

UPWARDS OF
Eighteen Thousand Persons
Of all ages, within nine months past, have found relief from
HAMILTON'S
Worm destroying Lozenges,
In various complaints arising from worms and from foulness or obstructions in the stomach and bowels.

RECENT CURES
Selected from several hundreds, the authenticity of which, any person may ascertain either by letter or personal application—not being performed in Europe, nobody knows where—but at home.

This medicine bears no analogy whatever to others of similar title to commonly compounded of, as operating with a degree of violence, sufficient, not only to kill worms, but sometimes to endanger the patient's life; on the contrary, a peculiar excellence of this remedy is, its being suited to every age and constitution, contains nothing but what is perfectly innocent, and is so mild in its operation, that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.

AFFIDAVIT,
MICHAEL DUFFY, residing at No. 47, Wilkes street, Fell's point, in the city of Baltimore, voluntarily maketh oath, that the following statement is just and true.

In the beginning of May last, my three children, a boy of seven, and two girls, the one five and the other three years of age, were taken very ill, nearly at the same time, of a common fever, as I then supposed; but was soon convinced the disorder was caused by worms. They were frequently troubled with convulsions, fits, and violent startings in their sleep, and with almost continual vomiting and purging, particularly the youngest. I made immediate application to a physician of the first reputation, and his medicines were administered with a confidence of success which only increased our disappointment. The children grew daily weaker, and I was absolutely without hopes of their recovery. The youngest soon appeared almost devoid of animation, and scarcely an inhabitant of this world. In this distressing moment, I was told that Hamilton's Worm Destroying Lozenges had performed many cures in cases equally desperate—I immediately purchased a box, and gave each of them a dose, which in a few hours produced the most desirable effects; the eldest voided a great number of very large worms, and the second thousands of small ones, many of them not a quarter of an inch long—in the youngest they seemed to be engulged, and had the appearance of fillets and of filmy matter. I repeated the dose agreeably to the paper of directions, and they all speedily recovered a good state of health which they still enjoy, tho' five months have nearly elapsed since they were on the borders of the grave, and the death of the whole appeared to be inevitable.

Sworn before me this 26th day of September, 1799.
J. SMITH.

LETTER
From Mr. John T. Abernethy, Soap and Candle Manufacturer, No. 23, Bridge Street, Baltimore.

TO THE PROPRIETOR OF
Hamilton's Worm Destroying Lozenges.
SIR, October 22, 1799.

I think it my duty to inform you that I have experienced the happiest effects from your Lozenges, having been much afflicted for four years past, with various complaints caused by worms, particularly a constant pain in my stomach and bowels, frequent and severe head ache, with a general lassitude and weakness, during which time I had the best medical advice that could be obtained from the most skillful physicians in our city, but both American and European, with out any alleviation of my disorder.

I should, too probably, have continued without relief, but for your Worm Destroying Lozenges, which brought from me an astonishing quantity of small white worms, about the size of a coarse thread, and in a short time, I found myself perfectly free from all my former complaints, and have enjoyed a good state of health for five months past.

I have constantly recommended your medicine, and shall as long as I live, having, from my own experience reason to believe it to be an invaluable and unparalleled remedy. Should any person wish for further information, I will with pleasure satisfy their enquiries on this subject.
JOHN J. ABERNETHY.

SIR, July 10, 1799.

I had been a long time afflicted with a violent and gnawing pain in my stomach, a dull, heavy, continual head ache, with a frequent swimming in my head, accompanied with dimness of sight and sometimes partial blindness, and was rendered incapable of attending my business, thro' loss of strength; sometimes could scarcely eat a morsel for two or three days; when my appetite would suddenly become astonishingly voracious. I firmly believed myself to be in a consumption, which must soon put a period to my life, when happily hearing of several cures performed by Hamilton's Worm Destroying Lozenges in complaints which could not be accounted for, I took two doses, which expelled an incredible number of small sharp pointed worms; in short, I now enjoy as perfect health and strength, as ever I did in my life, and I believe my cure to be entirely effected by means of your medicine.

