

UPWARDS OF
Eighteen Thousand Persons
of all ages, within nine months past, have found relief from
HAMILTON'S
Worm destroying Lozenges,
in various complaints arising from worms and from humors or obstructions in the stomach and bowels.
This medicine bears no analogy whatever to others of similar title to commonly complained of, as operating with a degree of violence, sufficient, not only to kill worms, but sometimes to endanger the patient's life; on the contrary, a peculiar excellence of this remedy is, its being suited to every age and constitution, contains nothing but what is perfectly innocent, and is so mild in its operation, that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.

RECENT CURES
Selected from several hundreds, the authenticity of which, any person may ascertain either by letter or personal application—not being performed in Europe, nobody knows where—but at home.

AFIDAVIT.
MICHAEL DUFFY, residing at No. 47, Wilkes Street, Fell's point, in the city of Baltimore, voluntarily maketh oath, that the following statement is just and true.
In the beginning of May last, my three children, a boy of seven, and two girls, the one five and the other three years of age, were taken very ill, nearly at the same time, of a common fever, as I then supposed; but was soon convinced the disorder was caused by worms—they were frequently troubled with convulsion fits, and violent harings in their sleep, and with almost continual vomiting and purging, particularly the youngest. I made immediate application to a physician of the first reputation, and his medicines were administered with a confidence of success which only increased our disappointment. The children grew daily worse, and I was absolutely without hope of their recovery. The youngest soon appeared almost dead. In this distressing moment, I was told that Hamilton's Worm Destroying Lozenges had performed many cures in cases equally desperate—I immediately purchased a box, and gave each of them a dose, which in a few hours produced the most desirable effects; the eldest voided a great number of very large worms, and the second thousands of small ones, many of them not a quarter of an inch long—in the youngest they seemed to be continued, and had the appearance of filaria and of filmy matter. I repeated the dose agreeable to the paper of directions, and they all speedily recovered a good state of health which they still enjoy, though five months have nearly elapsed since they were on the borders of the grave, and the death of the whole appeared to be inevitable.
Sworn before me this 26th day of September, 1799.
J. SMITH.

LETTER
From Mr. John A. Abercromby, Soap and Candle Manufacturer, No. 28, Bridge Street, Baltimore.
TO THE PROPRIETOR OF
Hamilton's Worm Destroying Lozenges.
Sir, October 22, 1799.
I think it my duty to inform you that I have experienced the happiest effects from your Lozenges, having been much afflicted for four years past, with various complaints caused by worms, particularly a constant pain in my stomach and bowels, frequent and severe head aches, with a general lassitude and weakness, during which time I had the best medical advice that could be obtained from the most skillful physicians I could hear of, both American and European, with an alleviation of my disorder.

I should, too probably, have continued without relief, but for your Worm Destroying Lozenges, which brought from me an astonishing quantity of small white worms, about the size of a coarse thread, and in a short time, I found myself perfectly free from all my former complaints, and have enjoyed a good state of health for five months past.
I have constantly recommended your medicine, and shall as long as I live, having, from my own experience reason to believe it to be an invaluable and unparalleled remedy. Should any person wish for further information, I will with pleasure satisfy their enquiries on this subject.
JOHN J. ABERCROMBY.

Sir, July 10, 1799.
I had been a long time afflicted with a violent and gnawing pain in my stomach, a dull, heavy, continual head ache, with a frequent swimming in my head, accompanied with dimness of sight and sometimes partial blindness, and was rendered incapable of attending my business, thro' loss of strength; sometimes could scarcely eat a morsel for two or three days; when my appetite would suddenly become astonishingly voracious. I firmly believed myself to be in a consumption, which must soon put a period to my life, when happily hearing of several cures performed by Hamilton's Worm Destroying Lozenges in complaints which could not be accounted for, I took two doses, which expelled an incredible number of small sharp pointed worms: in short, I now enjoy as perfect health and strength, as ever I did in my life, and I believe my cure to be entirely effected by means of your medicine.
My brother witnessing its surprising efficacy was induced to take a dose though in tolerable health, which occasioned him likewise to void a great quantity of worms of the same kind, and thereby probably prevented his experiencing those dreadful disorders with which I was afflicted.
A sincere desire that others in similar circumstances may receive the same benefit, is the reason of my sending you this account.
Yours, very respectfully,
AQUILA GOLDING.
Hartford Road, 2 miles from Baltimore.

OBSERVE.
Those who wish to avail themselves of the benefits proposed by the above remedy, should be particularly careful as they value their money and their health, to guard against the numerous impostors daily attempted on the public, by applying to Mr. Wm. Y. Birch, Stationer, No. 37, South Second Street, who is appointed the only vender in Philadelphia—Likewise observe that none can be depended on as being genuine, unless the signature of Lee & Co. is placed on the outside of each.
Purchasers by the dozen or great will receive a handsome allowance by application to Lee and Co. Market Street, Baltimore.

TERMS
Of Richard Folwell, in Philadelphia,
FOR SUBSCRIBING TO THE
JOURNALS OF CONGRESS,
From the commencement
Of the American War, in 1774, to
the present time,
INCLUDING
The Reports of Heads of Departments, of Committees, and other Official and Private Papers of that Body, now first permitted to be made public.

THE work will be printed on a fine paper, and a new neat type, in large octavo.
Each volume will contain above 500 pages, neatly bound and lettered.
Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessors of a valuable record, an ornament may be added to their libraries.
The price to subscribers will be 2 dollars, 75 cts. per volume, in boards, and 3 dollars, whole bound, but, as the publisher does not intend to print more than the number subscribed for, a considerable rise on the price may be expected to non-subscribers.
Each volume will contain about one third less of letter-press than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain the number of volumes which will comprise the work.
Payments to be made on delivery of each volume.
Subscribers will have it at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

IN all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessness in the succeeding generation, to preserve the public records, and the attention of the nation, in those rude ages, being called off from their domestic concerns, to engage in wars and conquest. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost invaluable. It is hoped, that Americans will, therefore, cheerfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.
* The work will certainly be advanced with expedition and promptitude. The following will show the support it has already acquired:

"THE MEMORIAL of the Subscribers, Citizens, &c. of Philadelphia,

"That having, in our respective avocations, frequent occasions to recur to the Journals of Congress, we experience inconvenience by the scarcity of them: That we understand that Richard Folwell, printer of Philadelphia, has had it in contemplation to print that public record; and that he hath obtained partial countenance from many individuals; but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, as the publication is necessary to be disseminated among public bodies, that Congress will, in their wisdom, render him such additional encouragement, to that which he has obtained from private individuals, as to enable him to proceed with the work, in that your Memorialists may be enabled to purchase copies of that record for themselves.
