**WATER-OFFICE.**  
Centre Square, February 5, 1800.

IN compliance with the instructions of the Committee for watering the city, and with my own inclinations, every possible assistance and information has been given to those citizens who have visited the Works during their progress. The Engines are now a-laid, and are immediately to be put up, and it is hoped that it will be thought reasonable and just, both to the Public, and to the Contractor for the Engines, that the workmen should not be interrupted. As a very few months will fully gratify the curiosity of the citizens, by showing them the Engines in full operation, a temporary exclusion of all visitors from the Engine houses cannot appear improper.
