THIS Stage starts from the GEORGE Tavern, at the corner of Second and Arch Streets, in Philadelphia, every Tuesday, Thursday, and Saturday, at 3 o'clock, in the morning; arrives at Dover the first day, at Snowhill the second day, at Northampton Court House the third day, and in the morning of the fourth day the passengers find a safe and comfortable packet to convey them to Norfolk.

A packet leaves Norfolk for Northampton ferry, every Tuesday, Thursday and Saturday, and the Stage starts from this ferry for Philadelphia, every Monday, Wednesday and Friday; starts up at Snow Hill the first night, at Dover the 2d night, and arrives in Philadelphia in the evening of the third day. The distance on this route, between Philadelphia and Norfolk, is 80 miles less than on any stage route between those places.

At the Federal Blast Furnace,

In Carcase—for Slitting, Platting, and Rolling MILLS. SEYMOUR'S Patent Rollers. THESE Superiority consists in being free from holes and honey-combed places, which are commonly found in rollers cast in sand, or clay moulds. These patent rollers are cast in iron moulds, previously heated, and will be found to be more dense, solid and durable than any rollers heretofore used. Another important advantage they have over others, is that the necks require no turning, but are immediately fit for use, and from their accuracy, run with less friction, and require less water to make them perform their service. They may be had by application to the Patentee in Plymouth, of Gen. Nathaniel Gouldwin, or of Messrs. Thatcher and Hayward. Boston, Aug. 31. Sept. 19.—56t.

AMIDST the tide of modern Romances,

painting tales of extraordinary distress, or of desperate or artful villainy, which "harrow up the soul," and which it would be for the honor of young ladies to be ignorant of, this little book comes forward to solicit notice, where in a variety of incidents, not exceeding the bounds of real life, the proper, beautiful and natural dignity and importance of the Female character is exhibited in an interesting point of view, and presents examples of real and attainable excellence. The publisher was so much pleased with the perusal, that he was persuaded he should do a pleasing service to the community by sending it in circulation. August 24.—mw4w

To Masters and Pilots bringing up Vessels from Foreign Ports to this City.

Whereas sundry infringements have lately been made on the laws of this state for the preventing venereal or infectious diseases, either from ignorance or inattention thereto, it is the expedient at this time to publish the following extracts from the laws of 22d April, 1794, 7th and 8th sections. June 6th, 1794. Extract of an act for securing the city and port of Philadelphia from the introduction of venereal and contagious diseases. Sect. 7. And be it further enacted, that every master or captain of any ship or vessel coming from sea (vessels actually employed in the coasting trade excepted) and bound to any port or place within the jurisdiction of Pennsylvania, shall cause his ship or vessel to be brought to anchor, or otherwise stayed in the stream of the river Delaware, opposite to the Health-Office on State-Island aforesaid, and there to remain until he shall have duly obtained a certificate or bill of health from the Resident Physician. And if, previously to obtaining such certificate or bill of health, any master or captain shall suffer his ship or vessel to approach nearer than the said Health-Office to the city of Philadelphia, or shall land, cause or suffer to be landed, or brought on shore, at any place or port within this Commonwealth, or at any other port or place, with the intent of being conveyed into this Commonwealth, any person or persons, or any goods, wares or merchandise, or, if after receiving such bill of health or certificate, he shall neglect or refuse to deliver the same to the Health-Office, such master or captain shall forfeit and pay, for each and every such offence, the sum of FIVE HUNDRED DOLLARS.

And the captain or master of every ship or vessel shall send a safe and commodious boat to bring the physician on board, and shall in like manner convey him back to the Health-Office, after he has concluded his official examination; and while he is making such examination, or in case any subsequent examination by the Health Officer or Consulting Physician, agreeably to the directions of this act, the master or captain shall expose or cause to be exposed to the search of the Resident Physician, or of the Health Officer and Consulting Physician (as the case may be) each and every part of the ship or vessel, and shall present to his view each and every person or persons on board thereof, and shall also true and satisfactory answers make to all such questions as the Resident Physician, &c. at the time of examination shall ask relative to the health of any port or place from which the ship or vessel sailed, or has since touched at—the number of persons on board when the ship or vessel entered on her voyage—the number of persons that have since been landed or taken on board, and when and where respectively—what persons on board—if they have been during the voyage, or shall, at the time of examination, be infected with any venereal or contagious disease—and what is the present state and condition of the persons on board with respect to their health or diseases. And if any master or captain shall refuse to expose as aforesaid, to the search of any of the officers aforesaid, or if he shall conceal any sick person, or in any other manner disobey the proper officers aforesaid in his answers, such captain or master, for every such offence, shall forfeit and pay the sum of FIVE HUNDRED DOLLARS.

Sect. 8. And if any person or persons whatsoever (the Resident Physician, &c. excepted) shall go on board any vessel, before the master thereof has received a certificate of health in the manner directed, every person so offending, shall pay the sum of ONE HUNDRED DOLLARS.

If being absolutely necessary that the foregoing sections should be punctually complied with, the subscriber, in compliance with his duty, must exact a rigorous observance of the same, or else be under the necessity of putting the laws in force.
