

A farm for sale,
IN Perth Amboy in the State of New-Jersey, of four hundred acres, including a proper proportion of meadow, of arable and wood land, and salt marsh. There is on the premises, a good apple orchard, and a variety of other fruit trees; it is well watered with springs and brooks; it is bounded on two sides with navigable waters and has a good mill site, its situation is healthy and pleasant, commanding a view of the navigation of Perth Amboy and its environs, and convenient to the finest fish and oysters in their proper season, it abounds with natural manure from which, with the advantages of the salt marsh by applying the hay therefrom to the keeping of stock, may at a small expense, be enriched to a great degree and rendered one of the first grazing farms in the State; it is well calculated for a farmer or a gentleman's seat, having several eligible sites for building. This farm will be sold together or divided, as may suit a purchaser, at private sale, or if not sold, will be set up at public auction on Tuesday the nineteenth day of December next, at the house of Robert Rattoone, innkeeper in Perth Amboy, at eleven o'clock in the forenoon. Any person inclining to purchase may view the premises by application to *John or Matthias Halffed* at Perth Amboy, from whom or from the Hon. *Jonathan Dayton*, Esq. speaker of the house of representatives of the United States now in Philadelphia, from *Marshall Williamson*, jun. Salisbury Estate.
THE Subscriber, proposing to contract his business, offers this Estate for sale, on moderate terms. On it are one Blah and three Air Furnaces, a complete Boring Machine, and a very good grist Mill, with two pair of stones; also a good Forge, all in perfect repair, as are all the Water Works connected with these various branches. The Air Furnaces were lately built for the purpose of calling Cannon for this State.—There are about two thousand acres of Land, one half of which is under wood, and the other very fine arable Land, producing the best Hay and Pasture. The Cannon lately mounted there, fully proves the excellency of the metal, which is superior to any in this country, and probably equal to any in the world; for not one of sixty-nine guns lately made, although some of the 24 were bored into 32 pounds, have failed on proving. The situation is very eligible, particularly for this branch of manufacture, and a place of arms lying in the State of Connecticut, and only 30 miles from several landings on the Hudson's river, and having every advantage that can result from a plenty of water issuing from a large natural pond, very near the Furnace, and which may be converted into a variety of other useful purposes. The purchaser can be accommodated with all the stock and utensils, and have possession on or before the first of June next, and preparation may be made in the meantime for going into Blah immediately thereafter, for every part will be delivered in good order, with some coal, Ore, &c. &c. For terms, apply to Mr. Joseph Anthony, in Philadelphia; David Brooks, Esq. one of the Representatives in Congress for this State; Mr. David Waterman, on the premises, or to the proprietor in New-York.

English Grammar,
The second edition, with improvements,
ADAPTED to the different classes of learners; with an appendix, containing rules and observations for assisting the more advanced students to write with perspicuity and accuracy.
By **LINDLEY MURRAY.**
This is a publication of much merit, and fully answers the professions in the Title. The appendix contains some of the best rules for writing elegantly, and with propriety, that we recollect to have seen.
Monthly Review, July 1796.
This Grammar is, on many accounts entitled to commendatory notice, its materials have been carefully and judiciously selected; its arrangement is distinct and well adapted to the purpose of instruction and its expression is simple, perspicuous and accurate, &c.
See the character at large in the Analytical Review, July 1796

English Exercises,
Adapted to the Grammar lately published by Lindley Murray, consisting of exemplification of the parts of speech, instances of false orthography, violations of the rules of syntax, defects in punctuation, and violations of the rules respecting perspicuity and accuracy, designed for the benefit of private learners, as well as for the use of schools.
"We have been much pleased with the perspicuity and excellence a most important place in the science of the English language; and as such, we can warmly recommend them to the Teachers of Schools, as well as to all those who are desirous of attaining correctness and precision in their native tongue."
Monthly Review, July 1797.

The Norfolk Mail STAGE.
THIS Stage starts from the GEORGE Tavern, at the corner of Second and Arch Streets, in Philadelphia, every Tuesday, Thursday, and Saturday, at 5 o'clock, in the morning; arrives at Dover the first day, at Snowhill the second day, at Northampton Court House the third day, and on the morning of the fourth day the passengers find a safe and comfortable packet to convey them to Norfolk.
A packet leaves Norfolk for Northampton ferry, every Tuesday, Thursday and Saturday, and the Stage starts from this ferry for Philadelphia, every Monday, Wednesday and Friday; puts up at Snow Hill the first night, at Dover the 2d night, and arrives in Philadelphia in the evening of the third day.
The distance on this route, between Philadelphia and Norfolk, is 30 miles less than on any stage route between those places.
Too much cannot be said in favor of the road, which is most excellent indeed. The proprietors willingly engage to return the whole fare to any passenger, who, after having performed this route, will say that he ever travelled in a stage for the same distance, so good a road in America.
