Philo-
sophical and Mechanical Experiments, executed by
three artificial persons, informs the lovers of arts
and sciences, that THIS EVENING, the 7th inst.
there will be a surprising addition to the Philo-
sophical Experiments, which are to be executed by
the artificial Lady: after having fired the Cannon
de Volta, melted metals through means of her in-
flamed breast, &c. &c. she will direct the electric
fire on a building, which, being provided with a
pointed conductor, will remain perfectly safe, but
having applied a metallic ball to the point, a second
stroke of the electric fire will fall on the same, and
destroy it instantaneously.

This discovery alone is sufficient to insure to the
celebrated Franklin an undoubted right to the gra-
titude of the public: it is in the country of this
great man that an European Philosopher (who al-
ready at Paris obtained marks of his esteem) will
repeat this beautiful experiment, before his worthy
fellow citizens, in order to celebrate and honor the
memory of its author.

These experiments will continue every Monday,
Wednesday, and Friday evenings, at 8 o'clock pre-
cisely, in the dancing-room of Mr. McDougall,
in Fourth-street, between Chestnut and Walnut-
streets, and will be varied and augmented.
Entrance half a dollar.—Children, one quarter of
a dollar.

tisement is mentioned—All persons are hereby

The Commissioners

FOR carrying into effect the sixth article of the
Treaty of Amity, Commerce and Navigation, con-
cluded between his Britannic Majesty and the United
States of America, the 19th day of November,
1794, having this day continued their Board,
pursuant and agreeably to the said Treaty, do hereby
give notice, that they are ready to proceed to
business accordingly; and they desire that all claims
under the said article (which is so far as the same
describes the cases thereby provided for, is hereto
annexed) may be lodged with their Secretary with-
out delay.

They further desire that all such claims may not
only state in what manner the several cases come
within the description of the said article, but also
specially set forth the nature of the evidence by
which the claimants respectively undertake to sub-
stantiate the same.

Extract from the said article,
"Whereas it is alleged by divers British mer-
chants, and others his Majesty's subjects, that
debts to a considerable amount, which were bona
fide contracted, before the peace, still remain
owing to them by citizens or inhabitants of the
United States; and that by the operation of vari-
ous laws and impediments since the peace, not
only the full recovery of the said debts has been
delayed, but also the value and security thereof
have been in several instances impaired and less-
ened, so that by the ordinary course of judicial
proceedings, the British creditors cannot now
obtain and actually have and receive full and
adequate compensation for the losses and dam-
ages which they have thereby sustained: It is a-
greed that in all such cases where full compensa-
tion for such losses and damages cannot for what-
ever reason be actually obtained, had and reciev-
ed by the said creditors in the ordinary course
of justice, the United States will make full and
complete compensation for the same to the said
creditors: but it is distinctly understood, that
this provision is to extend to such losses only as
have been occasioned by the lawful impediments
aforesaid, and is not to extend to losses occasion-
ed by such insolvency of the debtors or other
causes, as would equally have operated to pro-
duce such losses, if the said impediments had not
existed; nor to such losses or damages as have
been occasioned by the manifest delay, or negli-
gence, or willful omission of the claimant."

By order of the Board,
GRIFFITH EVANS,
Secretary.
Philadelphia, Commissioners' Office,
No. 3 South Sixth-street, May 29,
1797. dtf

THE SUBSCRIBER has been appointed by
the Envoy Extraordinary and Minister Plen-
ipotentiary of his Britannic Majesty, General Agent
for settling British creditors, and such particular
agents as they may specially authorize, in prosecu-
ting their claims before the Commissioners for carrying in-
to effect the sixth article of the Treaty of Amity, Com-
merce and Navigation between his Britannic Majesty and
the United States of America, hereby gives notice that
he has opened his office at his house the fourth east
corner of Chestnut and fifth streets, Philadelphia,
where he is ready to receive all claims or instructions
for claims with vouchers and documents thereof,
for the purpose of bringing forward the same agree-
ably to the rules and orders which the board may
think proper to prescribe.

And as it will be for the interest of all concerned,
that the several claims be filed, and supported,
as to prevent the delay which would arise from
the necessity of obtaining further information, or ad-
ditional materials, from persons residing at a distance,
the general agent thinks it his duty to add, (for
the direction chiefly of those, who, not having employ-
ed particular agents, may leave the prosecution of
their claims to his charge and management) that all
such claims ought in particular to set forth—
1st. The proper description and situation of the
creditor or claimant, and original debtor, respecti-
vely.
2d. The date and nature of the original contract or
debt.
3d. When, in what manner, and to what extent,
the creditor or claimant was prevented or impeded,
by the provision, operation or defect of law, the
decisions and practice of courts, or restraint of execu-
tion, from recovering, payment of the debt in
question.
4th. The loss and damage incurred or sustained,
in consequence of such impediments, whether the
same may have arisen from the insolvency, change of
situation, or death of the debtor, the loss of legal
remedy from lapse of time, or other causes impairing
the value and security of the debt, which would not
have operated if such impediments had not existed.
And 5th. The particular grounds and reasons on
which the claimant maintains, in the terms of the
Treaty, that "by the ordinary course of judicial pro-
ceedings, the creditor cannot now obtain and actually
have and receive full and adequate compensation" for
the losses and damages so sustained.

The general agent thinks it his duty further to sug-
gest, that the several claims ought to be accompanied
and supported by the affidavits of the claimants duly
sworn and regularly attested, both as to the existence
of the debts claimed, and such other circumstances
as may be within their own knowledge respectively.
And wherever the claimants in stating the nature of
their evidence (which must in every instance be the
best of which the case is capable) have occasion to
refer to the testimony of witnesses, it will be proper
to apprise the general agent of the names and places
of residence of such witnesses and the facts to be estab-
lished by their testimony.