My brother witnessing its surprising efficacy was induced to take a dose though in tolerable health, which occasioned him likewise to void a great quantity of worms of the same kind, and thereby probably prevented his experiencing those dreadful disorders with which I was afflicted.

A sincere desire that others in similar circumstances may receive the same benefit, is the reason of my sending you this account.
Yours, very respectfully,
AQUILA GOLDING.
Hartford Road, 2 miles from Baltimore.

OBSERVE.
Those who wish to avail themselves of the benefits proposed by the above remedy, should be particularly careful to value their money and their health, to guard against the numerous impostors daily attempted on the public, by applying to Mr. Wm. Y. Birch, Stationer, No. 17, South Second Street, who is appointed the only vender in Philadelphia—Likewise observe that none can be depended on as being genuine, unless the signature of Lee & Co. is passed on the outside of each.

Purchasers by the dozen or gross will receive a handsome allowance by application to Lee and Co. Market Street, Baltimore.

To the nervous, weak, debilitated, sedentary and consumptive,
IS RECOMMENDED, THE CELEBRATED BOTANICAL TEA,
Instead of Foreign Tea.

THIS Tea is universally approved of in preference to foreign tea, as the most pleasant, wholesome, enlivening, invigorating, and powerful restorative ever adopted, for persons of all ages, but particularly those of the above description; as it will infallibly strengthen, and eventually repair a bad constitution.

It is taken for breakfast instead of foreign tea, and as our first aliment in the morning is designed to recruit the waste of the body from the night's insensible perspiration, it is well known, and an important fact which ought to be borne on the mind of every one, that foreign teas are inadequate to such purposes, as all will allow it; it nerves and wears the substance of the solids. This substitute is professionally approved as a salutary and nourishing diet, or as a morning and afternoon beverage.

THE BOTANICAL TEA
is singularly efficacious in all cases of inward weakness, trembling or shaking of the hands, loss of appetite, (particularly in the morning) depression of spirits, windy complaints. It speedily relieves the head and stomach in gouty or rheumatic cases; and in cases of weak digestion, but particularly after taking too free with the confounding, by an immoderate use of wine, spiritous liquors, or any intemperance; it is happily suited to hot climates, and is adopted and approved of by some of the first families in the United States and in the West Indies, for its nourishing and invigorating properties; and in bilious cases where the appetite has failed, it is a sovereign remedy.

As proofs of the evil tendency from the use of foreign teas, is subjoined the opinions of some of the first physicians in Europe.

ON FOREIGN TEA

"The cause of the palsy is drinking too much tea; many imagine tea has no ill effect upon the nerves, this however is a mistake: it effects the nerves, which is evident from its causing the hands to shake, preventing sleep, occasioning giddiness, dimness of sight, sickness, &c."
Dr. DUCHAN.

"Strong infusions of India Tea, not only unnerve but destroys the bodily functions."
Dr. H. SMITH.

And in another publication, Dr. Hugi Smith says, "Tea is hurtful both to the stomach and nerves; it causes phreases, delirium, apoplexy, and other disorders of the brain, which are produced by the nerves being thus disarranged and debilitated, the digestive faculty of the stomach is much weakened, and the body falling of the recruiting juices, must tend to emaciation and the whole frame thus rendered one system of distress and infirmity."

The justly celebrated Dr. Tilloch says, "This fashionable beverage, India Tea, is extremely pernicious, it destroys the strength of the stomach, the vigour, the blood, the nerves, and eventually the whole body."

Dr. Fothergill, "In bilious complaints, tea is extremely hurtful."
Dr. Fothergill, "Tea is very offensive to the lungs, and impedes respiration; it is therefore highly improper for persons who have a difficulty of breathing, or any complaint of the lungs or nerves."

Dr. Saunders says, (see his Medical Mem.) "Indian tea renders men impatient and women barren; hence we may account for the persons in the higher circles having few children, and those in general very sickly and unhealthy."

For more accounts of this tea, see the second edition of Dr. Church's pamphlet.

This botanical tea is calculated to produce the contrary effects, is the result of long and indefatigable study and experience, and by perseveringly adopting its use, will be found to answer the effects herein mentioned.

