The Swift-Sure, A NEW LINE OF STAGES, NOW RUNNING BETWEEN

PHILADELPHIA & NEW-YORK,

By the short and pleasant road of Bushleton, Newtown, Scotch Plains, Spring-field and Newark.

THE excellence of this road, the populouf I'HE excellence of this road, the populoul-ness of the country through which it pass-es, with fundry other advantages, which render it so far preserable to the Old Road through Bristol, Brunswigk, &c. long ago suggested the propriety of its becoming the Grand Tho-rough-Fare from Philadelphia to New York, propriety of its becoming the Grand Thorough-Fare from Philadelphia to New York, During the prefent year, a minute furvey of it has been taken, and its superiority over the Old Road, both in winter and summer, has been clearly ascertained.—There are good bridges over all the other waters but the Delaware, and here the crossing is performed with great safety and in less than half the time required at the Trenton Ferry. The road is several miles shorter than the old road, but this is among at the least of its advantages, because daily experience proves to us, that dispatch as well as comfort in travelling principally depend on the goodness of the road and the levelness of the country, and, in these respects, the New Road is, beyond all comparison, the best. It presents none of those rocky hills, which render the Old Road so fatiguing between the Delaware and Newark. The foil, too, for the greater part, is such as to produce but little mod in winter, and very little suff in summer, which circumstance, added to the beauty of the country, and a confiderable proportion of shade, must always render travelling in the latter season PHII ADEL.

In the distribution of the route, the greatest

The stages are well equipped furnished with sleet and steady horses, and committed to the case of intelligent solver and obliging drivers. The proprietors themselves live at the different towns and villages where the stages will stop, so that the conduct of the perfons they comploy is continually an object of their fons they employ is continually an object of their attention.—They take care also to see that the passengers are well provided for and positely treated at the taverns, and that no fort of chicathere are the lawering, and that so fort of emeasures or infolence is practifed upon them; in their locations on the faid day, shall be possible to render the SWIFT-SURE the very bell line registered warrants. The line has now run nearly a month, during which time a great number of gentlemen have gone through, both from Philadelphia and New-York.
