THE FOLLOWING
VALUABLE MEDICINES.

Infallible Ague and Fever Drops.
A long catalogue on the virtues of this medicine is unnecessary, as the money will be returned if it does not relieve, it never having failed in many thousand cases; yet one in a hundred has had occasion to take more than a bottle, and numbers not half a bottle.

Hahn's Anti-bilious Pills.
Dr. HAHN'S
TRUE AND GENUINE
German Corn Plaster.
All infallible remedies for corns, speedily removing them root and branch, without giving pain.

The Genuine Perfum Lotion.
So celebrated among the fashionable throughout Europe, as an infallible cosmetic, perfectly innocent and safe, free from corrosive and repulsive ingredients (the basis of other lotions) and of unparalleled efficacy in preventing and removing numerous blemishes of the face and skin of every kind, particularly, freckles, pimples, pits, small pits, inflammatory redness, scurf, tetter, ring worms, sun burn, prickly heat, premature wrinkles, &c. The Perfum Lotion operates mildly, without impeding that natural, inflexible perspiration, which is essential to health; yet its effects are speedy and permanent, rendering the skin delicately soft and smooth, improving the complexion and restoring the bloom of youth; never failing to render an ordinary countenance beautiful, and a handsome one more so.

Sovereign Ointment for the Itch.
Warranted an infallible and immediate cure, in every case; being the most speedy, efficient and pleasant remedy ever offered to the public, and for the satisfaction of the numerous, the prophetic words which state, that this ointment does not contain a single particle of mercury or any other pernicious ingredients in its composition, and may be used with the most perfect safety by pregnant women and on infants newly born.

Patent Indian Vegetable Specific.
For the cure of Venereal Complaints of every description.
An extensive trial of over four years, has proved the vegetable specific to be a radical in expelling the venereal virus, however deeply seated in the constitution, and has restored health to many who have been brought to the verge of the grave by the improper administration of mercury. Within this period upwards of eight thousand patients have been cured in its efficacy.

**HAMILTON'S
Worm Destroying Lotions.**
Which have, within our month's past, sold out upwards of EIGHTEEN THOUSAND PERSONS of all ages in various complaints arising from worms and from flatulency or obstructions in the bowels and stomach.
This medicine bears an analogy whatever to others of similar kind commonly employed, as operating with a degree of violence, sufficient, not only to kill worms, but to destroy or enfeeble the patient's life; on the contrary, a peculiar excellence of this remedy is, its being found to every age and constitution, causing nothing but what is perfectly innocuous, and is so mild in its operation, that it cannot injure the most delicate infant, or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels of whatever is bad or offensive, and thereby prevent the production of worms and many fatal disorders.

At the place of sale may be seen many remarkable cures of worms, the expediency of which may be ascertained, either by letter or personal application—our being performed in Europe, nobody knows where—but at home.

Persons wishing to procure any of the above medicines genuine, must apply ONLY to above—and likewise observe, that the signature of Lee & Co. (who are appointed the general agents for the United States) is placed on the outside of each, without which they cannot be genuine.

**At the above place may be likewise had,
GOWLAND'S LOTION.
CHURCH'S COUGH DROPS.
ANDERSON'S PILLS, &c. &c.**

TERMS
Of Richard Folwell, in Philadelphia,
FOR SUBSCRIBING TO THE
JOURNALS OF CONGRESS,
From the commencement
Of the American War, in 1774, to
the present time,
INCLUDING
The Reports of Heads of Departments, of
Committees, and other Official and Pri-
vate Papers of that Body, now first per-
mitted to be made public.

THE work will be printed on a fine paper, and a new and improved type, in large octavo.
Each volume will contain above 300 pages, neatly bound and lettered.
Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessors of a valuable record, an ornament may be added to their libraries.
The price to subscribers will be a dollar, 75 cts per volume, in boards, and 3 dols. whole bound, but, as the publisher does not intend to print more than the number published for, 2 copies of the work on the price may be applied to non-daily subscribers.
Each volume will contain one third less of letter-press than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain the number of volumes which will comprise the work.
* * * * *
Payments to be made on delivery of each volume.
Subscribers will have it at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

IN all countries, the proceedings in the commencement of their governments, are left in darkness and obscurity, owing to a carelessness of the succeeding generations, to preserve the public records, and the preservation of the same, in their trade ages, being called off from their domestic concerns, to engage in wars and conquest. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that devours every thing, advances the value of well authenticated public records, and renders them almost incalculable. It is hoped, that Americans will, therefore, cheerfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.

The work will certainly be advanced with expedition and promptness. The following will show the progress it has already acquired:

The MEMORIAL of the Subscribers, Citizens, &c. of Philadelphia,
* * * * *
That having, in our respective associations, frequent occasion to resort to the Journals of Congress, we experience inconvenience by the scarcity of them: That we understand that Richard Folwell, printer, of Philadelphia, has had it in contemplation to print said public records; and that he hath obtained partial communication, many not visible, but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, as the publication is necessary to be disseminated among public bodies that Congress will, in their wisdom, render him such additional encouragement, as that which he has obtained from private individuals, as an enable him to proceed with the work, so that your Memorials may be enabled to purchase copies of that record for themselves.
