LEGISLATIVE TELEGRAPH.
 During the ensuing session of the Legislature, the PENNSYLVANIA TELEGRAPH will be published twice a week, on fine double royal sized paper, and will contain full, impartial, and accurate reports of the proceedings of the two Houses, together with the latest Congressional, Foreign and General news.
 Experienced Reporters will be employed in both branches of the Legislature, and every exertion used to make the Telegraph worthy of the patronage and confidence of the public, and of the reputation it has acquired for correctness and impartiality.
 The ensuing session of the Legislature will be one of more interest to the citizens of Pennsylvania than any one for many years. Subjects of the deepest interest to her welfare—to every citizen—will be agitated, in all of which the Telegraph will always contain the latest and most correct intelligence. Every intelligent citizen—all who feel an interest in the affairs of the Commonwealth, should receive a paper from the seat of Government during the session of the Legislature.
 In consequence of the facility of the Magnetic Telegraph we shall be enabled to give all important Congressional and other intelligence up to the hour of publication.
 As the publication of a paper of the size, and giving the information of the TELEGRAPH during the session, is attended with great expense, as well as editorial labor, our friends throughout Commonwealth are respectfully requested to aid in increasing the circulation in their respective neighborhoods during that period. The terms are:
 For the session, \$2 00
 For the year, 5 00
 Two copies of the Telegraph will be sent during the Session for \$3.00. The same deduction will be made for a large number.

Jayne's Medicines.
CANCER, SCROFULA & GOITRE.
 Ample experience has proved that no combination of medicine has ever been so efficacious in removing the above diseases, as Dr. Jayne's Alterative, or Life Preservative. It has effected cures truly astonishing, not only of Cancer and other diseases of that class, but has removed the most stubborn Diseases of the skin, Dyspepsia, &c. &c. This medicine enters into the circulation, and eradicates diseases wherever located. It purifies the blood and other fluids of the body, removes obstruction in the pores of the skin, and reduces enlargements of the glands or bones. It increases the appetite, removes headache and drowsiness, and invigorates the whole system, and imparts animation to the diseased and debilitated constitution. There is nothing superior to it in the whole materia medica. It is perfectly safe and extremely pleasant, and has nothing of the disgusting nausea accompanying the idea of swallowing medicine.

NO EXCUSE FOR A BALD HEAD.
 The following communication from the Rev. Professor Eaton, of Hamilton College, N. Y. in addition to hundreds of others equally respectable, should remove the doubts of every reasonable person of the uniform and singular efficacy of Jayne's Hair Tonic.
 Hamilton, Feb. 15, 1840
 DR. D. JAYNE—Dear Sir: I cannot say my hair is restored, but I can say that it appears to be in as rapid a process of restoration as could reasonably be expected. I had not finished the first bottle, before a decided change was manifest over the bald part of the head to which it was applied. A new growth of fine glossy hair, much like that of an infant's appeared, and has continued to increase, and I have had it cut two or three times. I have recently commenced upon the 3d bottle, but have been a good deal irregular in the use of the Tonic from the first, and from this cause I apprehend that the effect is at present less than it otherwise would have been.
 I began the use of the Tonic with little or no faith that it would ever be successful on my head, though I felt entire confidence in your statements of what it had done to others, and I was as much surprised as delighted, when I saw the effect. You recollect the appearance of my head when in your office.—I assure you my hair has been nearly, if not quite, an inch longer the times I have had them cut, on those parts which were nearly destitute of any, when you saw me. It was, however, very fine, though quite thick. I am flushed with sanguine hope of final success in the diligent use of your Tonic, which (amidst all the hair hangers which have been advertised in the papers.) I am constrained to believe is what it claims to be, and that it will make the hair grow, and no mistake at least on some heads.

STRAUB'S PATENT COOKING STOVE.
 THIS Stove combines all that is valuable in existing Cooking Stoves with certain improvements peculiar to itself. It is constructed upon a new and entirely distinct principle truly philosophical, so as to pass the flue entirely round the oven, thus making it enveloped or flame encircled, without impairing the necessary draught of the stove. This method of thus passing twice round, once over and once under the oven, is the secret of its great economy in the use of fuel, while the enlargement of the air chamber affords increased space for the rarefaction of air and compensates for the usual disadvantages of a circular draught. It bakes, roasts, and boils, easier and better than any Stove yet offered to the public, with the advantage over most of them of saving one half the fuel. It is superior to the "Queen of the West," "Buck's Patent," "Eclipse" or "Hathaways Patent," for the following reasons: In these Stoves the upper side of the oven is dependant for heat and can have from no other source than what radiates through the plate on which the fire is made. If the ashes be lifted clean, too much heat will radiate and burn the bread on the upper side, if too much ashes be left, the bread will not bake on the upper side. Of this defect all good cooks complain. This Stove is entirely free of this objection, the oven always heating exactly alike top and bottom, and ends. Many buy the Premium or step stove and others of similar model. These Stoves consume much fuel, for first the fire chamber is too deep, the pots &c. are too high above the fire. Second when using the oven, all the heat which passes off under the oven being one half, never comes in contact with the boiling utensils, passes off into the pipe and is lost. Also our Stove is so arranged with a bank or elevation in the fire chamber as to ensure the use of the flame upon the forward part of the Stove first, and it then passes back afterward heating all alike whereas Stoves like the Hathaway, having one vest chamber, allow too wide a range for the flame without sufficient concentration.
 We manufacture two sizes of this Stove at the Eagle Foundry in Berlin Somerset county, Pa. For the larger size most of the pots commonly used in the kitchen will answer.
 Always on hand, a complete assortment of PLOUGHS, with PLOUGH CASTINGS of great variety. HOLLOW WARE of superior material and finish, comprising every thing in that line. CASTINGS on hand, and made to order, on the most reasonable terms.