It is cheaper than India tea—one packet at 75 cents, will last one person for breakfast nearly one month—cannisters containing eight packets, five dollars.

** The celebrated BOTANICAL TEA is prepared only by Dr. James Church, at his Dispensary, No. 137 Front Street, near the Fly-Market, New-York, and sold wholesale and retail, by Messrs. H. and P. Rice, 16 South Second Street, Philadelphia, and Mr. Jas. Rice, Baltimore.

FOR ALL
DISEASES OF THE EYES.

Church's celebrated Eye Salve.

For several years universally acknowledged as a certain and infallible cure for inflammations, dimness, dryness, blights, itchy, and films in the eyes, proceeding from natural weakness, or from accidents, such as blows, dust, lime, or any thing else being thrown into the eyes. It is admirable in natural weakness of sight, in deficiencies of vision, and for all ailments in the eyes after the small pox, measles and fevers; it is singularly efficacious in carrying off all watery and gross humours; and in strengthening the sight—In short, there is no disease to which the eye is subject, but this salve is not a sovereign remedy; many hundreds have experienced its efficacy when in the greatest danger of losing their sight.
[Price 75 cents.]

Prepared only by the inventor and sole proprietor, Dr. James Church, at his dispensary, 137 Front Street, near the Fly market, New York; and sold by Messrs. H. and P. Rice, 16 fourth Second Street, Philadelphia.

TREASURY DEPARTMENT.

March 11th, 1799.
PUBLIC NOTICE IS HEREBY GIVEN,

Pursuant to the act of Congress passed on the 11th day of June, one thousand seven hundred and ninety six, entitled "An act regulating the grants of land appropriated for military services, and for the society of United Brethren for propagating the gospel among the Heathen" &c. and the act supplementary to the said act passed on the second day of March, one thousand seven hundred and ninety nine—

I. THAT the tract of Land herein after described, namely, "beginning at the North West corner of the seven ranges of townships, and running thence fifty miles due south, along the western boundary of the said ranges;—thence due West to the Main Branch of the Schuylkill river; thence up the Main Branch of the said river to the place where the Indian boundary line crosses the same—thence along the said boundary line to the Tulecar cross branch of the Muckking river at the crossing place above Fort Lawrence; thence down the said river, to the point where a line ran due west from the place of beginning, will intersect the said river; thence along the line to run to the place of beginning" &c. has been divided into townships of five miles square, and fractional parts of townships; and that parts and fractions of the said townships and fractional parts of townships are deposited in the offices of the Register of the Treasury and Surveyor General, for the inspection of all persons concerned.

II. The holders of such warrants as have been or shall be granted for military services performed during the late war, are required to present the same to the Register of the Treasury, at some time prior to the twelfth day of February in the year, one thousand eight hundred, for the purpose of being registered; No registry will however be made of any quantity that a quarter township, or four thousand acres.

III. The priority of location of the warrants which may be presented and registered in manner aforesaid, prior to the 12th day of February in the year one thousand eight hundred, will immediately after the said day, be determined by lot, in the mode described by the act first recited.

IV. The holders of registered warrants, shall on Monday the 17th day of February, in the year 1800, in the order of which the priority of location shall be determined by lot as aforesaid, personally or by their agents, designate in writing at the office of the Register of the Treasury, the particular quarter townships elected by them respectively, and such of the said holders as shall not designate their locations on the said day, shall be postponed in locating such warrants to all other holders of registered warrants.

V. The holders of warrants for military services (sufficient to cover one or more quarter townships or tracts of four thousand acres each; shall at any time after Monday the 17th day of February, 1800 and prior to the first day of January, 1802, be allowed to register the said warrants in manner aforesaid, and forthwith to make locations thereon on any tract or tracts of land not before located.

VI. All warrants or claims for lands on account of military services, which shall not be registered and located before the first day of January, 1802, are by the supplementary act of Congress herein before recited, passed on the second day of March, 1799, declared to be forever void.
Given under my hand at Philadelphia, the day and year above mentioned.
OLIVER WOLCOTT,
Sec. of the Treasury.

