

JUST RECEIVED,  
AND FOR SALE  
By WILLIAM Y. BIRCH,  
STATIONER,  
No. 17 South Second Street,  
D. HAMILTON'S  
Genuine Essence and Extract of  
MUSTARD.

A SAFE AND EFFECTUAL REMEDY  
For acute and chronic rheumatism, gout palsy,  
lumbago, numbness, white swellings, chilblains,  
sprains, bruises, pains in the face and neck,  
&c. &c.

The experience of many ages and the testi-  
mony of the ablest medical practitioners, from  
an early period to the present time, agree in  
ascribing to mustard, every powerful and singu-  
lar virtue—in every case where the necessity of  
stimulating remedies are indicated, while the  
inflammatory state of the system forbids the use  
of medicines of a heating quality, mustard is  
eminently useful, and vastly superior to any  
other drug.

The essence and extract of mustard contain  
the whole virtues of the plant concentrated in a  
small compass, entirely divested of that acrimo-  
ny which renders its external application so  
inconvenient in a crude state, likewise rejecting  
those inert and useless parts which compose the  
chief of its bulk, and render the necessary dose  
so large as to be extremely nauseating to the  
stomach, by which means every inconvenience is  
obviated in these medicines.

This valuable remedy is prepared both in a  
fluid state and in pills, and thus excellently  
adapted for external and internal use.

The pills operate mildly by urine and by in-  
sensible perspiration, expelling the superfluous  
and morbid humours; they are highly cordial  
to the stomach, create appetite, assist digestion,  
remove flying pains, and cold or windy com-  
plaints in the stomach and bowels.

The essence is a wonderful assitant to the  
pills in rheumatism, gout, lumbago and palsy,  
and by its peculiar penetrating and dissolving  
power, it dissolves the acrimonious humours, restores  
the degree of tension to the relaxed fibres,  
strengthens the weakened organs.

In cases of extremity where the long preva-  
lence and obstinacy of disease has brought on a  
general impoverishment of the system, excessive  
debility of the whole frame, and a wasting of  
the flesh, which no nourishment or cordial could  
repair—a perseverance in the use of this medi-  
cine has performed the most astonishing cures.

The grand restorative is prepared in pills as  
well as in a fluid form, which affords consid-  
erably in procuring a gradual and lasting effect.—  
Their virtues remain unimpaired for years in  
any climate.

Persons wishing to procure any of the above  
medicines genuine, must apply ONLY as above  
—and likewise observe that the signature of  
LEE & Co. (the general agents for the United  
States) is pressed on the outside of each, without  
which they cannot be genuine.

reference in climates unfavorable to the condition  
—the immoderate use of tea, frequent intoxication,  
or any other destructive intemperance—the unwholes-  
ome or excessive use of Mercury—the disease pecu-  
liar to icimals at a certain period of life, bad lymph  
in, &c.

And is proved by long experience to be  
unparalleled

In the cure of nervous disorders, consumptions,  
lowness of spirits, loss of appetite, impurity of  
the blood, hysterical affections, inward weak-  
nesses, violent cramps in the stomach and back,  
indigestion, melancholy, gout in the stomach,  
pains in the limbs, relaxations, involuntary  
emissions, femoral weakness, obstinate gleet,  
fluor albus, (or whites) impotency, barrenness,  
&c. &c.

This medicine is perfectly different in its quali-  
ties and operation from those hot and irritat-  
ing drugs so frequently proposed for similar  
purposes, and which only recommend them-  
selves by the dangerous rapidity of their effects,  
and which acting as a temporary but violent  
stimulus on the nervous system, infallibly pro-  
duce greater evils than those they are intended  
to remove.

The principal operation of this remedy is in  
the stomach, restoring the digestive powers, and  
sending from that organ new health and vigor  
into every part of the system; it enriches and  
purifies the blood without enflaming it, braces  
without stimulating too violently the nervous  
system; strengthens the secretory vessels and  
general habit; brings back the muscular fibres  
to their natural and healthy tone, and restores  
that nutrition which in moderate evacuations  
have destroyed, and whose loss had thrown the  
whole frame into languor and debility.

