TERMS

Of Richard Folwell, in Philadelphia, FOR SUBSCRIBING TO THE JOURNALS OF CONGRESS, FROM THE COMMENCEMENT OF THE AMERICAN WAR, IN 1774, TO THE PRESENT TIME, INCLUDING The Reports of Heads of Departments, of Committees, and other Official and Private Papers of that Body, now first permitted to be made public.

TERMS.

THE work will be printed on a fine paper, and a new neat type, in large octavo. Each volume will contain above 500 pages, neatly bound and lettered. Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessed of a valuable record, an ornament may be added to their libraries. The price to subscribers will be 2 dollars, 75 cts. per volume, in boards, and 3 dollars. whole bound, but, as the publisher does not intend to print more than the number subscribed for, a considerable rise on the price may be expected to non-subscribers.

Each volume will contain about one third less of letter-press than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain the number of volumes which will comprise the work.

Payments to be made on delivery of each volume. Subscribers will have it at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

IN all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessness in the succeeding generation, to preserve the public records, and the attention of the nation, in these rude ages, being called off from their domestic concerns, to engage in wars and conquests. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost incalculable. It is hoped, that Americans will, therefore, cheerfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.

The work will certainly be advanced with expedition and promptitude. The following will show the support it has already acquired: "Philadelphia, June 15, 1798. To the Honorable the Senate and House of Representatives of the United States. The MEMORIAL of the Subscribers, Citizens, &c. of Philadelphia, Respectfully sheweth,

That having, in our respective avocations, frequent occasions to recur to the Journals of Congress, we experience inconvenience by the scarcity of them: That we understand that Richard Folwell, printer, of Philadelphia, has had it in contemplation to print that public record; and that he hath obtained partial countenance from many individuals; but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, as the publication is necessary to be disseminated among public bodies, that Congress will, in their wisdom, render him such additional encouragement, to that which he has obtained from private individuals, as to enable him to proceed with the work, so that your Memorialists may be enabled to purchase copies of that record for themselves.

HAS JUST PUBLISHED (PRICE 1 DOL. 50 CENTS) THE BAVIAD AND MÆVIAD. BY WILLIAM GIFFORD, ESQUIRE. To which is prefixed, A POETICAL EPISTLE TO THE AUTHOR By an American Gentleman.

[In introducing this celebrated work to the Gentlemen and Ladies of America, I have endeavored to give it a dress proportioned to its distinguished merit, and to the taste of those for whose amusement and delight it is intended. No expence has been spared in the publication; and I flatter myself that the work does not yield, either in paper or print, to any one ever published in America. This edition has an advantage over some former ones, as it contains by way of notes, the minor productions of the author; and it has an advantage over every other edition, in the Poetical Epistle, which is prefixed to it, and which must be extremely gratifying to every lover of literature in this country, as it is a proof that there are Americans who have the taste to admire, the justice to applaud, and the talents to rival the Geniuses of other nations. Some Copies have been sent on to Mr. Sewall, Maiden Lane, New York, also to Mr. Hill, Baltimore; and to Mr. Young, Charleston. The Swift-Sure,

A NEW LINE OF STAGES, NOW RUNNING BETWEEN PHILADELPHIA & NEW-YORK, By the short and pleasant road of Bustleton, Newtown, Scotch Plains, Springfield and Newark.

The excellence of this road, the populousness of the country through which it passes, with sundry other advantages, which render it so far preferable to the Old Road through Bristol, Brunswick, &c. long ago suggested the propriety of its becoming the Grand Thorough Fare from Philadelphia to New York. During the present year, a minute survey of it has been taken, and its superiority over the Old Road, both in winter and summer, has been clearly ascertained.—There are good bridges over all the other waters but the Delaware, and here the crossing is performed with great safety and in less than half the time required at the Trenton Ferry. The road is several miles shorter than the old road, but this is amongst the least of its advantages, because daily experience proves to us, that dispatch as well as comfort in travelling principally depend on the goodness of the road and the levelness of the country, and in these respects, the New Road is, beyond all comparison, the best. It presents none of those rocky hills, which render the Old Road so fatiguing between the Delaware and Newark. The soil, too, for the greater part, is so rich as to produce but little mud in winter, and very little dust in summer, which circumstance, added to the beauty of the country, and a considerable proportion of shade, must always render travelling in the latter season peculiarly agreeable.

