The Court appointed the first day of next term, to hear the petitioner and his creditors, and order that he give his creditors public notice hereof, in Fermo's Philadelphia paper, and in Yundt and Brown's Baltimore paper, for one week, ending at least four weeks before the day of hearing; and that he also give to John Gillespie and Jacob Everhart, personal notice in writing, to be served on them, at least fifteen days previous to the hearing. At September term, this order was continued to the first day of December term.

TREASURY DEPARTMENT.
March 11th, 1799.

PUBLIC NOTICE IS HEREBY GIVEN, Pursuant to the act of Congress passed on the 13th day of June, one thousand seven hundred and ninety six, entitled "an act regulating the grants of land appropriated for military services, and for the society of United Brethren for propagating the gospel among the Heathen;" and the act supplementary to the said act passed on the second day of March, one thousand seven hundred and ninety nine—to wit:

I. THAT the tract of Land herein after described, namely, "beginning at the North West corner of the seven ranges of townships, and running thence fifty miles due south, along the western boundary of the said ranges;—thence due West to the Main Branch of the Scioto river;—thence up the Main Branch of the said river to the place where the Indian boundary line crosses the same;—thence along the said boundary line to the Tulcarora branch of the Muskingum river at the crossing place above Fort Lawrence;—thence down the said river, to the point where a line run due west from the place of beginning, will intersect the said river;—thence along the line so run to the place of beginning;" has been divided into townships of five miles square, and fractional parts of townships; and that plats and surveys of the said townships and fractional parts of townships are deposited in the offices of the Register of the Treasury and Surveyor General, for the inspection of all persons concerned.

II. The holders of such warrants as have been or shall be granted for military services performed during the late war, are required to present the same to the Register of the Treasury, at some time prior to the twentieth day of February in the year, one thousand eight hundred, for the purpose of being registered: No registry will however be made of any less quantity than a quarter township, or four thousand acres.

III. The priority of location of the warrants which may be presented and registered in manner aforesaid, prior to the 15th day of February in the year one thousand eight hundred, will immediately after the said day, be determined by lot, in the mode described by the act first recited.

IV. The holders of registered warrants, shall on Monday the 17th day of February, in the year 1800, in the order of which the priority of location shall be determined by lot as aforesaid, personally, or by their agents, designate in writing at the office of the Register of the Treasury, the particular quarter townships elected by them respectively, and such of the said holders as shall not designate their locations on the said day, shall be postponed in locating such warrants to all other holders of registered warrants.

V. The holder of warrants for military services sufficient to cover one or more quarter townships or tracts of four thousand acres each; shall, at any time after Monday the 17th day of February, 1800 and prior to the first day of January, 1801, be allowed to register the said warrants in snanner aforesaid, and forthwith to make locations thereon on any tract or tracts of land not before located.

VI. All warrants or claims for lands on account of military services, which shall not be registered and located before the first day of January, 1802, are by the supplementary act of Congress herein before recited, passed on the second day of March, 1799, declared to be forever barred.

Given under my hand at Philadelphia, the day and year above mentioned.

OLIVER WOLCOTT,
Sec. of the Treasury.

Notice is hereby given,

THAT the townships of Dereham and Norwalk, in the western district of this province, are to be sold in lots of three thousand acres each, exclusive of the crown and clergy reserves. There are sixteen blocks in each township, numbered from one to sixteen. The lands are of excellent quality, and lie between the river La Tranche and lake Erie.

Persons inclined to purchase are to give in their proposals in writing, to this office, in which they are to name the lots they bid for, and to state the price they are willing to give for them. The proposals must be given in on or before the first day of March next; within one month after which day the purchasers will be declared, and on their taking the oaths of allegiance to his Britannic Majesty, letters patent of grant will be delivered to them free of expense.

Half the purchase money must be paid when the purchasers are declared, and good security given for the payment of the other half in two years, in equal yearly payments. Plans of the townships may be seen at the Surveyor General's office in York, and at the house of Mr. Hambly, near the townships.

THE Creditors of Baly, Hill, & Evans, Insolvent Debtors, in the county of Sussex, are to meet the Assignees at the Court-House in said county, on the 25th of Dec. next, at 10 o'clock A. M. in order to make a dividend of said Insolvent's estate, that may come to hand by that day.

CH. CASE, assignee.

