FOR CANAL COMMISSIONER.

JAMES M. POWER,

OF MERCER COUNTY.

Appointments.

Hon. Geo. Chorpenning and Hon. John McCarty, have been re-appointed by the Governor, Associate Judges of the several Courts of Somerset county.

Hon. Andrew Stewart.

On the first page will be found an account of an interesting scene which occurred in Congress several weeks since, and in which our Representative, Mr. Stewart, was a somewhat conspicuous actor. A correspondent of the Pennsylvania Telegraph also speaks highly of Mr. Stewart's speech on that occasion. He says Mr. Stewart opened with a heavy fire on the South, expressed his surprise that any person could be cajoled into the belief, that any benefit-other than ephemereal, and he doubted even thatwould accrue to the United States from the repeal of the English Corn laws, and predicted that if Mr Walker's bill for a reduction of our Tariff should become a law, in eighteen months there would not be a specie-paying bank in the country.

CONGRESS. - THE ADMINISTRA-

Nothing of special interest has transpired in either House of Congress of late. The House of Representatives has been engaged for some days in the discussion of the "Harbor Bill" and in the Senate, the Oregon Resolutions have elicited a number of long speeches The question will probably soon be tested by a direct vote, and the prevailing opinion is that the resolutions will pass. The committee of Ways and Means in the House had not reported the new tariff bill, at date of our last accounts. The friends of the Administration have got themselves into a snarl in regard to Mr. Polk's true "position" on the Oregon question-the Southern wing of the Democracy intimating that he is in favor of compromising at 49°, and the Western portion alleging tions to hold out for "the whole" of the disputed Territory. Thus matters stand at present. How Mr. Polk will act on this question in the end, none but his intimate and confidential friends can tell, and they are perhaps unable to speak with certainty.

Transportation from Cumberland to Wheeling.

Owing to the damage done to the Pennsylvania Canal by the late freshet, transportation from Philadelphia to Pittsburg has been temporarily suspended, until the breaches can be repaired, which been shipped from Philadelphia to Balti- will get on without a moment's delay .- will take the canal as soon as it is repairmore, whence they are taken per Railroad to Cumberland, and there loaded on Wheeling. It is said that one night last week over two hundred wagons, engaged in transporting goods and produce on the National road, stayed over night in Washington, and we were informed on Saturday that freight commanded two dollars per cwt. from Cumberland to Wheeling. Further we learn that all the ware houses in Cumberland are filled, and that one hundred and fifty cars, laden with merchandize, are at the depot.

War in Wisconsin.

According to the "Wisconsin Herald," a fight took place recently between a number of the white settlers on the Wishaving reached Prairie du Chien, Lt. Thompson, at the head of 25 mounted tion and succeeded in capturing about 30 of the Winnebagos and driving the rest from the settlement.

Western Pennsylvania Farmer.

Mr. Win. Gregory, of Mercer, Pa., under the above title, devoted to Agriculture, Horticulture, and Rural and Domestic affairs. He has issued a specimen our office. The price is \$1 per annum. | been appointed in his place .- Nat. Intel. | ny insured .- Pitts. Amer.

Right of Way Bill.

It will be seen by our report of Legislative proceedings, that the right of way bill was up in the House on Saturday before last, and that an amendment, the passage of which was intended to kill the bill, was carried by a majority of two votes. The friends of the bill, however, did not consider it a test vote, and still entertain hopes of carrying it. The final vote, when it comes to be taken, we opine will be a "hair-splitting" affair.

Speech of Col. Edic.

The last Harrisbugh Telegraph brought us a copy of the speech of our Representative, Col. Edie, in favor of the Baltimore and Ohio Railroad Bill, which we shall take pleasure in spreading be- to the Rope Ferry on the Juniata, fifteen 22,000 lbs. fore our readers next week. It is one of the most argumentative speeches that have been delivered in either branch of the Legislature during the present session. "Good for you," Colonel!

Death of an Editor.

EZRA HOLDEN, Esq., editor of the Philadelphia Saturday Courier, died week before last, while on a visit to Washington city. He was about 40 years of age.

From the Pennsylvania Telegraph.

