Mr. Chasterton's Oration will be published on Monday morning, March 15.

PROPOSALS By WILLIAM COBBETT, For importing the following periodical publications:

- 1. The British Critick; 2. The Anti-Jacobin Review and Magazine; 3. The Gentleman's Magazine; 4. Le Mercure Britanique, or The British Mercury.

The British Critick is a regular Review of all the works published in Great Britain; it is conducted with great impartiality and ability, and of the numerous publications of the kind which do now appear, and which have appeared in Great Britain; it is universally allowed to be the best.

[Price 50 Cents.]

The Anti-Jacobin Review and Magazine is as its title seems to indicate, rather more confined, as to the nature of its subjects, but it certainly is not less calculated for extensive utility. This work is divided into four departments: 1. Original Criticism—2. A Review of the other Reviews—3. Occasional Essays, in prose and verse—and 4th, A Monthly Summary of History and Politics. Every six months it has a Supplement, containing a review of foreign works, not forgetting those of America.

[Price 50 Cents.]

The Gentleman's Magazine, a work stamped with the approbation of three score years, contains chiefly, of communications from antiquaries and cultivators, and of original essays, in verse and prose, written by the most learned and ingenious men in the kingdom, and embracing by turns, almost every subject interesting to man. The miscellaneous part of the work is followed by a selection of authentic foreign and domestic intelligence, including official reports, state-papers, and an abstract of the proceedings in parliament; next comes a very copious obituary, being not merely a list of deaths, but a valuable series of biography; to which is added, a Meteorological Diary and Table, a Bill of Mortality for London and its environs, a table of the average prices of corn, and of the Stocks, for every day in the month; so that this work must ever be an entertaining and useful companion, not only to those who are of the learned professions, commonly so called, but to every man, whatever may be the subject of his study, or the object of his pursuit.

[Price 40 Cents.]

Le Mercure Britannique, or, British Mercury, by Monsieur Mallet Du Pan.—This work, of which one number is published every fortnight, in French and in English, commenced in August 1798, and is continued with increasing spirit and celebrity. It is both historical and critical; it contains a summary, and is the repository, of all the important events, established facts and public instruments, which relate to the present era; it investigates points of fact, of politics, and national rights; it extends its view over all the nations of Europe, examines the conduct and discloses the motives of their respective courts; it is in short a brief and comprehensive history of the times, equally remarkable for the elegance of its style, the profundity of its remarks, and the soundness of its principles.

[Price 50 Cents.]

These four works comprise every thing useful in the periodical way. Gentlemen may subscribe for all, or for either, of them. The first order is intended to be sent off on the 1st of May next; the successive numbers will be received at New York in two months upon an average after their publication in London; so that those which are subscribed for on or before the 1st of May, will be received in September; after which they will with very little irregularity, come to hand once a month, the importer having made such arrangements as cannot fail of securing punctuality on the part of his correspondents.

Subscriptions will be received from any part of America, by J. W. FLEMING, Philadelphia. No advance is required. The prices are but four cents a number higher than in London.

FACTS

Submitted to public consideration, as additional evidences of the efficacy of Dr. HAMILTON'S MEDICINES, IN THE CURE OF Most Disorders to which the human body is liable.

RHEUMATISM.

JOHN HOOVER, Rope-maker, South Second Street, between Mary and Christian Streets, Philadelphia, voluntarily maketh oath, as follows: namely, that his wife, Mary Hoover, was so severely afflicted with violent rheumatism, very dangerously situated, the consequence of a cold after lying in, as to be confined to her bed for several weeks, and was at length reduced to the melancholy apprehension of remaining a cripple for life; notwithstanding the most respectable medical advice was followed, and every probable remedy attempted. When seeing several cures of cures performed by Hamilton's Essence and Extract of Mulsard, they were procured from Mr. Birch, No. 17, South Second Street. The first application enabled her to walk across the room, and the use of one bottle restored her to her usual state of health and strength.

JOHN HOOVER. Sworn and subscribed to the 25th day of March, 1800, before Ebenezer Ferguson, Esq. one of the Justices of the Peace for Philadelphia County.

DANGEROUS COLD.

DAVID GILBERT, Toyman, No. 46, South Fourth-Street, Philadelphia, voluntarily maketh oath, as follows: namely, that about eight months ago, he caught a severe cold, which resisted every remedy he could think of, and produced the most alarming coughing; he could procure no rest for incessant coughing, nor breathe without great pain and difficulty, and was finally exhausted, as to be scarcely able to walk about, which left him little hopes of his recovery, though the prescriptions of a respectable physician were constantly attended to. In this situation on hearing of the efficacy of Hamilton's Elixir, a bottle was procured from Mr. Birch, No. 17, South Second Street; the full dose of which afforded the most surprising relief, and gave him more ease than he had enjoyed during the whole of the above period, and before the contents of one bottle were taken, he was perfectly cured, his strength and appetite recovered, and no remnant of his former distressing complaint remained.

The above particulars the said David Gilbert wishes to be made public, as a testimony of his gratitude, and for the benefit of mankind.

DAVID GILBERT. Sworn and subscribed before me the 29th day of March, 1800. JOHN JENNINGS, Alderman.

TO PARENTS

Who may have Children afflicted with the Hooping Cough. This discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorder to which children are liable.—The Elixir is so perfectly agreeable, and the dose so small, that no difficulty arises in taking it.

WORMS.

