IN all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessies, in the fucceeding generation, to preserve the public records, and the attention of the nation, in these rude ages, being called off from their domestic concerns, to engage in wars and conquest. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost inestimable. It is hoped, that American swill, therefore, chearfully contribute their affishance in transmitting to posterity the labours of their ancestors—founders of the Columbian nations.

The Swift-Sure, A NEW LINE OF STAGES. NOW RUNNING BETWEEN

PHILADELPHIA & NEW-YORK.

By the short and pleasan; road of Buffleton, Newtown, Scotch Plains, Spring.
field and Newark.
THE excellence of this road, the populous

THE excellence of this road, the populous needs of the country through which it pallies, with fundry other advantages, which render it fo far preferable to the Old Road through Briffol, Bruntwick, &c. long ago fuggefled the propriety of its becoming the Grand Thorough Fare from Philadelphia to New York. During the prefere year, a minute fervey of it has been taken, and its superiority over the Old Road, both in winter and summer, has been clearly ascertained.—There are good bridges over all the other waters but the Delaware, and here the crossing is performed with great fafety and in less than half the time required at the Trenton Ferry. The road is feveral miles shorter than the old road, but this is amongs the least of its advantages, because daily experience proves to us, that dispatch as well as comfort in travelling principally depend on the goodness of the road and the levelness of the country, and, in these respects, the New Road is, beyond all comparison, the best. It prefents none of those rocky hills, which render the Old Road so fatigating between the Delaware and Newark. The soil, too, for the greater part, is such as to produce but little mud in winter, and very little cust in summer, which circumstance, added to the beauty of the country, and a condiderable proportion of shade, must always render travelling in the latter scason PHILADEL.

The Swift Sure flarts from PHILADEL-PHIA, at 6 6 clock every morning (Sundays excepted) from the GREEN TREE, opposite excepted) from the GREEN TREE, opposite the Lutheran Church, North Fourth Rreet. It goes through Frankford to Buffleton, where it flops to Breakfast; from Bustletown it goes through Newtown to Penny-town to dinner; from Penny town-through Hopewell, Millstone, Bound-brook, Quib'sletown and Plainfield to Scotch Plains to lodge. The next morning it stops at Springfield to breakfast, from whence it goes through Newark and arrives at New-York at noon.

From NEW-YORK it flasts at 3 o'clock in the afternoon (from Paulus Hook) and arrives at Philadelphia the next evening. For feats at New-York, application may be made to Edward Bardia, Old Coffee house, to A. Mathieu, corner of Nassau and John streets, to B. Many, no. 48, Courtlandt, corner of Greeuwich freet, and to Michael Little, at his hotel, no. 42, Broad freet.

Fare for passengers, Five Dollars. Way passengers 6 Cents per Miles

Each passenger is allowed to take on 14lbs. of baggage carriage free; but all other baggage, taken on by a passenger, will be charged at 4 cents per pound weight.

With respect to packages fent on without With respect to packages sent on without passengers, the proprietors presume they have adopted a regulation, which, though unknown to other lines of stages, they think must meet with general approbation. They pledge themselves to make good every package on the following conditions. The person who delivers the package at the office shall see it entered in the stage-book, for which entry he shall pay 6 cents; he will then state the value of the package, and pay (exclusive of the carriage) one percent, on the value, as insurance, and for which he will receive a receipt. Thus, for instance, if he estimates his package at one dollar, he will pay one cent, and if at one hundred dollars, he will pay one dollar insurance, and in like proportion for packages of any other value.

portion for packages of any other value.

Very few persons it is presumed, will dissike this regulation; it will however, be optionable with every one to avail himself of this security or not. But the proprietors think it right to state very expliaitly, that they will be responsible for the safe delivery of no package, which is not regularly entered, and for which an infurance receipt cannot be produced.

In the distribution of the route, the greatest care has bren taken to fix on such places and taverns as always afford a good accommodation and entertainment for the passengers at the most reasonable rates. The stages are well equipped surnished with sleet and steady horses, and committed to the care of intellige a sober and obliging drivers. The proprietors themselves live at the different towns and villages where the slages will stop, so that the conduct of the persons they employ is continually an object of their attention.—They take care also to see that the passengers are well provided for and positely treated at the taverns, and that no fort of chicanery or insolence is practifed upon them; is smort, they have sparedneither pains nor expense to render the SWIFT-SURE the very best line of stages in America.

The line has now run nearly a month, during which time a great number of centlemen.

of stages in America.

The line has now run nearly a month, during which time a great number of gentlemen have gone through, both from Philadelphia and New-York. Every passenger has found the road to surpass very far all that has been said of its excellence; and the Proprietors of the Swift Sure are extremely happy to hear the behaviou of their drivers, and the treatment at Taverner tpoken of with the highest satisfaction.
