Eighteen Thousand Persons Of all ages, within nine morths paft, have found relief from HAMILTON's

Worm deftroying Lozenges, In various complaints artiting from worms and from foulnefs or obfiructions in the stomach and from for bowels.

This medicine bears no analogy whatever to others of fimilar title fo commonly complained of as operating with a degree of violence, fufficient, not only to kill a orms, but fometimes to endan-get the patient's life; on the contrary, a peculiar excellence of this remedy is, its being fuited to what is perfectly innocent, and is fo mild in its operation, that it cannot injure the most delicate pregnant lady, or the tendereft infant of a week old, thould no worms exift in the body; but will, without pain or griping, eleanfe the fromach and bweels of whatever is foul or offenfive, and there by prevent the production of worns: and many fatal diferders. This medicine bears no analogy whatever t

but at home. AFFID AVM, MICHAIL DUFFY, reiding at No. 47, Wilkes fleter, Fell's point, in the city of Bal-timore, voluntarily maketh oath, that the fol-lowing flatement is juft and true. In the beginning of May laft, my three chil-dren, a boy of feven, and two girls, the one five and the other three years of age, were taken very ill, nearly at the fame time, of a common fever, as I then fluppofed; but was foon con-vinced the diorder was called by worms - they were frequent'y troubled with convultion fite, were frequent'y troubled with convultion fits, and violent flattings in their fleep, and with al-moft continual vomiting and purging, particu-larly the yourgeft. I made immediate applica-tion to a phyfician of the first reputation, and his medicines were administered with a confi-dence of fuccels which only encreased our dif-appointment. The children grew daily worle, and I was abfolutely without hopes of their re-covery. The youngeft foon appeared almost devoid of animation, and fearcely an inhabitant of this world. In this differfing moment, I was told that Hamilton's Worm Deftroying Lo-zenges had performed many cures in calce eweie frequent'y troubled with convultion fits, zenges had performed many cures in cales e-qually defperate—I immediately purchafed a box, and gave each of them a dofe, which in a few hours produced the moft defirable effects; the eldeft worded a great number of very large wornes, and the fecond thoulands of finall ones, worrus, and the fecond thoulands of fmall ones, many of them not a quarter of an inch lang—in the youngeft they formed to be confirmed, and had the appearance of first s and of filmy mat-ter. I repeated the dole agreeable to the paper of directions, and they all fpeedily recovered a good flate of health which they fill enjoy, tho' five months have nearly elapfed functhey were on the borders of the grave, and the death of the whole appeared to be inevitable. Sworn before me this 25th day of Septem-ber, 1799. J. SMITH.

TO THE PROPRIETOR OF

S1R, Oktober 22, 1799. I think it ory nuty to inform you that I have experienced the happieft effects from your Lo-zonges, having been much afflided for four y ars paft, with various complaints caufed by worms, particularly a conflant pain in my flo-mach and bowels, frequent and fevere head ache, with a general laffitute and weaknefs, du-ring which time I had the be't medical advice that could be obtained from the moff fkilful phyficians I could hear of, both American and European, with ut any alleviation of my dif-order.

I fhould, too probably, have continued withtenges, which brought from me an aftonibing quantity of finall white worms, about the fize of a coarfe thread, and in a fhort time. I found myfelf perfectly free from all my former complaints, and have enjoyed a good flate of health for five months paft. I have conflantly recommended your medi-cine, and hall as long as I live, having, from, my own experience realon to believe it to be an invaluable and unparalell'd remedy. Should any perfon with for further information, I will with pleafure failsfy their enquiries on this fub-ject. JOHN J. ABERCROMBY.

SIR, July 10, 1799. I had been along time afflicted with a violent and gnawing pain in my ftomach, a dull, heavy, continual head ache, with a frequent fwimming in my head, accompanied with dimners of fight and fometimes partial blindnes, and was ren-dered incapable of attending vy bulinefs, thro' lofs of firength; fometimes could fcarcely eat a morfel for two or three days; when my appe-tite would fuddenly become aftonifhingly vora-eious. I firmly believed myfelf to be in a coneious. I firmly believed myfelf to be in a con-fumption, which muft foon put a period to my life, when happily hearing of feveral cures per-formed by Hamilton's Worm Defiroying Lo-zenges in complaints which could not be account-ed for. I took two dofes, which expelled an in-credible number of fmall fharp pointed worms: in fhort, I now enjoy as perfect health and firength, as ever I did in my life, and I believe my cure to be entirely effected by means of your mediate. medi ine.

My brother witneffing its furprizing lefficacy was induced to take a dofe though in tolerable health, which occafioned him likewife to void a great quantity of worms of the fame kind, and thereby probably prevented his experiencing those dreadful diforders with which I was afflicted