TREASURY DEPARTMENT.

May 29th, 1799.

THE proprietors of certificates issued for subscriptions to the Loan bearing interest at eight per centum per annum, are notified, that at any time after payment shall have been made of the 5th installment, which will become due during the first ten days of the month of July ensuing, Certificates of Funded Stock may at their option be obtained at the Treasury or Loan Offices, respectively, for the amount of the four per cent payments, or one moiety of the sums expressed in the subscription certificates:—No certificates of Funded Stock will however be issued for less than one hundred dollars.

Such subscription certificates as may be presented at the Treasury or Loan Offices in consequence of the foregoing arrangement, will be marked and distinctly marked so as to denote, that a moiety of the stock has been issued.
OLIVER WOLCOTT,
Secretary of the Treasury.

SAMUEL & JOHN ADAMS.
Wilmington, (Del.) Jan. 27. rawts.

For Nervous Disorders, Female Complaints, Gout in the Stomach, Melancholy, Seminal Weakness, loss of Appetite, Bilious Disorders, Inward Weakness, Indigestion, Obsolete Gleet, Juvenile Indiscretions and Premature Old Age, and every other symptom of extreme debility, which are the consequences of a Dissipated Life—excess of Pleasure or Grief—Heat or change of Climate—Immoderate use of Tea, Spiritous Liquors, or any Intemperance—Bad Lying-in—Disseas incident to Young Girls and Women at a certain period of life—

The Cordial Restorative Balsam
Is recommended as a Medicine of specific and unparalalled virtues for the immediate relief and speedy and permanent cure of the above disorders, having stood a trial of many successful years, during which period many thousands of both sexes have been restored from the brink of the grave.

This Balsam is particularly adapted to weak female constitutions, as well as to phlegmatic habits in general; it acts powerfully as a nerve; not only to the weak stomach, but to the whole nervous system; corrects a vitiated appetite and digestion in the first passages, and assists wonderfully in recovering the tone of the urinary and genital organs:—Hence its efficacy in the most obstinate venereal gleet in men, and corresponding weaknesses in women; and hence it will contribute more safely, surely and honourably towards conjugal happiness, than any of those irritating diabolical compositions, which are so shamefully administered to the unhappy.

It is especially recommended to those ladies, who from repeated and difficult labours are afflicted with weakness and infirmities; in which cases it is highly useful, strengthening at the same time the stomach, the back, the weakened organs, and the whole constitution.

Those, who in advanced life, feel the consequences of youthful excess, or unfortunate youth, who have brought on themselves a numerous train of evils, will by the use of this find themselves restored to health and strength; and all the melancholy symptoms removed, which are the general effects of such causes.

For whether the system has received a shock, and is debilitated from imprudence or inattention in the earliest part of life, or is sinking under the advance of years, a few doses of this medicine will afford immediate assurance of returning health and strength, by giving tone to the muscular system, and organs of digestion, and by renovating the whole constitution.

To the young it will afford lasting health, strength and spirits, in place of lassitude and debility; and to the aged and infirm, it will assuredly furnish great relief and comfort, by gently and safely invigorating the system; but if it be in the power of medicine to gild the autumn of declining years, and calmly and serenely protract the close of life beyond its narrow span, this Restorative is capable of effecting that grand desideratum.

Constitutions relaxed, weak or decayed, in men or women, are under the immediate influence of this Restorative.
Old coughs soon relieved and speedily cured.
Poverty of blood and emaciated limbs, will ere long meet the happiest change; the chill watery fluid become rich and balsamic, and the limbs be covered with flesh, firm and healthy.

It will no doubt be acceptable to the reader, to see accounts of some of the remarkable cures and cures which have been performed by this truly invaluable medicine, in the disorders to which it was invented; he has therefore selected a few of such cases as have come within his own immediate knowledge, which are published and may be had gratis at any of the places where the medicine is sold.

Prepared (only) by the Inventor and sole Proprietor, Dr. James Church, at his Dispensary, 137, Front Street, near the Fly-market, New-York,—and sold by Messrs. H. & P. Rice, 16, South Second Street, Philadelphia.