TO THE PUBLIC.

THE time being fixed on, when the MILITARY LAND (commonly called Knox's) WARRANTS, granted to the United States' army, are to be registered and located,—the subscribers have explored that tract of land on which those warrants are to be laid; with a view, and for the purpose of offering their services as locaters.

We take the liberty of suggesting, "that we are at least as well acquainted with the situation, quality of the soil, &c. of the different townships in the aforesaid tract, as any other person;" this will, perhaps, appear more clearly, by observing, that WILLIAM C. SCHENCK assisted in running the Indian boundary line; at which time he considerably traversed that tract: he also assisted in surveying and laying it off into townships, and at other times ranged over it, to gain information. But to obtain a more complete and accurate knowledge, we have lately spent between two and three months, with several assistants, in particularly examining the different townships and quarter townships; by which means we have acquired an accurate knowledge of the whole district.—We now offer our services to the public, as Locaters, with assurances that we will locate every persons warrants intrusted to us to the best advantage, agreeably to their rights of location, which is to be determined according to law. For our services we demand the one equal tenth part, either in lands or warrants, when we locate a full tract, of four thousand acres or more, for one person or firm; the land to be taken in a square, at a corner of the tract; which corner is to be equitably determined before the time of location.—The one equal sixth part, in cash or warrants, when we connect and locate any amount less than four thousand acres. We will be in Philadelphia from December next, until after the time of location, to transact this business. Any person wishing to satisfy himself farther, will please to call on us, by letter, (postage paid) or otherwise; when due attention will be paid, and such vouchers may be seen as we have to offer, which we hope will be satisfactory.

To the Holders of
MILITARY LAND WARRANTS.

THE Subscriber having lately returned from viewing the land, surveyed and appropriated to satisfy the land warrants, issued by the secretary at war, to the officers and soldiers of the late continental army; and having made arrangements with Mr. James Johnston, of Chester county, Pennsylvania, who he left on the land, and who with the assistance of an intelligent inhabitant of that county, will spend five months in exploring the different sections. He will take regular notes, descriptive of the soil, situation, and natural advantages attached to each section in the whole survey—such notes will be placed in the hands of the subscriber previous to the period for locating, thereby enabling him to make the most advantageous locations the priority will admit.

He offers his service to the holders of land warrants of the above description, throughout the United States, to receive their warrants, class them, (as no less quantity than 4000 acres will be registered at the office of the treasury) have them registered agreeable to law, and attend to make the location at the time appointed in February next.

For transacting the business, one tenth part of the land specified in the warrants will be required, and no other charge, except the postage of letters. All warrants forwarded and letters addressed to the subscriber, at No. 3, Penn-street, Philadelphia, will receive immediate attention.

TERMS

Of Richard Folwell, in Philadelphia,
FOR SUBSCRIBING TO THE
JOURNALS OF CONGRESS,
FROM THE COMMENCEMENT
Of the American War, in 1774, to
the present time,
INCLUDING

The Reports of Heads of Departments, of Committees, and other Official and Private Papers of that Body, now first permitted to be made public.

Each volume will contain above 500 pages, neatly bound and lettered.

Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessed of a valuable record, an ornament may be added to their libraries.

The price to subscribers will be 2 dollars. 75 cts. per volume, in boards, and 3 dollars. whole bound, but, as the publisher does not intend to print more than the number subscribed for, a considerable rise on the price may be expected to non-subscribers.

Each volume will contain about one third less of text than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain the number of volumes which will comprise the work.

Payments to be made on delivery of each volume.

Subscribers will have at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

IN all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessness in the succeeding generation, to preserve the public records, and the attention of the nation, in those rude ages, being called off from their domestic concerns, to engage in wars and conquest. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost invaluable. It is hoped, that Americans will, therefore, cheerfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.

* The work will certainly be advanced with expedition and rapidity. The following will show the support it has already acquired:

"Respectfully sheweth,

"That having, in our respective avocations, frequent occasions to recur to the Journals of Congress, we experience inconvenience by the scarcity of them: That we understand that Richard Folwell, printer, of Philadelphia, has had it in contemplation to print that public record; and that he hath obtained partial countenance from many individuals; but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, as the publication is necessary to be disseminated among public bodies, that Congress will, in their wisdom render him such additional encouragement, to that which he has obtained from private individuals, as to enable him to proceed with the work, so that your Memorialists may be enabled to purchase copies of that record for themselves.

