TO THE PUBLIC.

THE time being fixed on, when the MILITARY LAND (commonly called Knox's) WARRANTS, granted to the United States' army, are to be registered and located, the subscribers have explored that tract of land on which those warrants are to be laid; with a view, and for the purpose of offering their services as locators.

We take the liberty of suggesting, that we are at least as well acquainted with the situation, quality of the soil, &c. of the different townships in the aforesaid tract, as any other person; this will, perhaps, appear more clearly, by observing, that WILLIAM C. SCHENCK assisted in running the Indian boundary line; at which time he considerably traversed that tract; he also assisted in surveying and laying it off into townships, and at other times ranged over it, to gain information. But to obtain a more complete and accurate knowledge, we have lately spent between two and three months, with several assistants, in particularly examining the different townships and quarter townships; by which means we have acquired an accurate knowledge of the whole district.

We now offer our services to the public, as Locators, with assurances that we will locate every persons warrants intrusted to us to the best advantage, agreeably to their rights of location, which is to be determined according to law. For our services we demand the one equal tenth part, either in lands or warrants, when we locate a full tract, of four thousand acres or more, for one person or firm; the land to be taken in a square, at a corner of the tract; which corner is to be equitably determined before the time of location.

The one equal sixth part, in cash or warrants, when we connect and locate any amount less than four thousand acres. We will be in Philadelphia from December next, until after the time of location, to transact this business. Any person wishing to satisfy himself farther, will please to call on us, by letter, (postage paid) or otherwise; when due attention will be paid, and such vouchers may be seen as we have to offer, which we hope will be satisfactory.
