Health-Office, Philadelphia, 7th June, 1797.
THE Board of Health offer to rent out the NEW CITY HOSPITAL, usually called The *Wagon*.
It may be occupied as a Tavern, for which there are excellent accommodations. The person taking it must be capable and willing to act in the capacity of a Steward; in a case a contagious disease in the city, should at any time render it necessary to make use of the premises as a Hospital. It cannot therefore be let for any limited time—and the red painted frame building is to be reserved. Proposals in writing will be received at this office, stating what rent will be allowed under the foregoing circumstances. None need apply without being able to produce the best recommendations.

THE FOLLOWING VALUABLE Tracts of Land,
IN the county of Glynn and State of Georgia, will be sold by public sale, at eight o'clock on the evening of Tuesday the 27th day of June next, at the Merchants Coffee-House in this city, unless previously disposed of by private sale.
1st. 7000 acres on St. Simons Sound at the confluence of Frederica and Turtle rivers, adjoining the commons of the town of Brunswick, originally granted to John Howell, and within 6 miles of the Atlantic ocean.
2d. 25,000 acres on the head waters of a branch of the great Satilla, originally granted to Ferdinand O'Neal.
3d. 50,000 acres on the waters of the little Satilla river, and of Buffalo and Alexander Creeks; the great Satilla road passes through these lands, which were originally granted to Ferdinand O'Neal.
4th. 50,000 acres on the great Satilla river, which are also intersected by a branch of the little Satilla, and were originally granted to Thomas Spalding.
It appears by authentic certificates from Thomas Davis, surveyor, and from Major Hopkins now residing in Philadelphia, that the body of these lands are not thirty miles from the ocean, and principally within tide water; that the Altamaha is navigable for boats and rafts two hundred miles above, and for large vessels within ten miles of them; that they are chiefly first rate pine lands, producing timber equal in quality to any in the State of Georgia, possessing the same advantages of navigation. The abovementioned certificates, together with the patents, drafts, and other papers respecting the title, which is complete and unincumbered, are in the possession of the subscribers and may be seen by applying to Benjamin R. Morgan, at No. 41 Mulberry Street. The terms of payment will be one third cash, the remaining two thirds in good negotiable endorser's notes, payable in three and six months after the sale; a conveyance to be made to each purchaser on the payment of that moiety of the notes received from him which becomes first due.
THOMAS FITZSIMONS,
JEREMIAH PARKER,
BENJAMIN R. MORGAN.

The Commissioners
FOR carrying into effect the sixth article of the treaty of amity, commerce and navigation, concluded between his Britannic Majesty and the United States of America, on the 19th day of November, 1794, having this day constituted their Board, pursuant and agreeably to the said treaty, do hereby give notice, that they are ready to proceed to business accordingly; and they desire that all claims under the said treaty (which so far as the same defines the cases thereby provided for, it hereto annexed) may be lodged with their Secretary without delay.
They further desire that all such claims may not only state in what manner the several cases come within the description of the said article, but also specify in detail the nature of the evidence by which the claimants respectively undertake to substantiate the same.
Extract from the said article,
"Whereas it is alleged by divers British merchants, and others his Majesty's subjects, that debts to a considerable amount, which were bona fide contracted, before the peace, still remain owing to them by citizens or subjects of the United States; and that by the operation of various laws and impediments, since the peace, not only the full recovery of the said debts has been delayed, but also the value and security thereof have been in several instances impaired and lessened, so that by the ordinary course of judicial proceedings, the British creditors cannot now obtain and actually have received full and adequate compensation for the losses and damages which they have thereby sustained: It is agreed that in all such cases where full compensation for such losses and damages cannot for whatever reason be actually obtained, had and received by the said creditors in the ordinary course of justice, the United States will make full and complete compensation for the same to the said creditors: but it is distinctly understood, that this provision is to extend to such losses only as have been occasioned by the lawful impediments aforesaid, and is not to extend to losses occasioned by the insolvency of the debtors or other causes; and also to such losses as have not been occasioned by the manifest delay, or negligence, or willful omission of the claimant."
By order of the Board,
GRIFFITH EVANS,
Secretary,
Philadelphia, Commissioners' Office,
No. 3 fourth Sixth-street, May 29, 1797. 16—5tm

