THE FOUNTAIN OF LIFE.

O come to the Fountain of Life, Ye thirsty, ye wretched, and poor,

Relinquish your labour and strife, Salvation ye here may secure. While wand'ring still farther astray,

Nor comfort nor peace can ye find, No streams of the desert allay, The thirst of the desolate mind.

O come to the Fountain of Life, Ye thirsty, ye wretched, and poor, And soon will your spirit revive, To labor and languish no more.

Yea, come without money and buy. No righteousness have ye to boast, If on your own works ye rely,

Your soul is eternally lost,

O come to the Fountain of Life, Ye thirsty, ye wretched, and poor, Its waters within you will thrive,

Their virtue of healing is sure. Why think of a moment's delay, Why linger in sorrow and gloom;

O haste to the fountain to-day, All, all are invited to come.

Diseases, &c., &c., and whenever an Alternative or Purgative Medicine may be required.

There is scacely any disease in which Purgative Medicines are not more or less required, and much suffering and sickness might be prevented, were they more while a costive habit of body prevails; besides, it soon generates serious, and often fatal diseases, which might have use of proper Cathartic Medicines.

The Proprietor can recommend these Pills with the greatest confidence, belieeral use; more mild, more prompt, safe, and uniform in their operation.

In using them, no particular care is required. Persons may eat and drink as usual, and, if desirable, eat immediately

after taking them. Age will not impair them, as they are so combined as to always readily dissolve in the stomach.

In small doses they are alterative, and gently Laxative, but in large doses they are actively Cathartic, cleansing the whole alimentary canal from all putrid, cing healthy secretions of the Stomach.

JAYNE'S ALTERATIVE. OR LIFE PRESERVATIVE.

RHEUMATISM .- The Proprietor has not prescribed this preparation in a great many cases of Rheumatism but in every case where it was used until the system become affected by the medicine, the disease was removed.

Gour .- A number of cases of Gout have been cured by this Preparation .-In one of these cases the man had been afflicted with it so severely for thirteen years, as to entirely disable him from business, and for five months immediately previous to his taking the Life Prescrvative, he had been confined to his room; but before he had finished the third bottle, he was enabled to walk about the streets, and soon after returned to his business, from which he had been excluded by his afflictions.

DROPSICAL SWELLINGS .- This medicine increases the powers of digestion, excites the exhorbants into healthy exercise, by which waterous or Calcareous depositions, and all unnatural enlargements are reduced. It imparts tone and vitality to the whole system, removing sick and morbid headaches, giddiness, wandering mania and nervous affections.

In fact, in every case where the medicine has been taken for some time, no matter for what purpose, the general health of the patient has always been improved by in.

In conclusion, the Proprietor would say that some of the most astonishing rases of Skin Diseases, Cancer, Bronchocele, and Scrofula, have been cured by this medicine, that have ever been recorded; but want of room in this sheet pre-

Mrs. Wimer. OR ANOTHER PROOF ADDED. The cures performed by Wistar's Balsam of Wild Cherry, are really aston-

Burlington, O. Dec. 1, 1843. Messrs. Joslin & Rowe-At your request I herewith transmit to you a statement of the case of Mrs, Wimer and child, as near as I am able to communicate, which you are at liberty to publish if you see fit, as I feel a desire to inform the world of the effects of the invaluable midicine called Wistar's Balsam of Wild Cherry, to which, by the Divine blessing, I am indebted for the restoration to

About five years ago Mrs. Wimer was

attacked with a violent cough, pain in the chest and side and symptoms of approaching consumption. During the interval from that time to some time in February last, she had been treated by eminent physicians from Utica, Sylvania, Homer generally used. No person can feel well, Chatham and Newark, and with only partial relief of the most urgent symptoms. About one year ago she caught a violent cold, which seated upon the been avoided by a timely and judicious lungs, preducing an alarming aggravation of all her previous systems. Her physician was sent for, and despite his best offorts she began to sink rapidly unving them far superior to the pills in gen- der her disease. Cough, expectorant, and hectic, together with night sweats soon reduced her to a complete skeleton. In February last her attending physician deemed her case altogether hopeless; a council was called, and after deliberating upon her case unanimously pronounced her to be beyond the reach of means, and expressed their opinion that she could survive but a short time, one or two weeks at farthest. She was at this time entirely confined to her bed, and scarcely able to articulate, except in a whisper. Her daily proxysms of coughing would last uninterruptedly from three to five hours, and so severe that we expected every proxysm would be her

The physians in council pronounced her lungs, liver, kidneys, spine and mucus membrane of the stomach to be incurably diseased.

It was at this last extremity that we happened to obtain a pamplilet describing Dr. Wistar's Balsam of Wild Cherry, as applicable to lung affections. We immediately sent to you and procured a bottle, and commenced its use at evening by giving her one teaspoon full, and such was the surprising effect that she was able to pass a comfortable night without experiencing any paroxysm of coughing; and such was its ultimate effect, that, after taking five bottles, she was, contrary to the expectations of her physicians and every one who saw her, entire restored. to health, and since last summer has done the entire work of the family.

After the last attack of Mrs. Wimer, our youngest child, then an infant at the breast, was taken down and rapidly sinking with the same symptoms as its mother, and having seen the happy effects in the case of the mother, we were disposed to make a trial of it for the child, and it was attended with the same per-

The above statement can be attested by our physician as well as our neighbors and acquaintances, who saw Mrs. Wimer during the course of her sick-Yours truly.
