Coughs, Colds, Consumptions, &c.

Important to all those afflicted with diseases of the Lungs and Breasts. SEVEN THOUSAND CASES of obstinate pulmonary complaints CURED IN ONE YEAR!

WISTAR'S BALSAM OF WILD CHERRY, THE GREAT AMERICAN REMEDY for Lung Complaints, and all affections of the Respiratory Organs.

Read the following letter written to our Agent at Bowling Green, Ky, by a gentleman of high standing in that place.
Mr. Joseph L. Younglove—Sir

As a duty I owe to the community, and particularly to the afflicted, I would state that I had been for a number of years laboring under disease and weakness of the lungs, which caused me to cough a great deal, & produced a consequent debility of my system generally, to such a degree that it was with difficulty I could walk, to do which even for a short distance, experienced great fatigue. I had various medicines recommended to me, which I used without any beneficial effects whatever, until I procured a bottle of Wistar's Balsam of Wild Cherry. The use of one bottle afforded relief, entirely relieving me of cough, and restoring my lungs to healthy action. The use of it for a short time increased my general health and strength to such an extent, that I was stronger and more healthy than I had been for years before. From the trial I have made of the medicine, I can confidently recommend it as a powerful "Tonic" a certain cure for affections of the lungs, unless it may be in a case of consumption, obstinate and of long standing.

ANOTHER INVALID RESTORED TO HEALTH.

[Read the following statement of facts from Mr. E. Baily, a highly respectable merchant of Vienna, Johnson county, Illinois.]

Messrs Phelps & Blakeley, St. Louis, Mo.

Gentlemen.—A desire to benefit the afflicted throughout the land has alone induced me to make the following statement of facts respecting one of the most astonishing cures ever recorded. My son, now 17 years old, has been afflicted during his whole life with a constant cough, pain in the side and chest, accompanied with night sweats and hectic fever, which produced great emaciation and debility; and at intervals during the night his first expectoration would become so great as to endanger his life from strangulation. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief—in fact so alarming were the symptoms and so inveterate was his disease, that I was compelled to believe him beyond the reach of medical aid. All our neighbors and friends who saw him, regarded him as one who was rapidly approaching the grave. After having thus exhausted the skill of our best physicians, without obtaining relief, I was prevailed upon by the advice of a friend to make use of Wistar's Balsam of Wild Cherry.

He commenced its use about the 30th of December, 1841, the first bottle of which gave astonishing relief, and began again indulge in the fond hope that he might yet be restored to health.

After having continued the use of it until 2 bottles had been taken, the disease was entirely removed and his shattered constitution and emaciated form restored to sound and permanent health which he continues to enjoy up to the present time.

I believe the genuine Dr. Wistar's Balsam of Wild Cherry to be one of the most valuable medicines ever discovered—knowing, as I do, that the above cure was effected solely by its use.

I am, gentlemen, very respectfully
Your most obedient servant,
April 9, 1846, ELI BAILY.

Cures similar to the above are constantly being performed in all parts of the country, and we should be destitute of all feeling of humanity, did we not call upon all who are afflicted with pulmonary diseases to resort to once to the use of this, the only remedy that can be relied upon for a cure.

"The true and genuine Wistar's Balsam of Wild Cherry is sold at established agencies in all parts of the U. States. Sold in Cincinnati on the corner of Fourth and Walnut streets by SANFORD & PARK, Gen'l agents for the Western States.

STRAUS'S PATENT FLAME ENCLOSED COOKING STOVE.

THIS Stove combines all that is valuable in existing Cooking Stoves with certain improvements peculiar to itself. It is constructed upon a new and entirely distinct principle truly philosophical, so as to pass the flue entirely round the oven, thus making it enveloped or flame enclosed, without impairing the necessary draught of the stove. This method of its passing twice round, once over and once under the oven, is the secret of its great economy in the use of fuel, while the enlargement of the air chamber affords increased space for the rarefaction of air and compensates for the usual disadvantages of a circular draught. It bakes, roasts, and boils, easier and better than any Stove yet offered to the public, with the advantage over most of them of saving one half the fuel. It is superior to the "Queen of the West," "Buck's Patent," "Eclipse" or "Hathaways Patent," for the following reasons: In these Stoves the upper side of the oven is dependant for heat and can have from no other source than what radiates through the plate on which the fire is made. If the ashes be lifted clean, too much heat will radiate and burn the bread on the upper side, if too much ashes be left, the bread will not bake on the upper side. Of this defect all good cooks complain. This Stove is entirely free of this objection, the oven always heating exactly alike top and bottom, and ends. Many buy the Premium or step stove and others of similar model. These Stoves consume much fuel, for first the fire chamber is too deep, the pots &c., are too high above the fire. Second when using the oven, all the heat which passes off under the oven being one half, never comes in contact with the boiling utensils, passes off into the pipe and is lost. Also our Stove is so arranged with a bank or elevation in the fire chamber as to ensure the use of the flame upon the forward part of the Stove first, and it then passes back afterward heating all alike whereas Stoves like the Hathaway, having one vent chamber, allow too wide a range for the flame without sufficient concentration.

HOTEL FOR INVALIDS AT PITTSBURGH.

Drs. Speer and Kuhn.

THE object of this establishment is to supply a want greatly felt by respectable travellers on our western highways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. ALL SURGICAL DISEASES, PARTICULARLY TO DISEASES OF THE EYE.
To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.

Jayne's Medicine.

JAYNE'S EXPECTORANT.