THE SUBSCRIBER having been appointed by the Envoy Extraordinary and Minister Plenipotentiary of his Britannic Majesty, General Agent for settling British creditors, and such particular agents as they may specially authorize, in prosecuting their claims before the commissioners for carrying into effect the sixth article of the Treaty of Amity, Commerce and Navigation between his Britannic Majesty and the United States of America, hereby gives notice that he has opened his office at his house the fourth east corner of Chestnut and fifth streets, Philadelphia, where he is ready to receive all claims or instructions for claims with the vouchers and documents thereof, for the purpose of bringing forward the same agreeably to the rules and orders which the board may think proper to prescribe.
And as it will be for the interest of all concerned, that the several claims be so stated, and supported, as to prevent the delay which would arise from the necessity of obtaining further information, or additional materials, from persons residing at a distance, the general agent thinks it his duty to add, (for the direction chiefly of those who, not having employed particular agents, may leave the prosecution of their claims to his charge and management) that all such claims ought in particular to set forth—
1st. The proper description and situation of the creditor or claimant, and original debtor, respectively.
2d. The date and nature of the original contract or debt.
3d. When, in what manner and to what extent, the creditor or claimant was prevented or impeded, by the provision, operation or defect of law, the decisions and practice of courts, or restraint of execution, from recovering payment of the debt in question.
4th. The loss and damage incurred or sustained, in consequence of such impediments, whether the same may have arisen from the insolvency, change of situation, or death of the debtor, the loss of legal remedy from lapse of time, or other causes impairing the value and security of the debt, which would not have operated if such impediments had not existed.
5th. The particular grounds and reasons on which the claimant maintains, in the terms of the treaty, that "by the ordinary course of judicial proceedings, the creditor cannot now obtain and actually have received full and adequate compensation" for the losses and damages so sustained.
The general agent thinks it his duty further to suggest that the several claims ought to be accompanied and supported by the affidavits of the claimants duly sworn and regularly attested, both as to the existence of the debts claimed, and such other circumstances as may be within their own knowledge respectively. And wherever the claimants in stating the nature of their evidence (which must in every instance be the best of which the case is capable) have occasion to refer to the testimony of witnesses, it will be proper to apprise the general agent of the names and places of residence of such witnesses and the facts to be established by their testimony.
Wm. Moore Smith.

Town Lots.
A TOWN named BEULA, one mile square, being laid out on the Blacklick Creek, Somerset County, Pennsylvania, Lots therein of 58 feet by 125 feet are now selling at TEN DOLLARS each; their situation in the town to be determined by ballot before the first of August, and deeds for the same will be delivered by the subscriber before the first of October next.
MORGAN J. RHEES,
No. 177, South Second-street, Philadelphia.
The purchasers of lots in BEULA have the following prospects of appreciating their property:
1. It is remote from any other town, and surrounded by great bodies of excellent land, capable of producing every kind of grain and vegetables, and is without doubt one of the best grazing countries in the United States.
2. In point of health the situation is not exceeded by any on the continent.
3. Besides numerous springs and runs, of the finest quality, there is a creek for water works (on which mills are now building) running through the town.
4. The public road from Philadelphia to Pittsburg will go through it, which being more level and nearer than any other route, must become universally travelled: aided by the navigation of Juniata and Conemaugh, goods may be conveyed at least 2 or 3 dollars per cwt. cheaper from the former to the latter place, than by the old road through Bedford.
5. Being in the centre of a flourishing settlement, and taking in the shortest portage between the eastern and western waters, it is likely to become a depot for furs, a manufacturing town, and a seat of justice. Besides the old settlers, upwards of one hundred emigrants have settled in the vicinity of Beula, since last October, and many more have engaged to join them this summer.
6. A Land-Office for supplying actual settlers with farms to a considerable amount, and in various situations, will be immediately opened in the town. The proprietors of land in the circumjacent country are solicited to send their drafts and terms of sale, or leaving to Thomas Jones, Surveyor, in Beula, who will give security for any tract reposed in him: with such co-operating aid, the progress of the settlement will be the more rapidly advanced and extended to distant townships.
7. A public library for the benefit of the settlers, will be established in the town, towards laying the foundation of which, upwards of one thousand volumes are already purchased and principally sent forward.
8. Two hundred acres of land adjoining the town, besides lots and subscriptions, will be applied to support a minister and preceptor, capable of teaching the useful and liberal arts.
9. After defraying necessary expenses, the money arising from the present sales will be laid out in public buildings—A place of worship, school house and library room, are the first objects.
10. Every professional man and mechanic, on condition of building a house with a stone or brick chimney, and residing in it, before the first of November next, will be entitled to four lots GRATIS, free forever from ground rent. Five and ten acre lots may likewise be obtained on reasonable terms.
11. The two central streets in Beula are 100 feet wide, and the others 80 feet. Reserved squares and other accommodations must add to the health and beauty of the place.
