Lancaster, Harrisburgh Carlisle,  
Shippensburg and Sunbury  
STAGES.  
THE public are requested to take notice, that  
the partnership which has for some time subs-  
isted between Mathias Slough of Lancaster and  
William Geer, is now dissolved; but, not as M.  
Slough infirmates to the public without just cause;  
as will more fully appear by a letter on the sub-  
ject from M. Slough to W. Geer, dated the 20th  
December last, a recital of which is not now deemed  
necessary. Any gentleman who wishes to be  
more circumspectly informed of the merits of  
this business, by applying to W. Geer may have  
the perusal of M. Slough's letter, and then can be  
at full liberty to determine whether or not W.  
Geer is not perfectly justifiable in attaching him-  
self to any other person in the prosecution of the  
Stage conveyance from Philadelphia to Shippen-  
sburg, or any other place.  
Now from the liberal and generous support  
the public were pleased to confer on the first effort  
in this business, William Geer, in conjunction with  
Messrs. Reily, Weed and Wintner, is determined  
to prosecute and carry it on, with every care,  
attention and dispatch that a zeal to oblige the public  
can possibly exert.  
The above company, who are amply provided  
with carriages, horses, and every appearance to  
render the passage safe and commodious, inform  
those who wish to patronize and encourage the  
undertaking, that they can take their seats at  
George Weed's, the sign of the White Horse,  
Market Street, Philadelphia, on every Monday  
and Friday, to proceed to Lancaster, Harrisburgh,  
Carlisle and Shippensburg. The fare as hitherto  
established.  
For the further accommodation of the public,  
a Stage will start every Wednesday from the house  
of Samuel Elder, in Harrisburgh, arrive at Sun-  
bury in Northumberland county, every Thursday,  
and return from thence and arrive at Harrisburgh  
every Saturday, so that passengers destined for  
Lancaster or Philadelphia, may proceed on Mon-  
days.  
WILLIAM GEER.  
Lancaster, Jan. 27, 1797.

N. B. This Line of Stages starts from the  
house of William Ferris, in Lancaster, on every  
Tuesday and Saturday morning at 6 o'clock, pro-  
ceeding to the westward; and from the house of  
Mr. Samuel Elder in Harrisburgh every Wednes-  
day morning, on the same evening arrives at Pa-  
trick Cochran's in Shippensburg, and returns  
from thence on every Thursday; performing the  
same routine daily as in its tour from Philadel-  
phia.

This Lottery will afford an elegant specimen of  
the private building, to be erected in the City of  
Washington—Two beautiful designs are already  
selected for the entire fronts on two of the public  
squares; from these drawings it is proposed to erect  
two centreal 'four corner buildings, as soon as pos-  
sible after this lottery is sold, and to convey them,  
when complete, to the fortunate adventurers, in  
the manner described in the scheme for the Hotel  
Lottery. A net deduction of five per cent. will  
be made to defray the necessary expenses of print-  
ing, &c. and the surplus will be made a part of  
the fund intended for the National University, to

The printers in the United States are requested  
to insert the following observations in their  
papers, by which the public will be served,  
as well as their obedient servants.  
B. LINCOLN, Superintendent of  
Light-Houses, State of Massachusetts.

BY order of the United States, a Light House  
has been erected at the Clay Ponds, on Cape  
Cod; the lamps in which are to be lighted on  
the 15th inst. The light house is erected on  
land elevated about 150 feet, which with the e-  
levation of the Lantern makes the whole height  
200 feet above high water mark. In order that  
this Light may be distinguished from the Boston  
and other Lights on our coast, an Eclipse is e-  
rected, which will revolve around the Lamps  
once in 30 seconds so that the light will be nearly  
excluded from the eye of the approaching mariner  
about thirty seconds, in one revolution  
of the eclipse. To render the benevolent  
designs of Congress as extensively useful as pos-  
sible, the Marine Society in Boston, by a large  
Committee from their body, whose views have  
been seconded by others, have taken such dis-  
tances and bearings as they thought necessary;  
which observations giving light and safety are  
added for the benefit of all interested—and are  
as follows—  
Vessels outward bound, from Boston Light-  
house, and would wish to fall in with Cape-Cod  
the course is E. S. E. distance 15 leagues, thence  
3 leagues to the Light house. When up with  
the Light-house and it bears S W 2 leagues dis-  
tance, you then steer S E which will carry you  
out of the south channel.  
Vessels inward bound, and fall in with the  
back of Cape-Cod, bring the Light to bear SW  
2 leagues distance, then you may steer WNW  
for Boston Light-House.

