Salisbury Estate.

THE Subscriber, proposing to contract his business, offers this Estate for sale, on moderate terms. On it are one Mill and three Air Furnaces, a complete Boiling Machine, and a very good grist Mill, with two pairs of stones; also a good Forge, all in perfect repair, as are all the other works connected with these various branches. The Air Furnaces were lately built for the purpose of casting Cannon for this State.—There are about two thousand acres of Land, one half of which is under wood, the other very fine arable Land, producing the best Hay and Pasture. The Cannon lately manufactured there, fully proves the excellence of the metal, which is superior to any in this country, and probably, equal to any in the world; for not one of sixty-nine guns lately made, although some of the 24 were bored into 32 pounders, have failed in proving. The situation is very eligible, particularly for this branch of manufacture, and a place of arms lying in the State of Connecticut, and only 20 miles from local landings on the Hudson's river, and having every advantage that can result from a plenty of water falling from a large natural pond, very near the Furnace, and which may be converted into a variety of other useful purposes. The purchaser can be accommodated with all the stock and utensils, and have possession on or before the first of June next, and preparation may be made in the meantime for going into Bell immediately thereafter, for every part will be delivered in good order, with some coal, Ore, &c. &c. For terms, apply to Mr. Joseph Anthony, in Philadelphia; *David Brooks*, Esq. one of the Representatives in Congress for this State; Mr. David Waterman, on the premises, or to the proprietor in New-York.

This property will be sold free of all incumbrances, and an indisputable title given. For further particulars enquire either of Dr. William Barnes, residing in Bordentown, near the premises, who will show the same, or of **PETER THOMSON**, Conveyancer, No. 144, Market-Street. English Grammar,

The second edition, with improvements. ADAPTED to the different classes of learners; with an appendix, containing rules and observations for aiding the more advanced students to write with perspicuity and accuracy. By **LINDLEY MURRAY.**
This is a publication of uncommon merit, and it answers the professions in the Title. The appendix contains some of the best rules for writing elegantly, and with propriety, that we recollect to have seen.
Monthly Review, July 1796.
This Grammar is, on many accounts entitled to commendatory notice. Its materials have been carefully and judiciously selected; its arrangement is distinct and well adapted to the purpose of instruction and its expressions are simple, perspicuous and accurate, &c.
See the character at large in the Analytical Review, July 1796.

English Exercises,

Adapted to the Grammar lately published by Lindley Murray, consisting of exemplification of the parts of speech, instances of false orthography, violations of the rules of syntax, defects in punctuation, and violations of the rules respecting perspicuity and accuracy, designed for the benefit of private learners, as well as for the use of schools. We have been much pleased with the perusal of these Exercises. They occupy with distinguished excellence a most important place in the science of the English language; and as such, we can warmly recommend them to the Teachers of Schools, as well as to all those who are desirous of attaining correctness and precision in their native tongue.
Monthly Review, July 1797.

The Norfolk Mail STAGE.

THIS Stage starts from the GEORGE Tavern, at the corner of Second and Arch streets, in Philadelphia, every Tuesday, Thursday, and Saturday, at 3 o'clock, in the morning; arrives at Dover the first day, at Snowhill the second day, at Northampton Court House the third day, and on the morning of the fourth day the passengers find a safe and comfortable packet to convey them to Norfolk.
A packet leaves Norfolk for Northampton ferry, every Tuesday, Thursday and Saturday, and the Stage starts from this ferry for Philadelphia, every Monday, Wednesday and Friday; puts up at Snow Hill the first night, at Dover the 2d night, and arrives in Philadelphia in the evening of the third day.
The distance on this route, between Philadelphia and Norfolk, is 80 miles less than on any stage route between those places.
Too much cannot be said in favor of the road, which is most excellent indeed. The proprietors willingly engage to return the whole fare to any passenger, who, after having performed this route, will say that he ever travelled in a stage for the same distance, so good a road in America.

PEALE'S MUSEUM.

THIS valuable repository of the works of Nature, is well calculated to delight the mind and enlarge the understanding, to instruct daily, as usual. It stands in an airy and healthy situation, and free from the epidemic that at present afflicts the city; it may, therefore, be frequented with the greatest safety.
As an Augment, the study of Nature is the most rational and pleasing; as a Science, the most sublime and instructive. It elevates the mind and expands the heart. They

Many interesting additions have lately been made to this Museum; and the scattered tribe, containing a variety of the most rare and beautiful subjects, is now very advantageously arranged. Waxen Figures, of Men large as life (some of them casts from nature) are here dressed in their proper habits, and placed in attitudes characteristic of their respective nations. Here may be seen the North-American Savage, and the Savage of South-America—a laboring Chinese, and the Chinese Gentleman—the worthy African, and the Kamtschadale—with some Narratives of the South Sea Islands. The immense variety and interesting diversity which this Museum offers to the view, may be seen but cannot be described with full effect.