The Swift Sure starts from PHILADELPHIA, at 6 o'clock every morning (Sundays excepted) from the GREEN TREE, opposite the Lutheran Church, North Fourth Street. It goes through Frankford to Bustleton, where it stops to breakfast; from Bustleton it goes through Newtown to Penny-town to dinner; from Penny-town through Hopewell, Millstone, Bound-brook, Quibbletown and Plainfield to Scotch Plains to lodge. The next morning it stops at Springfield to breakfast, from whence it goes through Newark and arrives at New-York at noon.

From NEW-YORK it starts at 3 o'clock in the afternoon (from Paulus Hook) and arrives at Philadelphia the next evening. For fares at New-York, application may be made to Edward Bardin, Old Coffee house, to A. Mathieu, corner of Nassau and John streets, to B. Many, no. 43, Courtlandt, corner of Greenwich street, and to Michael Little, at his hotel, no. 42, Broad street.

Fare for passengers, Five Dollars. Way passengers 6 Cents per Mile.

Each passenger is allowed to take on 14 lbs. of baggage carriage free; but all other baggage, taken on by a passenger, will be charged at 4 cents per pound weight.

With respect to packages sent on without passengers, the proprietors presume they have adopted a regulation, which, though unknown to other lines of stages, they think must meet with general approbation. They pledge themselves to make good every package on the following conditions. The person who delivers the package at the office shall see it entered in the stage-book, for which entry he shall pay 6 cents; he will then state the value of the package, and pay (exclusive of the carriage) one per cent. on the value, as insurance, and for which he will receive a receipt. Thus, for instance, if he estimates his package at one dollar, he will pay one cent, and if at one hundred dollars, he will pay one dollar insurance, and in like proportion for packages of any other value. Very few persons it is presumed, will dislike this regulation; it will however, be optional with every one to avail himself of this security or not. But the proprietors think it right to state very explicitly, that they will be responsible for the safe delivery of no package, which is not regularly entered, and for which an insurance receipt cannot be produced.

In the distribution of the route, the greatest care has been taken to fix on such places and taverns as always afford a good accommodation and entertainment for the passengers at the most reasonable rates. The stages are well equipped furnished with fleet and steady horses, and committed to the care of intelligent sober and obliging drivers. The proprietors themselves live at the different towns and villages where the stages will stop, so that the conduct of the persons they employ is continually an object of their attention.—They take care also to see that the passengers are well provided for and politely treated at the taverns, and that no sort of chicanery or insolence is practised upon them; in short, they have spared neither pains nor expence to render the SWIFT-SURE the very best line of stages in America.

The line has now run nearly a month, during which time a great number of gentlemen have gone through, both from Philadelphia and New-York. Every passenger has found the road to surpass very far all that has been said of its excellence; and the Proprietors of the Swift Sure are extremely happy to hear the behaviour, of their drivers, and the treatment at Taverns spoken of with the highest satisfaction.

A meeting of the visitors and governors of St. John's college in the State of Maryland, on the 13th day of July 1799. Resolved, That on the 1st day of October next, this board will proceed to elect a Professor of English and Grammar, who shall receive, for his services, at the rate of £200 per annum, to be paid quarterly; and that public notice thereof be given, &c. &c.

Tell, N. B. The office aforesaid hath just become vacant, by the resignation of a gentleman, whose affairs require, the immediate undertaking of a voyage by sea.

It is the duty of the said Professor (to whom is allowed an assistant) to teach the English language grammatically, and to prepare students for a superior school, by teaching them the Latin grammar, the Vocabulary, and Cordery Writing; it is to be taught to all his scholars at stated hours; and to those students who are not destined for the superior school, are to be taught, at the discretion of their parents, or guardians, Arithmetic, and other branches of science usually taught in English schools.—A complete knowledge then of Latin, Arithmetic, &c. is considered indispensable in the professor; and it is expected, that candidates who are not known to the Board, will submit to an examination, as well as produce satisfactory testimonials of their good morals, and fair characters.

The Printers within the United States are requested to insert in their papers the foregoing resolution and remarks, and to repeat the publication, as often as convenience will admit, until the 20th day of September next.
