BUDDING FRUIT TREES, &c.

To be successful in budding fruit trees, the operator should be provided with a proper budding knife, which can be obtained at the different seed stores.

The time of budding fruit trees is from the beginning of July till September. The Plum and Pear will be in order first; the Cherry and the Apple follow; and lastly, the Peach and Nectarine.

PRACTICE OF BUDDING.—When the shoots for the buds are taken away from the tree, the leaves are to be taken off, leaving a part of the foot stalk of the leaf with the bud—this is essentially necessary—because the leaves, if left on the shoot after being cut from tree, would exhaust the bud and cause it to shrivel.

There are various methods of inserting buds; but I shall confine myself to the most general and I believe most successful method; which is to choose a clear place in the tree, and making an incision in the form of the letter T, by first cutting through the rind in the top, in a transverse direction; the lower incision is made by drawing the point of the knife either upwards or downwards from the upper incision about an inch—this is a nice point in budding trees, as the edge of the knife ought to go just through the rind and no further, for if the albumen is cut through into the wood, which will be the case if cut too deep, the operation will be uncertain because the very part which is the most delicate and which is to unite to the bud properly, and will most likely prove a failure.

The incision being made for the reception of the bud, the next thing to be done is to prepare the bud, by placing the scion in the left hand, between the thumb and forefinger. The knife is then to be placed a half an inch below the bud, with the heel of the blade, which is carefully drawn upwards a half an inch above the bud, cutting it out with about half the wood and bark.

Snags wood, which grows in almost every barn yard, when bruised and applied to the sore, is a certain cure for galls on loaves, generally caused by bad corks.

BLACKWOOD'S LADY'S

Magazine and Gazette of the Fashionable World.—for Town and Country. Devoted to Belles-Lettres, Music, Fine Arts, Fashions, &c.

The well-known celebrity in Europe and this country, of Blackwood's Edinburgh Magazine, has induced the subscriber to commence the re-publication of this fashionable London Monthly.

It is a matter of surprise that the Republication of this Work was not commenced some years since. On looking over some late numbers, we find them filled with Stories and Poetry, and Narratives, the most of which fall but little behind those published in the Edinburgh Work, and many surpass even the emanations from the Giant intellects of the contributors to the great Northern Magazine. The best writers of the day contribute to its pages.

It has now been published seventeen years in London, and has a circulation exceeding 70,000 copies through England, Scotland, Ireland, and the continent of Europe. It is translated into several of the continental languages—it being the only instance of an English Magazine receiving that compliment.

The publication will commence in October next, and will be continued monthly. The publication price of the above work, in London, is 6 Dollars.

HOTEL FOR INVALIDS AT PITTSBURGH.

Drs. Speer and Kuhn. THE object of this establishment is to supply a want greatly felt by respectable travellers on our western high-ways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. Such have often suffered from the want of the various comforts and attentions so necessary and agreeable to the sick, and from careless and unfeeling nurses; and been subjected to heavy and unreasonable charges.

Invalids will here be provided with constant, faithful and comfortable attendance, and at a rate much below the usual charges.

While the care of both physicians will be extended to every variety of disease, it is intended by Dr. Speer, to give special attention to

ALL SURGICAL DISEASES, PARTICULARLY TO DISEASES OF THE EYE.

To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.

The Hotel for Invalids is not an experiment. Its establishment is suggested not only as necessary to supply an evident want in this city, in the entire absence of any special provision for the sick, but is warranted also by the success of similar institutions at Cincinnati and New Orleans—the former under the care of Drs. Taberner, Marshall and Strader—the latter under that of Dr. Stone.

The building selected for the purpose is situated at the corner of Federal and Robinson streets, in Allegheny city, adjoining the city of Pittsburgh. It is commodious and roomy, and furnished with all accommodations necessary for the sick.

Applications for admission to be made to the subscribers, at their office on Penn-street, Pittsburgh, or at the establishment. No contagious diseases will be admitted.

DR. McLANE'S CELEBRATED LIVER PILLS.

For the cure of Hepatitis or Liver Complaint, Dyspepsia and Sick Head-Ache.

THIS remedy having been for several years employed by the proprietor in his practice, on a very large scale in Maryland, Preston, Harrison and Randolph counties, in Virginia, besides several other places, and having been attended with the most happy effects, he has been from time to time solicited to adopt such a course as would give it a more extensive circulation, with a view to lessen the amount of human suffering. Aware of the fact that many useless nostrums have been piled upon the public, he hesitated for several years until thoroughly convinced that the above medicine, if properly used, would not fail to effect cures in a great many instances, and even to alleviate those cases which are quite incurable.

Symptoms of a diseased Liver.—Pain in the right side, under the edge of the ribs, increased on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the right arm. The stomach is affected with loss of appetite and sickness; the bowels, in general, are costive, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning and he complains of a peculiar sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few or them existed, yet exasperation of the body after death has shown the liver to have been extensively deranged.

CERTIFICATES. This is to certify, that having been associated with Dr. McLANE in the practice of medicine for nearly two and a half years, I have had many opportunities of witnessing the good effects of his Liver Pills, and I believe they have cured and relieved a much larger proportion of the diseases of the liver, than I have known cured and relieved by any other course of treatment.

Patent Vermifuge.

Dr. McLANE'S AMERICAN WORM SPECIFIC Promptly expels Worms to an almost incredible number!

Substantiate the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity. Indeed, it is confidently affirmed that each new trial of the powers of this remedy will have an additional tendency to widen and confirm its fame, and that if we were universally known and diffused over the United States, it would not save less than many hundreds, if not thousands of lives annually.

CERTIFICATES.

I do certify that a vial of Dr. McLANE'S American Worm Specific expelled five hundred and two whole worms, and pieces that would have made sixty more, from a box of J. McLANE'S Vermifuge, which, if laid in a straight line, would have most probably measured the circumference of one hundred yards. JOSEPH JACKSON, owner of Water Forge, and other works, Monongalia county, Va.

This is to certify that I purchased from Holmes & Kidd a vial of Dr. McLANE'S American Worm Specific, and gave two doses to a boy of nine about three years years of age. He passed fully half a pint of worms. The quantity was so large I was really alarmed, and called in several of my neighbors to see them. Had this story been related to me, I could not have credited it, without being an eye-witness to the same. My child's health improved much after.

SAM'L MORRISON, Merchant Tailor, Wood st, Pittsburgh

Some two months ago I purchased a vial of Dr. McLANE'S American Worm Specific. I gave a boy of nine most of a vial; he passed forty very large worms. From that time his health improved very much. I had tried two other Vermifuges to no purpose. I believe Dr. McLANE'S the best article before the public. D. CALHOUN, Millin township, Allegheny county.

HEAR MEDICAL TESTIMONY.

From a regular Physician Dr. G. S. Smith, Susquehanna, Ohio.

Mr. J. Kidd—Dear Sir—I have used in my practice Dr. McLANE'S American Worm Specific, and have often witnessed its efficacy in expelling worms from the system. A patient of mine, a short time ago, gave a vial of the Worm Specific to a child; in a short time upwards of sixty-five worms were expelled.
