Salisbury Estate.

THE Subscriber, proposing to contract his business, offers this Estate for sale, on moderate terms. On it are one Blast and three Air Furnaces, a complete Boring Machine, and a very good grist Mill, with two pair of stones; also a good Forge, all in perfect repair, as are all the Water Works connected with these various branches. The Air Furnaces were lately built for the purpose of casting Cannon for this State.—There are about two thousand acres of Land, one half of which is under wood, the other very fine arable Land, producing the best Hay and Pasture. The Cannon lately manufactured there, fully proves the excellency of the metal, which is superior to any in this country, and probably, equal to any in the world; for not one of sixty-nine guns lately made, although some of the 24 were bored into 32 pounders, have failed on proving. The situation is very eligible, particularly for this branch of manufacture, and a place of arms lying in the State of Connecticut, and only 20 miles from several landings on the Hudson's river, and having every advantage that can result from a plenty of water falling from a large natural pond, very near the Furnace, and which may be converted into a variety of other useful purposes. The purchaser can be accommodated with all the stock and utensils, and have possession on or before the first of June next, and preparation may be made in the meantime for going into Blast immediately thereafter, for every part will be delivered in good order, with some coal, Ore, &c. &c. For terms, apply to Mr. Joseph Anthony, in Philadelphia; David Brooks, Esq. one of the Representatives in Congress for this State; Mr. David Waterman, on the premises, or to the proprietor in New-York.

MUSIC.

J. L. LENZ, Teacher of Vocal and Instrumental Music, RETURNS his sincere thanks to the Ladies and Gentlemen, from whom he received a very liberal encouragement since his residence in this city, and respectfully informs his friends and the public generally, that, in consequence of the request of some of his friends, he has opened a Musical School at his house in Spruce Street No. 174, where he will teach on the Piano forte, Violin &c. &c.—He deems it unnecessary to enlarge upon the advantages the learner will derive from an institution of this kind; he will only say, that attention and zeal are much excited in an assembly, where numbers are in pursuit of the same object. His arrangement is such, that an interference of the different sexes will be avoided. Those Ladies and Gentlemen who cannot make it convenient to attend at his school, he will wait upon at their houses.—Applications will be thankfully received at his house, where his terms and further particulars may be known.