If you would wish to go into Cape Cod  
harbor, you may keep the shore aboard about  
a mile distant, where you will have 6 fathoms  
water. There is a bar lies off the back of the  
Cape, about half a mile from the shore.  
When up with Race-point, which is very  
bold, and about three leagues to the westward of  
the Light-house, and may be known by a num-  
ber of fish houses on it, from 2 to 3 miles to  
the southward of Race-point, is what is called  
Herring Cove, where you may have good an-  
choring half a mile from the shore, the wind  
from E to N E in 4 or even 3 fathom water.  
If bound into Cape Cod harbor, your course  
from Race-point to Wood end, is S E 6 miles  
distance, bring the light to bear E by N and  
run for it about two miles, you will then be  
clear of Wood end—then you must steer N E  
until the light bears E by S—then run N W  
for the harbor, until you have from 4 to 3 1-2  
fathoms water, where you have good anchor-  
ing, the Light then will bear E by S 1-2 S; or  
6 miles distance.  
In running from the Race point to Wood  
End—after you pass the Black Land or Hum-  
mucks, you will come up with a low sandy  
beach, which forms the harbor; extending be-  
tween 2 and 3 miles to Wood-end, which is  
difficult to be distinguished in the night—it is  
very bold—you will have 25 fathom water  
within half a mile of the shore.  
In beating into Cape-Cod harbor, you must  
keep the eastern shore aboard, until you get in-  
to 5 fathom water. Stand no farther to the  
westward than to bring the light to bear E by S  
as there is a long spit of land runs off from the  
western shore, which being very bold, you will  
have 11 fathom water within a stones throw of  
shore.

In case it blows so hard that you cannot beat  
in the harbor, you will have good anchoring  
without, from 10 to 15 fathom water.  
Vessels in Boston bay and would wish to pass  
away for Cape Cod harbor, must endeavor to  
fall in with the Race. If in the night, and you  
cannot see the land, you must bring the Light  
to bear E by N and run for it until you have  
foundings in 13 or 15 fathom water, then steer  
north east until the light bears E by S then run  
in N W for the harbor.  
At full and change, it is high water off Race  
Point at 20 o'clock and 43 minutes. Vessels in  
leaving Cape Cod bound to Boston, should calcu-  
late the tide, as the flood sets strong to the  
south west.

PEALE'S MUSEUM.  
THIS valuable repository of the works of Na-  
ture, so well calculated to delight the mind  
and enlarge the understanding, is opened daily, as  
usual. It stands in an airy and healthy situation,  
and free from the epidemic that at present afflicts  
the city; it may, therefore, be frequented with  
the greatest safety.  
As an Arrangement, the study of Nature is the  
most rational and pleasing; as a Science, the most  
sublime and instructive. It elevates the mind and  
expands the heart. They  
"Whom Nature's works can charm, with God himself  
"Held converse."  
Many interesting additions have lately been  
made to this Museum; and the feathered tribe,  
containing a variety of the most rare and beautiful  
subjects, is now very advantageously arranged.  
Waxen Figures, of Men large as life (some of them  
casts from nature) are here deposited in their proper  
habits, and placed in attitudes characteristic of their  
respective nations. Here may be seen the North-  
American Savage, and the Savage of South-Amer-  
ica—a laboring Chinese, and the Chinese Gentle-  
man—the footy African, and the Kamtshadale—  
with some Natives of the South Sea Islands. The  
immense variety and interesting diversity which  
this Museum offers to the view, may be seen but  
cannot be described with full effect.  
Price only 1-4th of a dollar.
