**Poetry.**

**TO ANN.**  
Farewell, farewell to all I prize!  
To all in life I cherish dear;  
To all that made my young heart rise  
To worship once this idol fair.  
Farewell, farewell to joy for me,  
Let sadness here forever reign—  
For fate ordained that I must see  
That form, that face, no more again.  
Farewell, farewell to her so bright,  
To her that made life dear to me—  
Her image comes to glad my sight,  
As moonbeams fall to light the sea.  
The lark that soars in sphere above,  
And revels in its wonted light;  
Ah! 'tis to like this sacred love,  
When 'gain to earth it wings its flight  
This eye though now dim, once was bright;  
Hope for my breast is not yet driven  
For far beyond a beacon light  
Bids me trust alone in Heaven.

**Capt. Smith's Bear Story.**

About the year 1830 I settled at the Lower Peach Tree, in Wilcox county, (Alab.) and cultivated a few acres in corn and cotton, besides a small potatoe patch and bit of garden, as was usual in those days. My nearest neighbor, (John Champion,) being better off than the rest of us, had a nice gang of hogs, and, feeling a little above his neighbors on account of his wealth, and being rather an overbearing man, too, was not particular whether his stock broke into other people's fields or not. My crop was too small to feed my own family and John Champion's hogs to, so I complained to him several times but got no relief, when, being at old Erasmus Culpepper's house one day, I heard him say that if a foot, or an ear, or even a piece of of bearskin was thrown down in a place where hogs use that they would never show their snouts there again. I went home and got the skin of a bear which I had killed some time before, and, having supplied myself with some corn, I went out and saw about twenty fine year olds munching away in my field. I "told them up," and catching a good runner, sewed him up in the bearskin, and then turned him loose, when he ran after the rest, who flew from the supposed bear.—The last that was seen of them was at Bassett's creek, near forty miles from my house, only two being alive—one running from his fellow sewed up in the skin, and he trying to catch the other—the rest were found dead in the road, having literally run themselves to death. It is needless to add that John Champion's hogs staid at home after that.—Newark Daily Advertiser.

**From Gen. Kearney's Army.**

A citizen of this place who accompanied one of the Santa Fe traders as far as the Pawnee Fork of the Arkansas river, has returned. He has politely furnished us with the following interesting concerning the troops under Gen. Kearney:  
The traders were on the Pawnee Fork, 350 miles from Independence, three companies of dragoons being in advance, and fifteen or sixteen companies in the rear. Gen. Kearney's force consisted of about 3,000 men. The traders and their men numbered about 800. The health of the traders and men was not generally good. Two or three deaths had taken place.—Among the troops there was a very lively complaint.  
Gen. Kearney had informed the traders, that if they would all make up their minds to go by Bent's Fort, he would permit them to go on thus far and remain there until the entire force intended for his command should rendezvous at that point. The advance portion of the troops expected to reach the Fort about the first of the next month. The main body of the army would not probably arrive there until the middle of September.  
It was understood that, as soon as the troops were rendezvoused at Fort Bent, that Gen. Kearney would directly advance upon Santa Fe. The traders would be permitted to follow the troops.  
Our informant came by Fort Leavenworth, and on the 28th ult. when he left there the Mormon Legion, consisting of 500 men, had arrived. When this Legion, and Col. Price's regiment shall arrive at Bent's Fort, the entire force under Gen. Kearney will amount to something like 4,500 men, besides a great number of wagon drivers, &c. who could be armed if necessary.—Lexington (Mo.) Express, 4th.

**IMPORTANT TO LABORERS.**  
The Newburyport Herald says,—A letter from an American, who is making a tour of Austria and Italy, says railroad laborers there receive 25 cents a day and consider themselves well paid. Women, who perform nearly all the menial drud-

gery of agriculture, the young men being in the army, receive 15 cts. a day. The roads are kept in repair by the women, who break the stone and mend the roads for 8 cents a day. The general fare is a piece of rye bread for breakfast; for dinner a soup about as substantial as a mixture of warm water and salt, a broiled sausage, and rye bread; in the evening their frugal meal is solaced by the company of beer, which is used in excess to the exclusion of tea and coffee.  
Now, it is this kind of labor, and with such wages, the Loco Focos here wish the Americans to enter into competition with. Who's ready for it?

