His hospitality was proverbial, and his private life was without a stain. He spoke of his ability in the highest terms. He referred briefly also to his public acts, which he said spoke for themselves. Great pleasure was manifested by the 'Convention and the audience with these remarks.

Mr Ball also made an cloquent and triumphant speech in vindication of Gen. I vin as our candidate, he said, he believed the dark, benighted Locofoco region he came from, would be redeemed-the light would break upon them.

Mr Bard then again took the floor, and expressed himself much gratified with the discussion that had taken place. He was glad to learn that so much could be said to the credit of Gen. Irvin. LATEST FROM THE BRAZOS.

FROM THE N. O. PICAYUNE OF FEB. 25.

At an early hour this morning the ramors against the public acts of Gen. schooner Harmonious Walker arrived FROM THE N. O. DELTA OF February 25. from Brazos, having made the passage in six days. Through the courtesy of Mr. cocofoco lies. He had examined the Martin, who came passenger on the our correspondence to the 18th instant,

and various items of intelligence.

Mr. Haile writes on the 18th, that there were transports enough at the Brazos for all the remaining troops of Worth's division, and that every moment rey, as well as the road between Tampiof calm weather was improved in embarking them. In three good days more the whole command would be off. By this arrival we have further infor-

mation in regard to the troops captured by Gen. Minon. In Minon's own modest report, which is before us, his prisoners are set down at eighty-two in all .--Besides the Americans taken by him, there was one Mexican named Galeano, who had been with our troops as a spy and a guide. He was immediately put to the sw ord, although Maj. Gaines interce- 500 men, composed of the twelfth regided for him.

We have before us another list of the captured, which includes the names of Capt. Albert Pike, of Arkansas, and Capt Wm. Heady, of Kentucky. The party captured is now said to have consisted of fifty Arkansas troops and two parties of Kentucky troops, one of twenty-five, the other of eighteen. Their tioned with a respectable force to defend camp was surrounded in the night, after that point. Gen. Urrea, with 1,500 men

of the State of Durango, he heard the news of the action near El Paso; and, leaving there his infantry, he pushed on to Chihuahua with his cavalry, with the view to assume the command of the Government forces there.

The cavalry of Cuiltz, which was in the action of the 25th of December, and which protected, as far as possible, the afterwards Carizal, had dwindled down to procure from two hundred to five hundred , a handful by desertions which took place at the different ranchos on the route.

SANTA ANNA'S ADVANCE.

If the statement made by all the Mexican papers and letter-writers be entitled to confidence, it is obvious that Santa Anna entertains designs against Monterey, and has begun his march against that point. Our correspondence represents that large bodies of troops are being thrown forward upon the road to Monteco and Monterey. But the most definite statement we have seen is contained in a letter published by LA PATRIA last evening, from Tampico, of the date of 9th February, which states that 16,000 of the road between Saltillo and Monterey .-This information was communicated by a letter written from San Luis. Another 3d February, states that on the 1st of the ment of infantry of the line, styled the "Faithful Soldiers of San Luis," and a battallion of the National Guard of Jalis-

forified at every point by the battallions of Puebla, Guarda Costa de Tampico, the company of Veterans, and three company of cavalry. In the village of Valles, Col. Jose Antonio del Castillo is staof the first regiment of cavalry, "Primero at Victoria de Tamaulipas.

These movements are no doubt made for the purpose of drawing off our forces from the contemplated attack on Vora lor, who is never caught napping, is in place until reinforced. But, in the mean time, the Mexicans are pushing toward Matamoras, from the road which leads through Victoria. Urrea's cavalry are no doubt the advance of a large force intended for this point. This will be a bold movement, but it is characteristic of Urrea, who is a prompt and decided officer. If, however, his force consists on-Matamoras. The great fear is, that they may intercept our communications along the river, and the road from Matamoras
