Genuine Essence and Extract of MUSTARD.

A SAFE AND EFFECTUAL REMEDY

For acute and chronic rheumatism, gout, palsy, lumbago, numbness, white swellings, chilblains, sprains, bruises, pains in the face and neck, &c. &c.

The experience of many ages and the testimony of the ablest medical practitioners, from an early period to the present time, agree in ascribing to mustard, every powerful and singular virtue—in every case where the necessity of stimulating remedies are indicated, while the inflammatory state of the system forbids the use of medicines of a heating quality, mustard is eminently useful, and vastly superior to any other drug.

The essence and extract of mustard contain the whole virtues of the plant concentrated in a small compass, entirely divested of that acrimony which renders its external application inconvenient in a crude state, likewise rejecting those inert and useless parts which compose the chief of its bulk, and render the necessary dose so large as to be extremely nauseating to the stomach, by which means every inconvenience is obviated in these medicines.

This valuable remedy is prepared both in a fluid state and in pills, and thus excellently adapted for external and internal use.

The pills operate mildly by urine and by insensible perspiration, expelling the superfluous and morbid humours; they are highly cordial to the stomach, create appetite, assist digestion, removing flying pains, and cold or windy complaints in the stomach and bowels.

The essence is a wonderful affluant to the pills in rheumatism, gout, lumbago and palsy, and by its peculiar penetrating and dispersing quality, removes the most violent sprains, bruises, numbness, stiffness of the neck, joints, &c. swelled faces, head ache, indurated breasts, white swellings, frozen limbs, &c. and will infallibly prevent the ill effects of getting wet or damp in the feet.

Many persons have been much disappointed by purchasing medicines under the name of Essence of Mustard, which have no analogy whatever to this remedy; some of these preparations are perfectly inert, others produce the most violent and dangerous effects, and are much to be guarded against.

CASES OF CURES.

Selected from a numerous list.

From Capt. Dowers, Arch-street, Philad.

DEAR SIR,

As you think it will be useful, you are at liberty to publish my testimony in favor of Hamilton's Essence and Extract of Mustard.

I have been about four years much afflicted with the rheumatism in my shoulders, and sometimes so violently affected as to prevent me from moving my arms, and I was never free from severe pain in some part or other.—I have been at much expense, and tried a good deal of medicine to no purpose; I purchased a bottle of drops, advertised under a title similar to your medicine, but experienced the most excruciating smart from its application, which obliged me to desist.—At length I was advised by Dr. Biggs to try Hamilton's Essence and Extract of Mustard, from which I found immediate relief, and by the use of three boxes and two bottles, I have recovered a state of perfect health and strength.—I shall take a good supply to sea, and never be without so valuable a medicine in my possession.

I am, &c.

I. R. DAWES.

Mr. Henry Reese, Butcher, proprietor of No. 24 Centre Market-House, Baltimore.

SIR,

About two months ago, your valuable medicine proved of singular service to me, I was not able to move from my room for upwards of a fortnight, with a rheumatism or rheumatic gout in my left foot and ankle; when Dr. Buchanan recommended the Essence of Mustard, as the only medicine to be depended on, and directed me where to procure it, and by using less than a quarter of a bottle and a few of the Pills, I was able to ride to market next day, and have been perfectly free from my complaint ever since.

HENRY REESE.

January 4, 1800.

Mrs. Mary M'Crea, wife of Mr. George M'Crea, grocer, Bond-street, Fell's Point, was perfectly cured (by persevering in the use of Hamilton's Essence and Extract of Mustard) of a rheumatic complaint of eleven years standing. The greatest part of last winter she was unable to dress or undress without assistance, she had the best medical advice both in Europe and America without effect.

From Mr. Charles Willett, Plaisterer, Platt street, Baltimore.

SIR,

I find you the particulars of my cure by Hamilton's Essence and Extract of Mustard, that you may make it known for the benefit of others. About two months ago I strained my right knee so violently by a fall that I was unable to walk without a crutch. I tried British oil, Opodeldoc and other medicines, but grew considerably worse, and the part became inflamed and swelled to a considerable degree, when I was recommended to the Essence of Mustard, and by using two bottles I was able to walk in less than a week, and am now as hearty as ever.

HAMILTON'S

GRAND RESTORATIVE,

WHICH the inventor confidently recommends as an invaluable medicine for the speedy relief, and permanent cure of various complaints which result from dissipated pleasures—juvenile indiscretions—

residence in climates unfavorable to the constitution—the immoderate use of tea, frequent intoxication, or any other destructive intemperance—the unskillful or excessive use of Mercury—the disease peculiar to females at a certain period of life, bad lying in, &c.

And is proved by long experience to be unparalleled

In the cure of nervous disorders, consumptions, loss of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and back, indigestion, melancholy, gout in the stomach, pains in the limbs, relaxations, involuntary emissions, femoral weakness, oblique gleet, fluor albus, (or whites) impotency, barrenness, &c. &c.