HOTEL FOR INVALIDS AT PITTSBURGH.
Drs. Speer and Kuhn.
 THE object of this establishment is to supply a want greatly felt by respectable travellers on our western highways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. Such have often suffered from the want of the various comforts and attentions so necessary and agreeable to the sick, and from careless and unfaithful nurses; and been subjected to heavy and unreasonable charges.
 Invalids will here be provided with constant, faithful and comfortable attendance, and at a rate much below the usual charges.
 While the care of both physicians will be extended to every variety of disease, it is intended by Dr. Speer, to give special attention to
ALL SURGICAL DISEASES, PARTICULARLY TO DISEASES OF THE EYE.
 To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.
 The Hotel for Invalids is not an experiment. Its establishment is suggested not only as necessary to supply an evident want in this city, in the entire absence of any special provision for the sick, but is warranted also by the success of similar institutions at Cincinnati and New Orleans—the former under the care of Drs. Taliaferro, Marshall and Strader—the latter under that of Dr. Stone.
 The building selected for the purpose is situated at the corner of Federal and Robinson streets, in Allegheny city, adjoining the city of Pittsburgh. It is commodious and roomy, and furnished with all accommodations necessary for the sick.
 Applications for admission to be made to the subscribers, at their office on Penn street, Pittsburgh, or at the establishment.
 No contagious diseases will be admitted.

WISTAR'S BALSAM OF WILD CHERRY.
 THE GREAT AMERICAN REMEDY for Lung Complaints, and all affections of the Respiratory Organs.
 Important to all those afflicted with diseases of the Lungs and Breasts, SEVEN THOUSAND CASES of obstinate pulmonary complaints CURED IN ONE YEAR!
 WISTAR'S BALSAM OF WILD CHERRY, THE GREAT AMERICAN REMEDY for Lung Complaints, and all affections of the Respiratory Organs.
 Read the following letter written to our Agent at Bowling Green, Ky. by a gentleman of high standing in that place.
 Mr. Joseph L. Younglove—Sir:
 As a duty I owe to the community, and particularly to the afflicted, I would state that I had been for a number of years laboring under disease and weakness of the lungs, which caused me to cough a great deal, & produced a consequent debility of my system generally, to such a degree that it was with difficulty I could walk, to do which even for a short distance, experienced great fatigue. I had various medicines recommended to me, which I used without any beneficial effects whatever, until I procured a bottle of Wistar's Balsam of Wild Cherry. The use of one bottle afforded relief, entirely relieving me of cough, and restoring my lungs to healthy action. The use of it for a short time increased my general health and strength to such an extent, that I was stronger and more healthy than I had been for years before. From the trial I have made of the medicine, I can confidently recommend it as a powerful "Tonic" a certain cure for affections of the lungs, unless it may be in a case of consumption, obstinate and of long standing.
 JAMES A. LEWIS, March 7, 1846 Bowling Green Ky.

ANOTHER INVALID RESTORED TO HEALTH.
 [Read the following statement of facts from Mr. E. Baily, a highly respectable merchant of Vienna, Johnson county, Illinois.]
 Messrs Phelps & Blakeley, St. Louis, Mo.
 Gentlemen.—A desire to benefit the afflicted throughout the land has alone induced me to make the following statement of facts respecting one of the most astonishing cures ever recorded. My son, now 17 years old, has been afflicted during his whole life with a constant cough, pain in the side and chest, accompanied with night sweats and hectic fever, which produced great emaciation and debility; and at intervals during the night his first expectation would become so great as to endanger his life from strangulation. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief—in fact so alarming were the symptoms and so inveterate was his disease, that I was compelled to believe him beyond the reach of medical aid. All our neighbors and friends who saw him, regarded him as one who was rapidly approaching the grave. After having thus exhausted the skill of our best physicians, without obtaining relief, I was prevailed upon by the advice of a friend to make use of Wistar's Balsam of Wild Cherry.
 He commenced its use about the 30th of December, 1841, the first bottle of which gave astonishing relief, and began again indulge in the fond hope that he might yet be restored to health. After having continued the use of it until 3 bottles had been taken, the disease was entirely removed and his shattered constitution and emaciated form restored to sound and permanent health which he continues to enjoy up to the present time.
 I believe the genuine Dr. Wistar's Balsam of Wild Cherry to be one of the most valuable medicines ever discovered—knowing, as I do, that the above cure was effected solely by its use.
 I am, gentlemen, very respectfully
 Your most obedient servant,
 April 9, 1846. ELI BAILY.

Cures similar to the above are constantly being performed in all parts of the country, and we should be destitute of all feeling of humanity, did we not call upon all who are afflicted with pulmonary diseases to resort to once to the use of this, the only remedy that can be relied upon for a cure.
