CAUTION.

WHEREAS a combination of men in this relives, by fabricating titles to fundry valuable tracks of land, the property of gentlemen living in New York, Philadelphia, London and Paris, for which tracks of land large fums of money have been paid to those fraudulent men, by innocent prichasers. It is therefore just that public information should be given, to the end, that the injured may seek redites while the men have property, and are to be sound. Those who have been discovered are Truman Harrison, Joseph Witcomb, faid now to reside in the county of Saratoga; Thomas Kelly and several others who go under fictions names. It is supposed that the lands offered for sale on those fabricated titles, are at least worth fifty thousand dollars. Such as we have actual knowledge of are as sollows: Lots No. 11 and 12, Otseyo patent, thousand acres each, the actual property of William Delwyn, new of London; lots No. 53 and 64, same patent, thousand acres each, the property of Mr. Chaumont, now of Paris, and James Avenill and others, of this State. There is some grounds to suppose that the lands of Richard Wells and Charles Wharton, of Philadelphia, are under their management.—The Printers will do well to give this a place in their papers, as well to caution the public against purchasing those lands, as also to deprive those men in future from imposing on individuals, which their education and address have enabled them to do heretofore.
