Observations on certain Documents Contained in No. V and VI of "The History of the United States for the year 1796."

In which the charges of speculation against ALEXANDER HAMILTON, Late Secretary of the Treasury, is FULLY REFUTED. WRITTEN BY HIMSELF.

This publication presents a concise statement of the late means practiced by the Jacobins of the United States to asperse the characters of those persons who are considered as hostile to their organizing schemes. It also contains the correspondence between Mr. Hamilton and Messrs. Monroe, Mullenburgh and Venable, on the subject of the documents aforesaid, and a series of letters from James Reynolds and his wife to Mr. Hamilton, proving beyond the possibility of a doubt, that the connection between him and Reynolds, was the result of a daring conspiracy on the part of the latter and his associates to extort money. A discount of one third from the retail price will be made in favor of wholesale purchasers, for cash. Orders to be addressed to Mr. Young. August 25.

New-Theatre, December 11, 1797.

THE MANAGERS particularly request the concurrence of the public in the abolition of a custom, which has hitherto obtained, of giving away or disposing of RETURN CHECKS at the Theatre. They are aware that gentlemen are unconscious of any wrong done to the interest of the institution by this practice, from a general, though mistaken idea that Checks are the representatives of a right to so many seats in the Theatre, during an Evening's Entertainment, and transferable at will; when in fact, they were never intended as more than tokens by which the Door-keepers are enabled to ascertain with the least trouble to the parties, that they themselves have been before in the Theatre, or paid for their admission.

Independent of the injury the Managers sustain, such a practice encourages a crowd of idle boys and other disorderly persons to surround the doors of the Theatre, to the corruption of their morals and the great annoyance of the Audience. It has also been the source of two evils of no inconsiderable magnitude; one is, that sometimes very improper company is by these means admitted; and the other, that owing to Checks passing into dishonest hands, they have been frequently counterfeited to a large amount for the purposes of Sale.

This statement will, it is respectfully hoped, induce the Public to discourage such a traffic; and the exertions of the Managers will, if thus assisted, easily prove adequate to its entire abolition. WIGNELL & REINAGLE. December 13. 1w
