THE Public have been informed of the re-capture of the ship Harmony, capt. Snell, from London to this port, by Mr. Nelson, the mate, the cook, sleward, and passengers. in/which Mrs. Collet and her fifter bore a conspicuous part with firmness and humanity. We now learn, that on a trial for salvage, before Judge Peters, which termina-ted last week, the court decreed to each of the ladies two thousand dollars, to the cook 3000, to the steward 3500, to one of the men passengers 6500, and to the brave Nelfon 8000.-An appeal, however, has been ade to an higher court for a reduction of

Extract of a letter from cast. Morris, of the Brig Franklin, to his owner, dated ' Campeachy, July-, '99.

"DRAR SIR,
"The present will inform you that I ailed from Vera Cruz the 4th ult. bound to your port; and on the 6th, about 15 leagues from the land, was captured by the privateers Buonaparte and La Moche, two veffels armed and fitted out of this place, about one month ago, failing under French colours. They took possession and conveyed me and the brig Nancy, of Baltimore, (also from Vera Cruz) to this port, where we arrived the 3d inst. The crew, at the request of the captors and their agents, were put into immediate confinement as prisoners of war; myself and the other officers were permitted the liberty of the town, which we fill enjoy. The Nancy, with a cargo of 140.000 dollars amount, regularly cleared, her cargo was discharged the 3d day after her arrival here, and the property will be fold in a few days without giving any notice thereof to the supercargo, or any kind offe-curity. From this conduct I have not the east doubt but the Franklin will share the

"Myfelf and papers will be examined to-morrow, a lift of them you will find annex-ed. A war with France and the United States, is firengly talked of here, and is adily believed; to confirm it the French have lately got one or two veffels here as prizes, with commissions, these documents as a cover for the government to pernit them to bring in all vessels that they please to lay is reading or their papers are not according to the laws of France. By this means they readily obtain an order for felling the property, and by deposition of the property, and by deposition of the property fook for a conmoney that they are easy to be obtained in any of
the French Islands; The capt. and Agent affured me, that they did not suppose that they would be able to obtain a condemnation for the Franklin these 4 or 5 months, as Guadaloupe was the place he intended to send to, provided they met with any difficulty at Hispaniola: under these circumstances, there is little to hope, for any vessel. that is brought in here; in the next place, defend the cause, as I know not when or where they will be carried to."

The Members of the Corresponding Committee, appointed at a meeting of the friends of Mr. Rofs, will take notice that they are to meet every Thursday evening at 7 o'clock at Robert Meldrum's tavern in the Northern Liberties, where the feveral ward committees are respectfully requested to at-Aug. 6

ELECTION. At a numerous and respectable meeting of the Citizens of Philadelphia and the liberties thereof, held at Dunwoody's in the city of Philadelphia on Tuesday the 13th inft. for the purpose of sixing upon a suitable per-son to fill the IMPORTANT office of GOVERNOR of this State, the following Refolutions were unanimously adopted,

Resolved, as the finfe of this meeting, That it is effected to the honor and the happiness of Pennsylvania, and highly impor-tant to the best interests of the United States, hat, at the enfuingelection of governor of this commonwealth, the fuff ages of our fellow citizens should be given to a candidate who, combining the requilites of talents and integrity with temperance of character and independence of connexion, will ably and faithfully execute the trufts of that high station, who conciliating the particular inof the United States, will cordially cultivate the necessary intercourse with the Federal Government; and who, having never avowed himself the partizan of foreign politics, will be at perfect liberty to pursue, the exclusive advantage of his own country.

Resolved, as the fense of this meeting, That JAMES ROSS, of Pittsburg, unites, in an eminent degree, the requisites, expressed in the preceding resolution, to fill the high office of Governor of the commonwealth of Pennfylvania; and that this meeting being justified in their opinion by the uniform tenor of his private and public conduct, will give him their best support at the ensuing

And whereas certain persons, who are defirous of imposing another candidate on the the laudable example which had been given by the friends of Mr. Rofs, of carefully ab-ftaining from all illiberality of opinion, have attempted to aid their purpole by false and indecent infinuations that their opponents are influenced by unworthy motives, and as fielnce, under fuch centure, might be tor-tured into a concession of its truth:

Resolved, as the fense of this meeting, that the correlponding committee heretofore appointed, be infructed to prepare an address to our fellow citizens throughout the state, on the subject of said election, wherein, if they shall deem it necessary or useful to defeat the projects of our antagonilis, they shall be at liberty freely to examine and discuss the at liberty freely to examine and discuss the merits of the opposite candidate, and the pretensions of those persons, who thus presume to assign improper motives to the conduct of others; and that, unawed by official character, or by any other consideration, the individuals who compose this meeting will aid the examination and discussion, if they may recover only on paping every necessary information, whether it shall tend to expose the inability or defects of the care. expose the inability or desects of the oppo-site candidate; or to illustrate and explain the characters of those individuals who style themselves his supporters, and who have thus dared, under their fignatures, to impeach the integrity of their opponents.

—And in adducing this information (Mr. M'Kean's fervices as a judge being much re-lied on) it may be necessary to refort to the remonstrances of Juries, and the representations of the Bar, to expose his judicial tyranny and intolerance, or to the deliberate declarations of political wishes and opinions which, if realized, would subvert the liberty, the religion, and the focial order of our country.

Or, in discussing the pretentions of those men who have thus fallely stigmatized their opponents, it may be necessary to recur to Proclamations which have proscribed some of them as TRAITORS—to examine dockets to have the most difgraceful allegations against others-to enquire into the equivocal circumstances which cloud the late coming of others of them to America, who, like birds of ill omen, have made their ap pearance among us face the fevolution, and who now dare to question the motives of men who hezarded all that was dear to them in establishing the Independence of America. The committee are requested, if they are resolved to recriminate, to give to all the facts which they may flate, such solemn fanction as will stamp conviction on the minds

of whoever may perule them.
ROBERT WHARTON. Chairman. Refolved, that a committee of three be appointed to attend a meeting to be held in the county of Philadelphia, and a committee of three to attend a meeting to be held in the county of Delaware for the purpose of representing to the said meetings the de-termination of this meeting to support Jofeph Ball, Efq. as Senator, and to defire a
