**Boston Glass Manufactory.**  
THE citizens of the United States are hereby  
informed, that the manufacture of Window  
Glass is now commenced at the Glass House in  
Boston.  
It is needless to say any thing of the excellent  
quality of the Boston Glass, as it is so well known  
throughout the United States to be in every res-  
pect greatly superior to any ever imported from  
Europe.  
It will be cut to any size commonly used; and  
may be constantly had by applying to *Charles F.  
Kupper*, at the Glass House.  
Orders from the distant States to be addressed to  
Mr. Samuel Carr, Court-street, Boston.  
Two or three good Glass-makers are want-  
ed at the above works; such as can produce re-  
commendations for good behavior, may be sure of  
employment, by application to Mr. *George L. Lindt*, at  
the works. Men without families will be pre-  
ferred. However unacquainted with the method  
of making Crown Window Glass, they will meet  
with the same encouragement.

**Surveyor General's Office,**  
December 2, 1797.  
ON a release of survey of 433 acres 68 perches  
of land, situate in lower Smithfield township  
Northampton county, surveyed to William Wills,  
per warrant of 2d March, 1786, the Deputy Survey-  
or hath made the following note, viz.  
This land claimed by heirs of Lewis Gordon and  
George Taylor, not known by what right—Cer-

**Salisbury Estate.**  
THE Subscriber, proposing to contract his busi-  
ness, offers this Estate for sale, on moderate  
terms. On it are one Blast and three Air Furnaces,  
a complete Boring Machine, and a very good grist  
Mill, with two pair of stones; also a good Forge, all  
in perfect repair, as are all the Water Works con-  
nected with these various branches. The Air Furnaces  
were lately built for the purpose of casting Cannon  
for this State.—There are about two thousand acres  
of Land, one half of which is under wood, the other  
very fine arable Land, producing the best Hay and  
Pasture. The Cannon lately manufactured there,  
fully proves the excellency of the metal, which is  
superior to any in this country, and probably equal  
to any in the world; for not one of sixty-nine guns  
lately made, although some of the 24 were bored  
into 32 pounders, have failed on proving. The situ-  
ation is very eligible, particularly for this branch of  
manufacture, and a place of arms lying in the state  
of Connecticut, and only 30 miles from several land-  
ings on the Hudson river, and having every advan-  
tage that can result from a plenty of water issuing  
from a large natural pond, very near the Furnace,  
and which may be converted into a variety of other  
useful purposes. The purchaser can be accommodated  
with all the stock and utensils, and have possession  
on or before the first of June next, and preparation  
may be made in the mean time for going into Ball im-  
mediately thereafter, for every part will be delivered  
in good order, with some coal, Ore, &c. &c. For  
terms, apply to Mr. Joseph Anthony, in Philadel-  
phia; David Brooks, Esq. one of the Representatives  
in Congress for this State; Mr. David Waterman, on  
the premises, or to the proprietor in New-York.

"A NAVY would be maintained but to an almost  
useless purpose which taking the seamen kept the  
merchants idle in port, and trading vessels  
would be as unprofitably employed, if they took  
all those seamen whose skill and courage on board ships  
of war, would give them pre-eminence and secure  
their safety. We have enough for both purposes,  
and the cultivating hand of attention alone is want-  
ing to multiply their number." Money may be  
"all naval stores, except mariners; but, unless a  
"supply of them is preserved, no wealth will be  
"able to procure them."

**Observations on certain Documents**  
Contained in No. V and VI of  
"The History of the United States for  
the year 1796."

**ALEXANDER HAMILTON,**  
Late SECRETARY of the TREASURY, is FULLY  
REFUTED.  
**WRITTEN BY HIMSELF.**  
This publication presents a concise statement of  
the facts ascertained by the Jacobins of the  
United States to asperse the characters of those  
persons who are considered as hostile to their disor-  
ganizing schemes. It also contains the correspon-  
dence between Mr. Hamilton and Messrs. Monroe,  
Muhlenburg and Venable, on the subject of the  
documents aforesaid, and a series of letters from  
James Reynolds and his wife to Mr. Hamilton,  
proving beyond the possibility of a doubt, that the  
conclusion between him and Reynolds was the re-  
sult of a daring conspiracy on the part of the  
latter and his associates to extort money.  
A discount of one third from the retail  
price will be made in favor of wholesale pur-  
chasers, for cash. Orders to be addressed to Mr.
