**Spring-Tune.**

BY CHARLES F. HOFFMAN.  
 Thou wak'st again, on Earth,  
 From winter's sleep!—  
 Bursting with voice of mirth  
 From icy keep;  
 And laughing at the Sun,  
 Who hath her freedom won,  
 Thy waters leap!  
 Thou wak'st again, oh Earth!  
 Freshly again,  
 And who by fireside hearth  
 Will now remain?  
 Come on the rosy hours—  
 Come on thy buds and flowers  
 As when in Eden's bowers  
 Spring first did reign.  
 Birds on thy breezes chime  
 Blithe as in that matin time,  
 Their choiring begun:  
 Earth, 'twixt hast many a prime—  
 Man hath but one!  
 Thou wak'st anew, oh Earth—  
 Freshly anew!  
 As when at Spring's first birth  
 First flow'rets grew.  
 Heart! that to the earth doth cling,  
 While boughs are blossoming,  
 Why wake not thou?  
 Long thou in sloth hast lain,  
 Listing to Love's soft strain—  
 Will thou sleep on?  
 Playing, thou sluggish heart,  
 In life no manly part,  
 Thou youth be gone.  
 Wake! 'tis Spring's quickening breath  
 Now o'er thee blown;  
 Awake thee! and care in death  
 Pulseless thou slumberest,  
 Pluck but from Glory's wreath,  
 One leaf alone!

**The Farmer.**

**Sunflower-Seed Oil.**

Mr. Editor:—A few days ago, I saw the first number of volume second of the Farmer and Gardener; on the eighth page of which is a piece on the subject of sunflower seed. I suppose I am the person there alluded to, who "tried an acre of it this year." I do, I must say that you are not quite correct. I planted nearly an acre, I think, in 1843, on a level piece of ground. The season was so wet that at harvest the best of it was not much over knee high, and nearly the half of it not more than half that height; and on this account it did not fill well. When I thrashed it out I had twenty-eight or twenty-nine bushels, and I suppose the birds took two bushels.  
 I prepared my ground as I would for corn, and planted the seed in hills and left three stalks in a hill and plowed it both ways, as often as I did my corn. I did not take off any of the branches that came out on the stalk; which, I think, ought to be done, leaving only the main top. When the seed got ripe, so as to begin to fall out, I spread a wagon-sheet in my wagon-bed, and drove into the field, and, with a knife, cut off the top and threw it into the wagon, hauled them to the barn floor, and with a stick or flail knocked out the seeds. This is very easily done, when they are dry. I then raked off the trash, and ran the seeds through the fanning-mill.  
 An eastern writer says on this subject: "Under proper cultivation and with a medium soil, it yields from sixty to seventy bushels to the acre. The machinery for crushing and expressing will cost about \$300. One bushel of the seed will yield three quarts of cold, and one [four?] of hot pressed oil. The uses to which this oil is adapted are various. It is equal to olive oil for table use; and superior in many important respects to sperm, for lamps; while for paints & machinery, it is well adapted to supersede the oils used for them."  
 For burning in lamps the sunflower possesses one advantage which has been an object of deep solicitude ever since sperm oil came into use; it has no perceptible smell. Hence sick persons and others to whom the smell of sperm oil is so offensive, can use the sunflower oil with perfect freedom. Its advantages in this respect have been fully tested in Philadelphia, where it is recommended by some eminent physicians, and is in constant use by their patients.  
 It has another important advantage over sperm oil; it affords about one-third more light; that is, sunflower oil will last one-third longer than sperm, while it affords the same quantity of light.  
 Mr. Baritz has invented a new process of crushing the seeds and expressing the oil. He recommends the producer to

crush the seed and express his own oil; but every farmer cannot do this, as the expense would be too great. If some person would erect a machine, the farmers would soon give him plenty of business. It is said that Charles A. Baritz, of York, Pa., will give any information that may be required.