A daughter of Mr. Ewing Wiley, No. 109, Cedar Street, Philadelphia, was dreadfully afflicted with worms, inasmuch that her life was with great reason despaired of; her complexion faded and grew pale and fallow; her eyes sunk; her appetite was lost, and succeeded by a painful and constant sickness at the stomach; which general wasting and debility was accompanied with every appearance of a dangerous fever. From this deplorable situation she was relieved, and restored to a state of perfect health and strength in a few days, by the use of Hamilton's Worm Destroying Lozenges, which expelled a great number of large pointed worms, from six to nine or twelve inches in length; one of which being a most extraordinary thick, (supposed from half an inch to an inch in diameter) was opened and found to contain a quantity of young ones.

The above is communicated by Mr. Wiley, believing its perusal may be useful to many, by extending the knowledge of a medicine which merits universal attention! But this testimony is only a corroborative evidence of the efficacy of the above medicine, which has been cured by this medicine, with the utmost ease and safety, of various complaints, arising from worms and from obstructions or foulness in the stomach and bowels.

Dr. Hamilton's Grand Restorative Is recommended as an invaluable medicine, for the speedy relief and permanent cure of the various complaints which result from dissipated pleasures, ju-

venile indispositions, residence in climates unfavourable to the constitution; the immoderate use of tea, frequent intoxication, or any other destructive intemperance; the unskillful or excessive use of mercury; the diseases peculiar to females at a certain period of life; bad lying in, &c.

And is proved by long and extensive experience to be absolutely unparalleled in the cure of nervous disorders, consumptions, invasions of spirits, loss of appetite, impurity of the blood, hysterical affections, inward weakness, violent cramps in the stomach and bowels, indigestion, melancholy, gout in the stomach, pain in the limbs, relaxations, insensibility, emollients, fetid weakness, obstinate gleet, flux albus (or whites) impotency, barrenness, &c.

This medicine is perfectly different in its qualities and operation from those hot and irritating drugs so frequently proposed for similar purposes, and which only recommend themselves by the dangerous rapidity of their effects, and which, acting as a temporary but violent stimulant on the nervous system, infallibly produce greater evils than those they are intended to remove.

The principal operation of this remedy is in the stomach, restoring the digestive powers, and sending from that organ new health, and vigour into every part of the system. It enriches and purifies the blood without inflaming it; braces, without stimulating too violently the nervous system; strengthens the secretory vessels and the general habit; brings back the muscular fibres to their natural and healthy tone; and restores that nutrition which immediate evacuation, have destroyed, and whose loss had thrown the whole frame into languor and debility.

The Restorative is absolutely above all recommendation, in removing those weaknesses and infirmities with which many females are afflicted, the consequences of difficult and painful labours, or of injudicious treatment therein.

The most obstinate venereal gleet; and the most distressing cases of flux albus in females; it is particularly under the province of this Restorative; it speedily yields to its benign operation, and is radically cured, by correcting and purifying the acrimonious humors, restoring a proper degree of tension to the relaxed fibres, and strengthening the weakened organs.

In cases of extremity where the long prevalence and obliquity of disease has brought on a general impoverishment of the system, excessive debility of the whole frame, and a wasting of the flesh, which no nourishment or cordial could repair, a perseverance in the use of this medicine has performed the most astonishing cures.

The grand restorative is prepared in pills as well as in a fluid form, which affords considerably in producing a gradual and lasting effect. Their virtues remain unimpaired for years in any climate.

Dr. Hahn's true and genuine GERMAN CORN PLAISTER, And infallible remedy for warts, speedily removing their root and branch, without giving pain.

The Persian Lotion operates mildly, without impeding that natural, insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and fine, improving the complexion and restoring the bloom of youth; never failing to render an ordinary countenance beautiful, and an handsome one more so.

The Damask Lip Salve Is recommended (particularly to the ladies) as an elegant and pleasant preparation for chapped and sore lips and every blemish and inconvenience occasioned by colds, fevers, &c. speedily restoring a beautiful rosy colour and delicate softness to the lips.

The Restorative Powder for the Teeth and Gums. This most excellent preparation comforts and strengthens the gums, preserves the enamel from decay and cleanses and whitens the teeth, abating all that acrimonious slime and foulness which is apt to accumulate never fails to injure and finally ruin them.

Sovereign Ointment for the Itch. Warranted an infallible and immediate cure as once using; being the most speedy, effectual and pleasant remedy ever offered to the public, and for the satisfaction of the timorous, the proprietor maketh oath, that this ointment does not contain any particle of mercury or any other pernicious ingredient in its composition, and may be used with the most perfect safety by pregnant women, and on infants newly born. Price 3/4ths of a dollar each box.

Patent Indian Vegetable Specific, For the cure of Venereal complaints of every description: An extensive trial of near four years, has proved the Vegetable Specific to be effectual in expelling the venereal virus, however deeply rooted in the constitution, and has restored health to many who have been brought to the brink of the grave by the improper administration of mercury.

Within this period upwards of eight thousand patients have experienced its salutary effects. With the medicine is given, a description of the symptoms which obtain in every stage of the disease with copious directions for their treatment, so as to accomplish a perfect cure in the shortest time, and with the least inconvenience possible.

Insallible ague and fever drops. A large eulogium on the virtues of this medicine is unnecessary, as the money will be returned if the patient is not relieved, it never having failed in many thousand cases, not one in a hundred has had occasion to take more than a bottle and number not half a bottle.

Dr. Hahn's celebrated Anti-Bilious Pills. Which have been uniformly successful in the cure of bilious and malignant fevers, and in all disorders of the head, stomach and bowels.

Gowland's Genuine Lotion—Cure's Cough Drops—Anderson's Pills, &c.