PURSUANT to an Order from the Orphans' Court,
I will, at Public Sale, at
Granberry, on Wednesday, the 23d day of August next, at
11 o'clock A. M., all that valuable REAL ESTATE,
late belonging to the Rev. Gilbert T. Snowden, Assessor,
lying inland near Cranberry, in the county of Middlesex,
township of South Brunswick, state of New Jersey, up-
on the lower stage road leading from Philadelphia to New
York. A very elegant farmhouse in a beautiful and
healthy situation, palatial culture, with Pension windows
fronting, thirty feet front and thirty eight feet deep, two
rooms with a handsome hall or entry on the first floor,
three rooms on the second floor and two well-finished gar-
rets. In the rear of the house is an excellent two-story
building 37 feet by 19, consisting of a dining-room for
work people, spacious parlour and a large kitchen, with
every convenience, and over these are three chambers for
servants. To the right is an additional building 18 feet
front by 19 feet deep, consisting of a chamber below and a
library above—and on the whole are very fine cellars paved
with brick and conveniently partitioned. The house is en-
tirely new, built in a modern style, and completely and ac-
cordingly finished. Every room is hung with blue silk
lead both to the kitchen and the servants' apartments: there
is a pump of good water in the yard; and a fine and
brisk pavement round the whole house, which is enclo-
sed with a handsome railing, with three gates in front.
The farm consists of one hundred and fifty seven acres
with a proportion of woodland and meadows, under excel-
lent fence; a garden with pale fence; a large barn, excel-
lent mill, carriage-house, cow-house, &c., all new, and built
in the best manner, with two Orchards, one of 60 full
grown trees, the other is young and thriving, consisting of
200 well grafted fruit trees.

Nearly adjoining said farm is a lot of Woodland,
of the best quality, containing 37 acres. Also a tract of
land within seven miles of Cranberry, and 1 of the best
roads, containing one hundred and fifty acres, three-fourths
meadow and the rest excellent timber.

This Tract will be sold in lots on Thursday, the 24th
day of August following, at 11 o'clock A. M., on the
premises if the weather permits, if not at the house of
Mr. W. Moore, City Clerk.

For further particulars enquire of Nathaniel Lewis & Son,
Cranberry, of Mr. Isaac Snowden, Jun. No. 121 South
Second Street, Philadelphia, or of Mr. Charles Snowden
Tontine Coffee-House, New York, or of the subscribers.

ISAAC SNOWDEN, Princeton } Administrators

N. B. The sale of the above property was advertised
for the 14th inst. but the Administrators were not able
to get the two separate Tracts laid out into Lots, and other
matters arranged, on account of the indisposition of one of
them, it was therefore adjourned to the day above mention-
ed.

Town Lots.
A TOWN named BEULA, one mile square,
being laid out on the Blacklick Creek, Som-
erset County, Pennsylvania, Lots therein of 58 feet
by 125 feet are now selling at TEN DOLLARS each;
their situation in the town to be determined by
ballot before the first of August, and deeds for the
same will be delivered by the subscriber before the
first of October next.

MORGAN J. RHEES,
No. 177, South Second-street, Philadelphia.

The purchasers of lots in BEULA have the following
prospects of appreciating their property:
1. It is remote from any other town, and sur-
rounded by great bodies of excellent land, capable
of producing every kind of grain and vegetables,
and is without doubt one of the best grazing coun-
tries in the United States.
2. In point of health the situation is not exceed-
ed by any on the continent.
3. Besides numerous springs and runs, of the finest
quality, there is a creek for water works (on
which mills are now building) running through the
town.
4. The public road from Philadelphia to Pitts-
burgh will go through it, which being more level
and nearer than any other route, will become uni-
versally travelled: aided by the navigation of Ju-
niata and Conemaugh, goods may be conveyed at
least 2 or 3 dollars per cwt. cheaper from the for-
mer to the latter place, than by the old road thro'
Bedford.

5. Being in the centre of a flourishing settle-
ment, and taking in the shortest portage between
the eastern and western waters, it is likely to be-
come a depot for stores, a manufacturing town,
and a seat of justice. Besides the old settlers, up-
wards of one hundred emigrants have settled in the
vicinity of Beula, since last October, and many
more have engaged to join them this summer.

6. A Land-Office for supplying actual settlers
with farms to a considerable amount, and in vari-
ous situations, will be immediately opened in the
town. The proprietors of land in the circumjacent
country are solicited to send their drafts and
terms of sale, or lending, to THOMAS JONES, Sur-
veyor, in Beula, who will give security for any
trust reposed in him: with such co-operating aid,
the prospects of the settlement will be the more
rapidly advanced and extended to distant townships.

7. A public library for the benefit of the settlers,
will be established in the town, towards laying the
foundation of which, upwards of one thousand
volumes are already purchased and principally sent
forward.

8. Two hundred acres of land adjoining the
town, besides lots and subscriptions, will be applied
to support a monitor and preceptor, capable of
teaching the useful and liberal arts.

9. After defraying necessary expenses, the mone-
y arising from the present sales will be laid out in
public buildings—A place of worship, school
house and library room, are the first objects.

10. Every professional man and mechanic, on
condition of building a house with a stone or brick
chimney, and residing in it, before the first of No-
vember next, will be entitled to four lots GRATIS,
free forever from ground rent. Five and ten acre
lots may likewise be obtained on reasonable
terms.

* * * The two central streets in Beula are 100
feet wide, and the others 80 feet. Reserved squares
and other accommodations must add to the health
and beauty of the place.