**Scraps worthy of note by the Farmers.**

**SHEEP SORREL.**—When the farmer or planter discovers his fields covered with sheep sorrel, he may conclude that the soil needs liming, the presence of the sorrel being unerring evidence of the absence of calcareous matter, and that the soil is too acid for the purpose of healthful vegetation. Lands, too, whose natural growth is pine, require lime, as that wood almost always delights in acid soil devoid of lime.  
**SHADE TREES.**—If you have no shade trees about your house, go at once into the woods and select some thrifty saplings of any kind you may admire and plant them in the front and rear of your dwelling.—A house in the country which is not thus provided, is a gloomy thing at best, and speaks but little in behalf of its owner's taste.  
**PEACH WORM.—TAR.**—A neighbor informs me that the application of hot tar to the roots of peach trees, effectually excludes the worm. The earth is removed for a few inches down, and the tar applied. It is not intended, of course to destroy the worm, but to prevent its entrance into trees yet unaffected [Cultivator].  
Clover, Sanoin, Lucerne, and all grasses of this family require that there should be lime in the soil on which they may be grown, and indeed, it may be said to be labor lost, to attempt to cultivate them advantageously on lands in which this mineral does not form a constituent element.—Balt. Farmer.

**James M. Power at Home.**

The following resolution, amongst others, was adopted at a recent meeting of the Whigs of Mercer county:  
RESOLVED, That the Whig party, in asking the support of the citizens of Pennsylvania for their candidate for Canal Commissioner, do so, in the well founded confidence in his honesty and patriotism. It is known JAMES M. POWER comes not before the people holding office, and presented by any combination of politicians. One of the people, presented by the people, and maintaining the principles they advocate, he stands before them free and untrammelled. Now is the time for Pennsylvania to speak in the loudest tones in favor of the Tariff '42, and give a rebuke to those politicians and citizens who have so fraudulently bartered away her interests. Let her rally around the TARIFF CANDIDATE, and let it not be a party triumph, so much as a triumph of principle—of the Tariff of '42, over the abominable British act of '46.

**HOTEL FOR INVALIDS AT PITTSBURGH.**

**Drs. Speer and Kuhn.**  
THE object of this establishment is to supply a want greatly felt by respectable travellers on our western highways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. Such have often suffered from the want of the various comforts and attentions so necessary and agreeable to the sick, and from careless and unfaithful nurses; and been subjected to heavy and unreasonable charges.  
Invalids will here be provided with constant, faithful and comfortable attendance, and at a rate much below the usual charges.  
While the care of both physicians will be extended to every variety of disease, it is intended by Dr. Speer, to give special attention to  
**ALL SURGICAL DISEASES,** PARTICULARLY TO  
**DISEASES OF THE EYE.**  
To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.  
The Hotel for Invalids is not an experiment. Its establishment is suggested not only as necessary to supply an evident want in this city, in the entire absence of any special provision for the sick, but is warranted also by the success of similar institutions at Cincinnati and New Orleans—the former under the care of Drs. Taliaferro, Marshall and Strader—the latter under that of Dr. Stone.  
The building selected for the purpose is situated at the corner of Federal and Robinson streets, in Allegheny city, adjoining the city of Pittsburgh. It is commodious and roomy, and furnished with all accommodations necessary for the sick.  
Applications for admission to be made to the subscribers, at their office on Penn street, Pittsburgh, or at the establishment.

**JAYNE'S MEDICINE.**

From the Norridgework (Me.) Journal. 5) WE publish the following, as among the many evidences which we are constantly receiving of the increasing popularity of Dr. Jayne's Expectorant. We have no interest in "puffing" it—any further than we have a desire to promote the health and happiness of our fellow creatures, who are wasting away with those complaints, for which this medicine is an absolute remedy. And in calling the attention of the public to it, we are in the faithful discharge of our duty.  
New Portland, Nov. 4, 1842.  
Mr. Pratt, Sir: I wish you to send me 3 bottles of Jayne's Expectorant, and in connection, I would say, that I deem it an invaluable medicine, and an article that no family should be without it for a single day. I have used it for two years in my family, and have always found it a quick and efficient remedy for tightness of the lungs, produced by long protracted colds, which produce the short hacking cough, the premonitor of Consumption, in which it so frequently terminates in this climate. If properly and seasonably administered, it will effectually break up the most violent colds, and thereby prevent the many violent fevers so frequently consequent upon them.—I would most cheerfully recommend this medicine to the public in all cases of that nature, as invaluable.  
JOHN H. WEBSTER.

