The managers of the Beula Seminary, having referred to eligible by notives of pure morality, having referred to eligible of the following property by way of LOTTERY, in order to afflit them in erecting a convenient building for the accommodation of one hundred fludents, and the necessary professors in the different departments of science—do offer for sale three hundred and fifty lots in BEULA, each fifty eight feet by one hundred and twenty-five, at twenty dollars per ket, each ticket entitled to a lot to be determined by ballot; ten dollars to be paid ton receipt of the ticket, and the remaining ten on the delivery of the deed. The ballot to take place before impartial men, as soon as the whole number of tickets are fold. The managers, anticipating the difficulty of obtaining cash for the whole, have resolved to receive an equivalent, for some of the lots, in select books; philosophical apparatus, or in produce and materials for building, delivered on the spot.

It may be observed, that the value of prizes in this lottery will be more than double the amount of all the tickets; for 350 lots, would at their average estimation, produce at least 1c. 700 dollars; whilst, accord-

lots, would at their average estimation, produce at least 15,750 dollars; whilst, according to the present proposals, the sum obtained for them will be only 7,000 dollars.

l'ickets may be had during this winter, of Morgan J. Rhees, prefident of the board of managers, no. 177, fouth Second-Areet, Philadelphia; who will receive propofals and plans for the crection of the building. It is intended to be of brick or flone; its fituation on the fummit of a gradual rifing eminence, commanding an ex-tensive prospect of the surrounding country; an observatory to be on its top.

Land and out lots in the vicinity of the Town may be had on moderate terms by applying as above. Mechanics and laborers, of good morals will meet with encourage-
