SENATE. Mr. HANNEGAN, from the Committee on Roads and Canais, reported a bill to extend the National Road to Alton, Illi-

On motion of Mr. BREESE, the Vice President was authorized to fill the vacancy in the Board of Regents of the Smithsonian Institution, occasioned by the death of Senator Pennybacker.

Mr. BENTON introduced his bill, on leave, granting bounty lands to all noncommissioned officers and privates of the army serving in Mexico. The bill was read twice by its title, when a desultory discussion ensued, as to whether a bill would have its second reading on the day of its introduction, Mr. Benton desiring that action might be had on his bill at

Mr. J M CLAYTON moved to postpone the further consideration of the bill, for the purpose of taking up the army bill.

Mr. BERRIEN said that this motion assumed that the land bill was now before the Senate, which he could not admit.

The debate upon the point of order was renewed, and continued at some length, in the course of which, Mr. BENTON, with wuch warmth, declared, that the whole country should see the ground upon which he stood-the whole world should see what he was about.

Mr. CAMERON said, that when the whole world was seeing what the Senator from Missouri was about, they would at the same time be seeing what the rest ter section of land should be granted to of the Senate were doing.

After further debate, the motion of Mr. Clayton prevailed-yeas 23, nays 23, the vice President giving the casting vote in the affirmative.

The ARMY BILL was accordingly taken up, the question being upon agreeing to the substitute offered by Mr. Badger for Mr. Cameron's amendment.

A debate ensued, which was finally terminated by a motion of Mr Benton to recommit the bill with instructions to report a section granting 160 acres of land to every non-commissioned officer and soldier serving during the war.

The Senate, then, after a short executive session, adjourned.

HOUSE OF REPRESENTATIVES. A bill was reported, read twice, and referred to the Committee on Post-offices and Post Roads, to establish additional Post routes in Texas.

The OREGON TERRITORY BILL Was then taken up, and Mr. HAMLIN, of Maine, addressed the House in detence of the constitutional right of Congress to prohibit slavery in new territories. The sentiment of the North, he said was opposed to any further extension of the area of slavery. No solitary interest of any State would be affected by a prohibition of its introduction into new territories .-This was no Missouri compromise, no anexation of Texas question, and the free States would never consent to the introduction of slavery into FREE territory, acquired or to be acquired.

Mr. Bowden, of Alabama, the successor of Mr. McConnell, followed Mr. Hamlin in a discussion of the constitutional question involved, contending that From the U. S.