**CHOLIC AND FRETTING OF INFANTS.**

Every mother should have Jayne's Carminative. It is the very thing they need for their children, as it immediately cures the cholice, and allays all irritation of the stomach and bowels.

Also by Edward Bevin, Stoystown Pa.

5.) Jayne's Expectorant.—This is undoubtedly the most valuable, (as it is decidedly the most popular) medicine of its kind, ever introduced in this State. The demand for it has been constant and increasing, from the time it was first offered for sale here to the present time; numerous testimonials of its real worth and usefulness, from very many of our citizens, might be produced, but a trial will satisfy all, that it is a speedy cure for Coughs, Colds, Influenza, Asthma, Hoarseness, Spitting of blood, and all kinds of Pulmonary Affections.—Bangor (Me.) Daily Whig.

From the Rev. A. R. Hinckley, Franklin, Ia, March 19, 1841.  
Dr. Jayne—Your medicines have been in nearly every case successful, especially the Expectorant, I have received much benefit from the use of it myself, and one of my nearest neighbors, who had been afflicted from childhood with the Asthma so severely as nearly to suffocate her during the paroxysm which returned about once a week, has been, to all appearance, permanently cured.  
A. R. HINCKLEY,

**DR. McLANE'S CELEBRATED LIVER PILLS.**

For the cure of Hepatitis or Liver Complaint, Dyspepsia and Sick Head-Ache.  
THIS remedy having been for several years employed by the proprietor in his practice, on a very large scale in Monongalia, Preston, Harrison and Randolph counties, in Virginia, besides several other places, and having been attended with the most happy effects, he has been from time to time solicited to adopt such a course as would give it a more extensive circulation, with a view to lessen the amount of human suffering. Aware of the fact that many useless nostrums have been palmed upon the public, he hesitated for several years until thoroughly convinced that the above medicine, if properly used, would not fail to effect cures in a great many instances, and even to alleviate those cases which are quite incurable.  
Symptoms of a diseased Liver.—Pain in the right side, under the edge of the ribs, increased on pressure; sometimes the pain is in the left side the patient is rarely able to lie on the left side sometimes the pain is felt under the shoulder-blade, it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the right arm. The stomach is affected with loss of appetite and sickness; the bowels, in general, are costive, sometimes altering with lax, the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight dry cough is sometimes attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold and burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few or them existed, yet examination of the body after death has shown the liver to have been extensively deranged.  
CERTIFICATES.  
This is to certify, that having been associated with Dr. McLane in the practice of medicine for nearly two and a half years, I have had many opportunities of witnessing the good effects of his Liver Pills, and I believe they have cured and relieved a much larger proportion of the diseases of the liver, than I have known cured and relieved by any other course of treatment.

**Patent Vermifuge.**

DR. McLANE'S AMERICAN WORM SPECIFIC Promptly expels Worms to an almost incredible number!  
TESTIMONIALS of the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity. Indeed, it is confidently affirmed that each new trial of the powers of this remedy will have an additional tendency to widen and confirm its fame, and that if it were universally known and diffused over the United States, it would not save less than many hundreds, if not thousands of lives annually.  
CERTIFICATES.

I do certify that a vial of Dr. McLane's American Worm Specific expelled five hundred and two whole worms, and pieces that would have made sixty more, from a boy of John Lewelling, which, if laid in a straight line, would have most probably measured the enormous length of one hundred yards. JOSIAH JACKSON, owner of Wate Forge, and other works, Monongalia county, Va.  
This is to certify that I purchased from Holmes & Kidd a vial of Dr. McLane's American Worm Specific, and gave two doses to a boy of mine about three years of age. He passed fully half a pint of worms. The quantity was so large I was really alarmed, and called in several of my neighbors to see them. Had this story been related to me, I could not have credited it, without being an eye-witness to the same. My child's health improved much after.  
SAML. MORRISON, Merchant Tailor, Wood st, Pittsburgh]

Some two months ago I purchased a vial of Dr. McLane's American Worm Specific. I gave a boy of mine most of a vial, he passed forty very large worms. From that time his health improved very much. I had tried two other Vermifuges to no purpose. I believe Dr. McLane's the best article before the public.