This medicine is perfectly different in its qualities and operation from those hot and irritating drugs so frequently proposed for similar purposes, and which only recommend themselves by the dangerous rapidity of their effects, and which acting as a temporary but violent stimulus on the nervous system, infallibly produce greater evils than those they are intended to remove.

The principal operation of this remedy is in the stomach, restoring the digestive powers, attending from that organ new health and vigour into every part of the system; it enriches and purifies the blood without softening it, braces without stimulating too violently the nervous system; strengthens the secretory vessels and general habit; brings back the muscular fibres to their natural and healthy tone, and restores that nutrition which in moderate evacuations have destroyed, and which has had thrown the whole frame into languor and debility.

The restorative is absolutely above all recommendation in removing those weaknesses and infirmities with which many females are afflicted, the consequences of efficient and painful labor, or of injudicious treatment therein.

The most obnoxious femoral gleet, and the most distressing cases of fluor albus in females, fall particularly under the province of this restorative, speedily yield to its benign operation, and are radically cured, by correcting and purifying the acrimonious humours, restoring a proper degree of tension to the relaxed fibres, strengthening the weakened organs.

In cases of extremity where the long prevalence and obliquity of disease has brought on a general impoverishment of the system, excessive debility of the whole frame, and a wasting of the flesh, which no nourishment or cordial could repair—a perseverance in the use of this medicine has performed the most astonishing cures.

The grand restorative is prepared in pills as well as in a fluid form, which affords considerably in procuring a gradual and lasting effect.—Their virtues remain unimpaired for years in any climate.

Persons wishing to procure any of the above medicines genuine, must apply ONLY as above—and likewise observe that the signature of LEE & Co. (the general agents for the United States) is pasted on the outside of each, without which they cannot be genuine.

At the above place may likewise be had Hamilton's justly celebrated Worm Lozenges, the infallible Itch Ointment, Dr. Leroux's Indian Vegetable Specific for Venereal Complaints, Ague and Fever Drops, which have never failed effecting a cure, Hahn's Anti-bilious Pills, Ditto Coon Plaster, the Perfian Lotion for the face and skin, Gowland's Lotion, Church's Cough Drops, Anderson's Pills.

They will receive a less quantity of warrants than for four thousand acres, and arrange them with others, so as to complete that number (which makes a location or quarter township) and have them registered.—They each surveyed a district of the military tract, and have since explored the interior parts of the townships and sections, and will be able to designate with precision, the preference in the choice of the several locations or quarter townships throughout the whole body of the military lands.—One tenth part of the land will be demanded for making the location, &c. to be taken by lot in such manner that their proportion of a section or quarter township will lie together. For further particulars enquire of the subscriber, at No. 9, fourth Fifth street, two doors above the Secretary of State's office, where satisfactory general information relative to the army laws may be obtained.

TERMS

Of Richard Folwell, in Philadelphia,

FOR SUBSCRIBING TO THE

JOURNALS OF CONGRESS,

From the commencement

Of the American War, in 1774, to the present time,

INCLUDING

The Reports of Heads of Departments, of Committees, and other Official and Private Papers of that Body, now first permitted to be made public.

THE work will be printed on a fine paper, and a new neat type, in large octavo.

Each volume will contain above 500 pages, neatly bound and lettered.

Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessed of a valuable record, an ornament may be added to their libraries.

The price to subscribers will be a dollar, 75 cts. per volume, in boards, and 3 dollars whole bound, but, as the publisher does not intend to print more than the number subscribed for, a considerable rise on the price may be expected to non-subscribers.

Each volume will contain about one third less of letter-press than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain the number of volumes which will comprise the work.

Payments to be made on delivery of each volume.

Subscribers will have it at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

IN all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessness in the succeeding generations, to preserve the public records, and the attention of the nation, in these regards, being called off from their domestic concerns, to engage in wars and conquests. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost inestimable. It is hoped, that America will, therefore, cheerfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.

* * * The work will certainly be advanced with expedition and promptitude. The following will show the support it has already acquired:

"Philadelphia, June 15, 1798.

"The MEMORIAL of the Subscribers, Citizens, &c. of Philadelphia,

"Respectfully sheweth,
"That having, in our respective avocations, frequent occasions to recur to the Journals of Congress, we experience inconveniences by the scarcity of them: That we understand that Richard Folwell, printer of Philadelphia, has had it in contemplation to print that public record; and that he hath obtained partial countenance from many individuals; but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, that the publication is necessary to be disseminated among public bodies, that Congress will, in their wisdom render him such additional encouragement, to that which he has obtained from private individuals, as to enable him to proceed with the work, so that your Memorials may be enabled to purchase copies of that record for themselves.