**HOTEL FOR INVALIDS AT PITTSBURGH.**

**Drs. Speer and Kuhn.**  
 THE object of this establishment is to supply a want greatly felt by respectable travellers on our western highways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. Such have often suffered from the want of the various comforts and attentions so necessary and agreeable to the sick, and from careless and unfaithful nurses; and been subjected to heavy and unreasonable charges.  
 Invalids will here be provided with constant, faithful and comfortable attendance, and at a rate much below the usual charges.  
 While the care of both physicians will be extended to every variety of disease, it is intended by Dr. Speer, to give special attention to  
**ALL SURGICAL DISEASES,**  
 PARTICULARLY TO  
**DISEASES OF THE EYE.**  
 To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.  
 The Hotel for Invalids is not an experiment. Its establishment is suggested not only as necessary to supply an evident want in this city, in the entire absence of any special provision for the sick, but is warranted also by the success of similar institutions at Cincinnati and New Orleans—the former under the care of Drs. Taliaferro, Marshall and Strader—the latter under that of Dr. Stone.  
 The building selected for the purpose is situated at the corner of Federal and Robinson streets, in Allegheny city, adjoining the city of Pittsburgh. It is commodious and roomy, and furnished with all accommodations necessary for the sick.  
 Applications for admission to be made to the subscribers, at their office on Penn street, Pittsburgh, or at the establishment.  
 No contagious diseases will be admitted.

**DR. McLANE'S CELEBRATED LIVER PILLS.**

For the cure of Hepatitis or Liver Complaint Dyspepsia and Sick Head-Ache.  
 THIS remedy having been for several years employed by the proprietor in his practice, on a very large scale in Monongalia, Preston, Harrison and Randolph counties, in Virginia, besides several other places, and having been attended with the most happy effects, he has been from time to time solicited to adopt such a course as would give it a more extensive circulation, with a view to lessen the amount of human suffering. Aware of the fact that many useless nostrums have been palmed upon the public, he hesitated for several years until thoroughly convinced that the above medicine, if properly used, would not fail to effect cures in a great many instances, and even to alleviate those cases which are quite incurable.  
 Symptoms of a diseased Liver.—Pain in the right side, under the edge of the ribs, increased, on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the right arm. The stomach is affected with loss of appetite and sickness; the bowels, in general, are costive, sometimes altering with lax, the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having felt undone something which ought to have been done. A slight dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few or them existed, yet examination of the body after death has shown the liver to have been extensively diseased.  
 CERTIFICATES.  
 This is to certify, that having been associated with Dr. McLane in the practice of medicine for nearly two and a half years, I have had many opportunities of witnessing the good effects of his Liver Pills, and I believe they have cured and relieved a much larger proportion of the diseases of the liver, than I have known cured and relieved by any other course of treatment.

**Patent Vermifuge.**

DR. McLANE'S AMERICAN WORM SPECIFIC  
 Promptly expels Worms to an almost incredible number.  
 TO substantiate the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity. Indeed, it is confidently affirmed that each new trial of the powers of this remedy will have an additional tendency to widen and confirm its fame, and that if it were universally known and diffused over the United States, it would not save less than many hundreds, if not thousands of lives annually.  
 CERTIFICATES.  
 I do certify that a vial of Dr. McLane's American Worm Specific expelled five hundred and two whole worms and pieces that would have made sixty more, from a boy of John Levelling, which, if laid in a straight line, would have most probably measured the enormous length of one hundred yards. JOSEPH JACKSON, owner of Water Forge, and other works, Monongalia county, Va.  
 This is to certify that I purchased from Holmes & Kidd a vial of Dr. McLane's American Worm Specific, and gave two doses to a boy of mine about three years of age. He passed fully half a pint of worms. The quantity was so large I was really alarmed, and call'd in several of my neighbors to see them. Had this story been related to me, I could not have credited it, without being an eye-witness to the same. My child's health improved much after.  
 SAM'L MORRISON,  
 Merchant Tailor, Wood st, Pittsburg.  
 Some two months ago I purchased a vial of Dr. McLane's American Worm Specific. I gave a boy of mine most of a vial; he passed forty very large worms. From that time his health improved very much. I had tried two other Vermifuges to no purpose. I believe Dr. McLane's the best article before the public. D. CALHOUN.  
 Millin township, Allegheny county.

**HEAR MEDICAL TESTIMONY.**

From a regular Physician, Dr. G S Smith, Sun-fish, Ohio.  
 Mr. J. Kidd—Dear Sir—I have used in my practice Dr. McLane's American Worm Specific, and have often witnessed its efficacy in expelling worms from the system. A patient of mine, a short time ago, gave a vial of the Worm Specific to a child; in a short time upwards of sixty-five worms were expelled.