The restorative is absolutely above all recom-  
mendation in removing those weakness and  
infirmities with which many females are afflic-  
ted, the consequences of difficult and painful la-  
bors, or of injudicious treatment therein.

The most obstinate femoral gleet, and the  
most discharging cases of fluor albus in females,  
fall particularly under the province of this restor-  
ative, speedily yield to its benign operation,  
and are radically cured, by restoring and pu-  
rifying the acrimonious humours, restoring a  
proper degree of tension to the relaxed fibres,  
strengthening the weakened organs.

In cases of extremity where the long preva-  
lence and obstinacy of disease has brought on a  
general impoverishment of the system, excessive  
debility of the whole frame, and a wasting of  
the flesh, which no nourishment or cordial could  
repair—a perseverance in the use of this medi-  
cine has performed the most astonishing cures.

TERMS  
Of Richard Folwell, in Philadelphia,  
FOR SUBSCRIBING TO THE  
JOURNALS OF CONGRESS,  
From the commencement  
Of the American War, in 1774, to  
the present time,  
INCLUDING  
The Reports of Heads of Departments, &  
Committees, and other Official and Pri-  
vate Papers of that Body, now first per-  
mitted to be made public.

THE work will be printed on a fine paper, and  
a new neat type, in large octavo.  
Each volume will contain above 500 pages,  
neatly bound and lettered.  
Uniformity in size, paper, and binding, will be  
observed throughout the work; so that, while the  
subscribers become possessors of a valuable record,  
an ornament may be added to their libraries.  
The price to subscribers will be 2 dollars, 75 cts.  
per volume, in boards, and 3 dollars, whole bound,  
but, as the publisher does not intend to print man-  
more than the number subscribed for, a consid-  
erable rise on the price may be expected to non-sub-  
scribers.  
Each volume will contain about one third less  
of letter-press than the original edition; but, as the  
publisher is not yet enabled to determine the extent  
of the Private Journals, which he may be allowed  
to make public, he cannot ascertain the number of  
volumes which will comprise the work.  
Payments to be made on delivery of each  
volume.  
Subscribers will have it at their option, either to  
subscribe for the whole of the Journals, up to the  
present time, or to those only of the Old Congress  
prior to the organization of the Federal Govern-  
ment.

IN all countries, the proceedings in the com-  
mencement of their governments, are lost in dark-  
ness and obscurity, owing to a carelessness, in the  
succeeding generation, to preserve the public re-  
cords, and the attention of the nation, in those re-  
spects, being called off from their domestic concerns,  
to engage in wars and conquest. Of what infinite  
value would the laws of Alfred be, had they been  
transmitted to our days? Time, that destroys  
every thing, enhances the value of well authenti-  
cated public records, and renders them almost in-  
estimable. It is hoped, that Americans will, there-  
fore, cheerfully contribute their assistance in trans-  
mitting to posterity the labours of their ancestors  
—founders of the Columbian nation.  
\* \* \* The work will certainly be advanced with  
expedition and promptitude. The following will  
show the support it has already acquired:

"Philadelphia, June 15, 1798.  
"To the Honorable the Senate and House of Repre-  
sentatives of the United States.  
"THE MEMORIAL of the Subscribers, Citizens,  
&c. of Philadelphia,

"Respectfully sheweth,  
"That having, in our respective avocations,  
frequent occasions to recur to the Journals of Con-  
gress, we experience inconvenience by the scarcity  
of them: That we understand that Richard  
Folwell, printer of Philadelphia, has had it in  
contemplation to print that public record; and  
that he hath obtained partial countenance from  
many individuals; but that he has delayed prosecut-  
ing the work, in expectation of encouragement  
from government, that may adequately indemnify  
him. We, therefore, respectfully solicit, as the  
publication is necessary to be disseminated among  
public bodies, that Congress will, in their wisdom  
render him such additional encouragement, to that  
which he has obtained from private individuals,  
as to enable him to proceed with the work, so that  
your Memorials may be enabled to purchase co-  
pies of that record for themselves.