THIS medicine has already proved itself to be all that it has been recommended by those who have given it a fair test in this country, and the demand for it increases daily. We have just heard of an important cure of Asthma, which has been effected by the use of it in a neighboring town—the case was that of a female, who had for a long time been under the care of a physician but had received no relief, and her case was considered hopeless. As a last resort she purchased a bottle of Dr. Jayne's Expectorant, which caused her to expectorate freely, gradually eased her cough, and rapidly restored her to health. We have no hesitation in saying, that this preparation of Dr. Jayne, for the cure of Coughs, Colds, Influenza, Asthma, Consumption, &c., is the most valuable medicine ever offered to the American public. There is no quackery about it—Dr. Jayne is one of the most skillful practising physicians in Pennsylvania, and wherever his various preparations have been thoroughly tested, he is looked upon as a great public benefactor.—Somerset (Zine) Journal.

DOES NOT REASON AND COMMON SENSE teach us that EXPECTORATION is the most NATURAL as well as the most EFFECTUAL agent in arresting and curing PULMONARY DISEASES?

Reason says YES, because OBSTRUCTION is either immediately or remotely the cause of Inflammation and Catarrhal Fevers, producing Croup, Consumption, and Abscesses of the Lungs, Pain and Soreness of the Throat, Breast, Sides, or Shoulders—Bronchitis, exciting mucous and purulent secretions, thereby clogging up the lungs, so as to more or less impede both respiration and the free circulation of the blood, causing Difficulty of Breathing, and

ASTHMA.

Pleurisy, Hoarseness and Loss of Voice, Dropsy of the Heart and Chest, Rupture of Blood Vessels and Bleeding from Throat and Lungs, and

SPITTING OF BLOOD.

To remove this Obstruction, from which all these alarming and dangerous diseases originate, and to produce a radical cure, nothing has ever been found equal to JAYNE'S EXPECTORANT.

It stands unrivalled—it stands pre-eminent—TRY IT, and you will be forced to acknowledge that its virtues HAVE NOT NOR CANNOT BE OVERSTATED; that it stands far above and beyond the reach of competition; that it is the only reasonable, the only natural and the only truly successful method of arresting and curing diseases of the Pulmonary Organs.

JAYNE'S HAIR TONIC.—This late discovery of Dr. Jayne, awakens the praises of the press in all parts of the country. The fact is, the more the article becomes known, the less peace has the Doctor. A continual stream of bald heads keep pouring into his establishment, who go to bed at night, dream of long and flowing locks, and awake in the morning and find the vision realized. We saw a bewitched dandy a few days since, the curl of whose auburn locks attracted our attention, and for some time we did not recognize an old friend. "Bless us, Maria," said we, "where did you raise that beautiful hair?" "Thank you, sir," said the blushing girl, "You must ask Dr. Jayne." The fact is, that although the Doctor is verging into the "sear and yellow leaf" of life, he understands how to please the ladies.—Public Ledger.

DR. McLANE'S CELEBRATED LIVER PILLS.

For the cure of Hepatitis or Liver Complaint, Dyspepsia and Sick Head-Ache.

THIS remedy having been for several years employed by the proprietor in his practice, on a very large scale in Monongalia, Preston, Harrison and Randolph counties, in Virginia, besides several other places, and having been attended with the most happy effects, he has been from time to time solicited to adopt such a course as would give it a more extensive circulation, with a view to lessen the amount of human suffering. Aware of the fact that many useless nostrums have been palmed upon the public, he hesitated for several years until thoroughly convinced that the above medicine, if properly used, would not fail to effect cures in a great many instances, and even to alleviate those cases which are quite inoperable.

Symptoms of a diseased Liver.—Pain in the right side, under the edge of the ribs, increased on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the right arm. The stomach is affected with loss of appetite and sickness; the bowels, in general, are costive, sometimes altering with lax, the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having felt undone something which ought to have been done. A slight dry cough is sometimes attendant. The patient complains of weakness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few or none existed, yet examination of the body after death has shown the liver to have been extensively deranged.

CERTIFICATES.
This is to certify, that having been associated with Dr. McLANE in the practice of medicine for nearly two and a half years, I have had many opportunities of witnessing the good effects of his Liver Pills, and I believe they have cured and relieved a much larger proportion of the diseases of the liver, than I have known cured and relieved by any other course of treatment.

Patent Vermifuge.

Dr. McLANE'S AMERICAN WORM SPECIFIC Promptly expels Worms to an almost incredible number!

Substantiate the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity. Indeed, it is confidently affirmed that each new trial of the powers of this remedy will have an additional tendency to widen and confirm its fame, and that if more universally known and diffused over the United States, it would not save less than many hundreds, if not thousands of lives annually.

CERTIFICATES.

I do certify that a vial of Dr. McLANE'S American Worm Specific expelled five hundred and two whole worms and pieces that would have made sixty more, from a boy of John Levelling, which, it laid in a straight line, would have most probably measured the enormous length of one hundred yards. JOSIAH JACKSON, owner of Wato Forge, and other works, Monongalia county, Va.

This is to certify that I purchased from Holmes & Kidd a vial of Dr. McLANE'S American Worm Specific, and gave two doses to a boy of mine about three years years of age. He passed fully half a pint of worms. The quantity was so large I was really alarmed, and called in several of my neighbors to see them. Had this story been related to me, I could not have credited it, without being an eye-witness to the same. My child's health improved much after.
SAML MORRISON,
Merchant Tailor, Wood at, Pittsburgh

Some two months ago I purchased a vial of Dr. McLANE'S American Worm Specific. I gave a boy of mine most of a vial; he passed forty very large worms. From that time his health improved very much. I had tried two other Vermifuges to no purpose. I believe Dr. McLANE'S the best article before the public. D. CALHOUN,
