WATER-OFFICE.  
Centre Square, February 5, 1800.

IN compliance with the instructions of the Committee for watering the city, and with my own inclinations, every possible admittance and information has been given to those citizens who have visited the Works during their progress. The Engines are now arrived, and are immediately to be put up, and it is hoped that it will be thought reasonable and just, both to the Public, and to the Contractor for the Engines, that the workmen should not be interrupted. As a very few months will fully gratify the curiosity of the citizens, by shewing them the Engines in full operation, a temporary exclusion of all visitors from the Engine houses cannot appear improper.

QUESTIONS  
To Merchants, Store keepers, and Tradesmen in general, &c.

1st, PRAY Gentlemen, is a perfect standard of discount, or interest, calculated on every dollar (without exception) from 1 to 2000, from one day to sixty-four days inclusive, of any value, whether used as a standard, or as a check upon the enquirers' own calculations?  
2d Is it of any importance to know the best methods of computing the exchanges, between this country and the principal maritime trading place in Russia, Sweden, Denmark, Norway, Prussia, Poland, Germany, Holland, Flanders, Spain, Portugal, Italy, in several of the Windward and Leeward West India Islands, and many ports in the East Indies?  
3d Is a table of all the coins and monies of account in the places aforesaid, of any use?  
4th Are the coins and monies of account in the aforesaid places, when reduced to dollars and cents, of any service?  
5th Is a table of compound interest of any utility?  
6th Is the table by which the banks determine the value of gold, desirable?  
7th Is the amount of interest, accurately calculated for each month from one to twelve months, and on every dollar (without exception) from 1 to 2000, of any value?  
8th Is a table of all the post towns in the United States, and rates of postage therewith, of any use?  
9th Will not all these together make a book, as generally useful and convenient as ever entered a counting house or store?  
10th Will not the whole, when comprised in a quarto volume of from 200 to 225 pages, be worth two dollars?  
And lastly, Is the person, who at the expense of FOUR THOUSAND DOLLARS undertakes to perform upwards of one hundred and sixty thousand calculations of interest, and of giving all the preceding information to the public in the most complete manner, deserving of your Encouragement and Support?

If the answer is in the affirmative, you are individually and respectfully invited to subscribe in one of the specimen books, exhibited at the City Tavern, Harsy's Hotel, Francis's Hotel, the Indian Queen, Dunwoody's Tavern, the Franklin Head, and at the George.

It is proper to state, that the work will not be executed unless fifteen hundred subscribers are obtained: for four thousand dollars is too much to hazard.

NOTHING IS TO BE PAID IN ADVANCE, neither will it be expected of subscribers to take the work when published, if it is not delivered rigorously conformable to my agreements with the public, expressed in the conditions affixed to the specimen books, each of which consists of six detached pages of the work.

I am, with respect,  
Gentlemen,  
Your humble servant,  
JOHN ROWLETT,  
Accountant, Bank of North America.

Eighty Dollars Reward.

RAN-AWAY from the Subscriber, at Newtown, Chester County, Queen Anne's county, state of Maryland, the following negroes, viz. a woman named Nanny, went away on the 2d January, 1799, and took with her a Mulatto female child, about two years old, named Arianna. Nanny is a dark yellow negro, about five feet four or five inches high, remarkably handsome for a negro. Her clothing unknown as she took a variety of good cloths with her—she went off with a negro fellow, named Peter, and calls himself Peter Simpson, he is the property of a certain William Bowers of Talbot county, state as above, who has advertised one hundred dollars reward for him. Peter is a stout well made yellow fellow, about 6 feet one inch high, is a tolerable good Carpenter. Nanny passes for his wife, but her real husband is named Bob, who belongs to her master. It is probable they are in the neighbourhood of Salem in the Jerseys, as they were there in October last, and by information, Peter had built himself an house to live in, between Rum Bridge and Gold Town; it is likely they may have changed their names and may have passed, as Peter can write a middling hand; it is probable Nanny has another child, as it was thought she was in a pregnant state when she went away.

The noted Ferry-man Charles, who calls himself Charles Rodney; he went off on the 18th of February last, he is a dark mulatto, about five feet eight or nine inches high, about forty years old, floops in his shoulders when he walks, a fear on his head very perceivable—he took with him a small bay mare about 4 or 5 years years old, her mane trimmed and bob tail'd; his clothing unknown, as he carried off a variety of cloths; it is probable he has changed his name, as he is a very artful, sensible fellow, he can read tolerably well; it is likely he may hire himself to drive a wrggon, being well acquainted with that business, driving for the army during the war; he also perhaps may have a pair.

The above reward will be given for the aforesaid two negroes, viz. Nanny and Charles, if taken out of the state, or twenty dollars for Nanny and child, if taken in this state, &c. &c. Charles if taken in this state and secured in jail, so as I may get them again. If brought home all reasonable charges shall be paid by me.
