WHIG STATE CONVENTION.

A State Convention, to be composed of Delegates from the City of Philadelphia & tan. the several counties equal to their representa ion in the General Assembly of this harg, on TUESDAY, the 9th day of MARCH NEXT, at 10 o'clock in the forenous, for the purpose of selecting candidates for Governor and Canal Commissioner to be supported by the Whigs and the friends of the Protective Policy at ed important to the success of the Whig probably for want of adequate funds.

> J. P. SANDERSON, SAMUEL D. KARNS, JOSEPH KONIGMACHER, MORTON McMICHAEL, GEORGE ERETY. H. JONES BROOKE, THEO. D. COCHRAN, JAMES FOX. JAMES MARTIN, WILLIAM BUTLER, J. J. SLOCUM, JOHN R. EDIE, EDWARD COWAN. JOHN B. JOHNSON, WM. J. HOWARD, Whig State Committee.

The first duty of Congress.

Immediately upon assembling, Congress ought to make ample provision for prosecuting the war to a speedy and successful issue. A large force ought to be at once ordered out to assail Mexico both on land and by water. This will have to be done at all events before the enemy can er it is done the better will it be for the and Milford, called JEFFERSON. nation. By striking the blow at once, much treasure and many valuable lives Our people are ready for fight, and the at any time within the last year. resources of the country are abundant. I matters not now whether, in bringing on the war, the Administration acted wisely or otherwise; whether it was actuated by a desire to promote the national welfare, or by the more narrow one of advancing the interests of the South; the nation is involved in the war and will have to fight difficulties; promptaction will soon ob. | who, with his officers, was exchanged for viate them. Increase the pay of soldiers | Gen. VEOA and suite, has arrived at Norfrom seven dollars per month to twelve dollars or more, and in less than six weeks you will be able to raise a volunteer force sufficient to everrun all Mexico. We want no unnecessary expenditure, but on the centrary desire to see the war prosecuted with vigor, as the surest way of saving money. Our forces in Mexico ther. Let these be promptly granted, and soon the war will be at an end.

CHEAP FOR CASH. JOHN C. KURTZ.

FLAME ENCIRCLED OVEN

STRAUB'S PATEINT COOKING STOVE. 111S Stove combines all that is valable in existing Cooking Stoves with certain improvements peculiar to itself. It is constructed upon a new and Administrator cum testamento annexo of entirely distinct principle truly philo George Graham, dec'd soplucal, so as to pass the flue entirely round the oven, thus making it enveloped or flume encircled. without impairing the necessary draught of the stove. This method of thus passing twice round, once over and once under the oven, is the secret of its great economy in the use of fuel, while the enlargement of the air chamber affords increased space for the rarefaction of air and compensates for the usual disadvantages of a circular draught, It bakes, rossis, and boils, Queensware, Groceries, &c. the fire is made. If the ashes be lifted Boots and shoes of all kinds and very clean, too much heat will radiate and BY virtue of a writ of Venditioni Ex- low. Weavers Reeds of very superior ourn the bread on the upper

easier and better than any Stove yet offered to the public, with the advantage over most of them of saving one half the fuel. It is superior to the "Queen of the West," "Buck's Patent," "Eclipse" or "Hathaways Patent," for the following reasons: In these Stoves the upper side of the oven is dependant for heat and can have from no other source than what radiates through the plate on which side, if too much ashes be left, the bread All which will be sold on as cheap and | will not bake on the upper side. Of this General Taylon, before he marched from the top of my head, and having me directed, there will be exposed to accomplain the exposed to accomplain. This Stove is entirely free of this objection, the oven always heating exactly alike top and bottom, and ends. Many buy the Premium or step stove and others of similar model. These Stoves consume much fuel, for first the fire chamber is ton deep, the pois &c., are too high above the fire. Second when using the oven, all the heat which passes off under the oven being one half, never comes in contact with the boiling orensils, passesoff adjoining lands of David Rodgers, John ises, on Friday the 1st day of January into the pipe and is lost. Also our Stove Paul. Jesse Berkepile, John Fry. jr. next. (1847.) the following Real Estate. is so arranged with a bank or elevation The above certificate is from a res- and others; on which are crected a log late the property of Jacob Moses dec'd, in the fire chamber as to ensure the use of the flame upon the forward part of the Stove first, and it then passes back afterward heating all alike whereas Stores like the Hathaway, having on a rest chamber, allow too wide a range for the flame without suffcient concen-
