

Just Published,
A COMPENDIOUS SYSTEM
Of Practical Surveying and dividing of
land; briefly comprised under the
following heads, viz.
TWENTY-THREE Geometrical Defini-
tions, eleven Geometrical Positions, ex-
hibiting to view the properties and depen-
dencies of triangles; followed by problems
and examples preparatory to Trigonometry,
heights and distances. Then fifteen prob-
lems and examples necessary to calculating a Sur-
vey succeeded by seven surveys, the area of the
four first is found geometrically, and of the
whole number by difference of latitude and de-
parture, showing how to take an inaccessible
boundary, find the bearing and distance of the
closing line without running it, also the dis-
tances to an inaccessible corner from the two
adjacent corners, followed by examples of ob-
jects on to winding streams of water, showing
how to ascertain the area without the trouble
of measuring the windings with chains and in-
struments—a crooked water course straightened,
and a quantity of land on each side found by
these objects.
Ten examples of dividing land, with many
sub-divisions, leading into the most critical cir-
cumstances that can occur in practice; an ex-
ample of Intersections, and an example show-
ing how the bearings of a field may be truly
taken where the needle is attracted, altho'
the attraction may vary in quantity and denomina-
tion at every station; examples showing the
method of measuring by the chain only. All the
rules are clear and explicit. This work con-
tains the tables of difference of latitude and de-
parture and of logarithms.

Essex, in the State of New Jersey, directed to

TO THE PUBLIC.
THE time being fixed on, when the
MILITARY LAND (commonly
called Knox's) WARRANTS, granted to
the United States Army, are to be registered
and located,—the subscribers have ex-
plored that tract of land on which those war-
rants are to be laid; with a view, and for
the purpose of offering their services as lo-
cators.
We take the liberty of suggesting, "that
we are at least as well acquainted with the
situation, quality of the soil, &c. of the dif-
ferent townships in the aforesaid tract, as
any other person;" this will, perhaps, ap-
pear more clearly, by observing, that WIL-
LIAM C. SCHENK assisted in running the
Indian boundary line; at which time he
considerably traversed that tract; he also
assisted in surveying and laying it off into
townships, and at other times ranged over
it, to gain information. But to obtain a
more complete and accurate knowledge, we
have lately spent between two and three
months, with several assistants, in particu-
larly examining the different townships and
quarter townships; by which means we have
acquired an accurate knowledge of the whole
district.—We now offer our services to the
public, as Locators, with assurances that we
will locate every person's warrants entrusted
to us to the best advantage, agreeably to
their rights of location, which is to be de-
termined according to law. For our ser-
vices we demand the one equal tenth part,
either in lands or warrants, when we locate
a full tract, or four thousand acres or more,
for one person or firm; the land to be taken
in a square, at a corner of the tract; which
corner is to be equitably determined before
the time of location.—The one equal sixth
part, in cash or warrants, when we connect
and locate any amount less than four thou-
sand acres. We will be in Philadelphia
from December next, until after the time of
location, to transact this business. Any
person wishing to satisfy himself farther,
will please to call on us, by letter, (postage
paid) or otherwise; when due attention will
be paid, and such vouchers may be seen as
we have to offer, which we hope will be sat-
isfactory.

The Swift-Sure,
A NEW LINE OF STAGES,
NOW RUNNING BETWEEN
PHILADELPHIA & NEW-YORK,
By the short and pleasant road of
Bullieton, Newtown, Scotch Plains, Spring-
field and Newark.