ACCEPTANCE OF MR. POWER. By the following correspondence it will be seen that James. M. Power, Esq. the nominee of the Whig State Convention, has accepted said nomination, and henceforth will stand before the Freemen of this Commonwealth as a candidate for that important and responsible office .-The nomination is hailed with such universal joy throughout the State, that we can scarce have a doubt of success by the triumphant vote of the People opposed to political favoritism, extravagance, and in favor of retrenchment and reform.

HARRISBURGH, March 12, 1846. DEAR SIR:-The undersigned a committee appointed by the Democratic Whig State Convention, which assembled in this place on the 11th instant, take great pleasure in the discharge of their duty, to inform you of your nomination by that body as a Candidate to be supported by the Whigs of this State at the ensuing election, for the office of Caual Commissioner of Pennsylvania.

We sincerely trust that it will be in entire accordance with your feelings, to accept said nomination.

Very respectfully, yours, &c., L. A. MACKEY, JAMES D. DUNLAP, ED. C. MARKLEY, J. H. M'CRUM, ALEX. HILANDS. To JAMES M. POWER, Esq.

Injury to the Pennsylvania Canais by the Freshet.

Reporter, published at Harrisburg, for the following reliable information concerning the injury done to the Pennsylvania Canals by the recent freshet:

As the business community, at this time particularly, feel a great anxiety about the extent of damage done to the Public Improvements, we have been at considerable pains to ascertain the exact portion of which information we are indebted to the polite and gentlemanly Secsioners, Mr. Mitchell.

EASTERN DIVISION .- The Supervisor on the Eastern Division from Columbia miles above the junction at Duncan's Island, reports that he has examined his line thoroughly, and that (with the exception of two spans of the Clark's Ferry Bridge gone) the damage has been slight -- and that he has made arrangements which will ensure the opening of the navigation on his division, from this place to the Rope Ferry, by the middle of next week. 'The Branch near Columbia, owing to the difficulty of procuring suitable material to repair it, will perhaps require some days longer. Accounts from Juniata to Hollidaysburg are that the injury to the Canal up that stream has not been great, and will probably be repaired in

ten days or two weeks at most. Susquanna Division .- The Supervisor on this Division informs us that the Susquehanna Divison of Canal has sufvery considerably. From Milton on the West Branch Division down that stream, and the Susquehanna to Duncan's Island, the banks of the Canal have been very much washed, and several breaches made in them; but the mechanical work is all standing with the exception of two small culverts near Liverpool; which have been washed out. The impression is, that the repairs can be made in 20 days.

JUNIATA DIVISION .- We make the following extract from a letter to the Canal Board, from Mr. Oles, the Supervisor of the line from the Rope Ferry to Aughwie's Dam, dated Mifflintown, March 19,

"I am happy to inform the Board, that I have just returned from a survey of the damage on this division by the late flood. My estimate to repair the canal, as near as I can come to it, will cost about \$5000, including material, tools, &c. There is little or no damage done above Lewistown; the narrows above that place suffered the most."

He goes on to say, that the line under his superintendence will be ready for navigation by the beginning of next week. We have no reliable information in re-

lation to the main line of canal west of the mountains to Pittsburg, but from the reports of the flood at the latter point, we judge that the injury there cannot be very

WEST BRANCH DIVISION .- A letter from a reliable source, dated Lock Haven, states that the schute at the Dunnstown Dam has been very much injured and rendered impassable for the present. The canal for some distance below that place has suffered considerable damage.

NORTH BRANCH .- In regard to this Branch we have no reliable information as to the extent of the damage, but we have every reason to believe it is of serious character, as the river at Wilkesbarre is stated to have been higher than it had been for the last fifty years.

POSTSCRIPT.

IMPORTANT FROM WASHING-TON-A MESSAGE.

In the Senate on Tuesday, a message was received from President Polk. He recommends an increase of our Land and Naval Forces, and the building of War Steamers. He re-affirms the doctrines of his Message, and says that although Great Britain is apparently friendly towards this country, she is making extensive military preparations, not only at home, but in her North American Colo-

Both Houses of Parliament agree on the Oregon Question, and under these circumstances, he urges the duty of preparation for the worst. In any event, such a policy would be a wise one, for the preservation of peace, and the maintenance of the national rights and the national honor.
