The Norfolk Mail STAGE.

THIS Stage starts from the GEORGE Tavern, at the corner of Second and Arch Streets, in Philadelphia, every Tuesday, Thursday, and Saturday, at 3 o'clock; in the morning; arrives at Dover the first day, at Snowhill the second day, at Northampton Court House the third day, and on the morning of the fourth day the passengers find a safe and comfortable packet to convey them to Norfolk.

A packet leaves Norfolk for Northampton ferry, every Tuesday, Thursday and Saturday, and the Stage starts from this ferry for Philadelphia, every Monday, Wednesday and Friday; puts up at Snow Hill the first night, at Dover the 2d night, and arrives in Philadelphia in the evening of the third day.

The distance on this route, between Philadelphia and Norfolk, is 80 miles less than on any stage route between those places. Too much cannot be said in favor of the road, which is most excellent indeed. The proprietors willingly engage to return the whole fare to any passenger, who, after having performed this route, will say that he ever travelled in a stage for the same distance, for good a road in America. In Carver—for Slitting, Plating, and Rolling MILLS. SEYMOUR'S Patent Rollers. These patent rollers are cast in iron moulds, previously heated, and will be found to be more durable, solid and durable than any rollers heretofore used. Another important advantage they have over others, is, that the necks require no turning; but are immediately fit for use, and from their accuracy, run with less friction, and require less water to make them perform their work.