THE excellence of this road, the populat-
ness of the country through which it pas-
ses, with sundry other advantages, which render
it so far preferable to the Old Road through
Brittol, Brunswick, &c. long ago suggested the
propriety of its becoming the Grand Thoro-
ugh-Fare from Philadelphia to New York.
During the present year, a minute survey of it
has been taken, and its superiority over the Old
Road, both in winter and summer, has been
clearly ascertained.—There are good bridges
over all the other waters but the Delaware,
and here the crossing is performed with great
safety and in less than half the time required by
the Trenton Ferry. The road is several miles
shorter than the old road, but this is amply
the least of its advantages, because daily expe-
rience proves us, that dispatch as well as com-
fort in travelling principally depend on the
goodness of the road and the levelness of the
country; and in these respects, the New Road
is beyond all comparison, the best. It presents
none of those rocky hills, which render the Old
Road so fatiguing between the Delaware and
Newark. The soil, too, for the greater part, is
such as to produce but little mud in winter, and
very little dust in summer, which circumstance,
added to the beauty of the country, and a con-
siderable proportion of shade, must always ren-
der travelling in the latter season peculiarly agree-
able.
The Swift Sure starts from PHILADEL-
PHIA, at 6 o'clock every morning (Sundays
excepted) from the GREEN TREE, opposite
the Lutheran Church, North Fourth Street. It
goes through Frankfort to Bullieton, where it
stops to breakfast; from Bullieton it goes
through Newtown to Penny-town to dinner;
from Penny-town through Hopewell, Millstone,
Bound-brook, Quibbletown and Plainfield to
Scotch Plains to lodge. The next morning it
stops at Springfield to breakfast, from whence
it goes through Newark and arrives at New-
York at noon.
From NEW-YORK it starts at 3 o'clock in the
afternoon (from Paulus Hook) and arrives at
Philadelphia the next evening. For seats at
New-York, application may be made to Ed-
ward Bardin, Old Coffee house, to A. Mathien,
corner of Nassau and John streets, to B. Many,
no. 48, Courtlandt, corner of Greenwich Street,
and to Michael Little, at his hotel, no. 42,
Broad Street.

Fare for passengers, Five Dollars.
Way passengers 6 Cents per Mile.
Each passenger is allowed to take on 14 lbs. of
baggage carriage free; but all other baggage,
taken on by a passenger, will be charged at 4
cents per pound weight.
With respect to packages sent on without
passengers, the proprietors presume they have
adopted a regulation, which, though unknown
to other lines of Stages, they think most meet
with general approbation. They pledge them-
selves to make good every package on the fol-
lowing conditions. The person who delivers
the package at the office shall fee it entered in
the stage-book, for which entry he shall pay 6
cents; he will then state the value of the pack-
age, and pay (exclusive of the carriage) one per
cent, on the value as insurance, and for which
he will receive a receipt. Thus, for instance,
if he estimates his package at one dollar, he will
pay one cent, and if at one hundred dollars, he
will pay one dollar insurance, and in like pro-
portion for packages of any other value.

Very few persons it is presumed, will dislike
this regulation; it will however, be optional
with every one to avail himself of this security
or not. But the proprietors think it right to
state very explicitly, that they will be respon-
sible for the safe delivery of no package, which
is not regularly entered, and for which an insur-
ance receipt cannot be produced.
In the distribution of the route, the greatest
care has been taken to fix on such places and ta-
verns as always afford a good accommodation
and entertainment for the passengers at the most
reasonable rates. The stages are well equip-
ped with fleet and steady horses, and com-
mitted to the care of intelligent sober and obli-
giting drivers. The proprietors themselves live
at the different towns and villages where the
stages will stop, so that the conduct of the per-
sons they employ is continually an object of their
attention.—They take care also to see that the
passengers are well provided for and politely
treated at the taverns, and that no sort of chican-
ery or intolence is practised upon them; in-
short, they have spared neither pains nor expence
to render the SWIFT-SURE the very best line
of stages in America.

The line has now run nearly a month, dur-
ing which time a great number of gentlemen
have gone through, both from Philadelphia and
New-York. Every passenger has found the
road to surpass very far all that has been said of
its excellence; and the Proprietors of the Swift
Sure are extremely happy to hear the behavior
of their drivers, and the treatment at Taverns
spoken of with the highest satisfaction.