The Swift-Sure,
A NEW LINE OF STAGES,

NOW RUNNING BETWEEN
PHILADELPHIA & NEW-YORK,
By the short and pleasant road of
Buffsatan, Newtown, Scotch Plains, Springfield and Newark.

THE excellence of this road, the population of the country through which it passes, with sundry other advantages, which render it so far preferable to the Old Road through Bristol, Brunswick, &c. long ago suggested the propriety of its becoming the Grand thorough-Fare from Philadelphia to New York. During the present year, a minute survey of it has been taken, and its superiority over the Old Road, both in winter and summer, has been clearly ascertained.—There are good bridges over all the other waters but the Delaware, and here the crossing is performed with great safety and in less than half the time required at the Trenton Ferry. The road is several miles shorter than the old road, but this is amongst the least of its advantages, because daily experience proves to us, that dispatch as well as comfort in travelling principally depend on the goodness of the road and the levelness of the country, and in these respects, the New Road is, beyond all comparison, the best. It presents none of those rocky hills, which render the Old Road so fatiguing between the Delaware and Newark. The soil, too, for the greater part, is such to produce but little mud in winter, and very little dust in summer, which circumstance, added to the beauty of the country, and a considerable proportion of shade, must always render travelling in the latter season peculiarly agreeable.

The Swift Sure starts from PHILADELPHIA, at 6 o'clock every morning (Sundays excepted) from the GREEN TREE, opposite the Lutheran Church, North Fourth Street. It goes through Frankford to Bustleton, where it stops to breakfast; from Bustleton it goes through Newtown to Penny-town to dinner; from Penny-town through Hopewell, Millfong, Bound-brook, Quibblington and Plainfield to Scotch Plains to lodge. The next morning it stops at Springfield to breakfast, from whence it goes through Newark and arrives at New-York at noon.

From NEW-YORK it starts at 3 o'clock in the afternoon (from Paulus Hook) and arrives at Philadelphia the next evening. For seats at New-York, application may be made to Edward Bardis, Old Office house, to A. Mathieu, corner of Nassau and John Streets, to B. Many, no. 48, Courtlandt, corner of Greenwich Street, and to Michael Little, at his hotel, no. 42, Broad Street.

Fare for passengers, Five Dollars.
Way passengers 6 Cents per Mile.

Each passenger is allowed to take on rails of baggage carriage free; but all other baggage, taken on by a passenger, will be charged at 4 cents per pound weight.

With respect to packages sent on without passengers, the proprietors presume they have adopted a regulation, which, though unknown to other lines of stages, they think must meet with general approbation. They pledge themselves to make good every package on the following conditions. The person who delivers the package at the office shall see it entered in the stage-book, for which entry he shall pay 6 cents; he will then state the value of the package, and pay (exclusive of the carriage) one per cent. on the value, as insurance, and for which he will receive a receipt. Thus, for instance, if he estimates his package at one dollar, he will pay one cent, and if at one hundred dollars, he will pay one dollar insurance, and in like proportion for packages of any other value.

Very few persons it is presumed, will dislike this regulation; it will however, be optional with every one to avail himself of this security or not. But the proprietors think it right to state very explicitly, that they will be responsible for the safe delivery of no package, which is not regularly entered, and for which an insurance receipt cannot be produced.

In the distribution of the route, the greatest care has been taken to fix on such places and taverns as always afford a good accommodation and entertainment for the passengers at the most reasonable rates. The stages are well equipped furnished with fleet and steady horses, and committed to the care of intelligent sober and obliging drivers. The proprietors themselves live at the different towns and villages where the stages will stop, so that the conduct of the persons they employ is continually an object of their attention.—They take care also to see that the passengers are well provided for and politely treated at the taverns, and that no sort of chicanery or influence is practised upon them; in short, they have spared neither pains nor expense to render the SWIFT-SURE the very best line of stages in America.

The line has now run nearly a month, during which time a great number of gentlemen have gone through, both from Philadelphia and New-York. Every passenger has found the road to surpass very far all that has been said of its excellence; and the Proprietors of the Swift Sure are extremely happy to hear the behaviour of their drivers, and the treatment at Taverns spoken of with the highest satisfaction.
