FOR GOVERNOR. GEN. JAMES IRVIN, OF CENTRE COUNTY. For Canal Commissioner. **10SEPH W. PATTON.** OF CUMBERLAND COUNTY.

LOCOFOCO HONESTV.

ing of the Whig State Convention, it was quite evident from the tone of public senmment that Gen. Irvin would be nomina- the Managers of the Connells ville Comtel for Governor; and it was therefore by no means a matter of surprise to see some of the Locofoco presses charging Gen. Irvin, in anticipation of his nomination, with having voted, when in Congress, for a tax upon tea and coffee. This was done, no doubt, to prejudice the people, and more especially the poorer clas. ses against him; but the charge was promptly met by the Huntingdon Journal with a flat denial and a demand for the proof of its truth, which proof has not yet been adduced. We take it for gran- ment, and then, just when the Senate tool, therefore, that the charge is wholly were about to adjourn, Mr. Nill of Cumfalse and unfounded.

But what must the people think of the honesty of the Locafoco press in making such a charge against Gen. Irvin, with the obvious intention of injuring him in the estimation of his fellow citizens, when, at the same time, the same Locofaco press preserves a dead-like silence in Walker's efforts to have a tax imposed upon tea and collee? In these it seems, the person or persons mailing them. to be all right to recommend such a measure, for we have not yet seen a single Locoloco paper condemning THEM for itaving urged it, over and over again. But in Gen. Irvin it would have been an unnordonable sin, had he voted for it, as they asserted, but which it appears he did not! Truly, Locofocoism is a strange

keeping," and the people will therefore be for using upon him the TOMAHAWE, lest, if he be suffered to remain much longer where he is, he turn upon and kick his "keepers,"-(and, oh! save us from a kick of THAT foot!)-then pull down the rack and manger-tread both corn and clover under his feet, and finally break up the stall!

BALTIMORE AND OHIO RAIL-ROAD.

LATEST FROM THE ARMY.

From the National Intelligencer. Макси 23, 1847.

We delay the press in order to give place to the following letter from our N. Orleans Correspondent, which was written at the latest moment possible for it to be transmitted by the mail, and was overlooked at our City Post Office at the time our papers were delivered last evening :

New ORLEANS, March 15, 1847. Messrs. Gales & Seaton:

I have but a few minutes for the waymail. The city is full of rumors, said to be brought by vessels below, and one, which is generally credited, that Matmoras has been actually taken. I have ascertained, to my entire satisfaction, that such 1847. to continue for a term of thirteen is not the case; at least, that no such news isnow in the city, as I have seen a genile- ing and writing SZ: Arithmetic SZ. man who left there on the 7th, and there 25; Grammar and Geography S2. is nothing, and can be nothing later. He 30, per scholar. tells me it will be rather a difficult task to take it. He, however, imforms me that mencement of the term, will be charged from Camargo, which states that pretty certain advices had been received of the capture of Col. Morgan's command, and that Gen. Urrea was between Monterey and the pass of Rinconado with 6,009 cavalry, who had cut off Gen. Taylor from retreating on Monterey. That there was no doubt that there had been a severe battle, and the belief was that Gen. T. had abandoned Saltillo and fallen back on the pass. Nothing, as you will see, positive, but the prospects are by no means brighter for the gallant Taylor.

The public property and stores on the Rio Grande, at the Brazos, Matamoras, and Catnargo, it is said, amount to six or seven millions of dollars, besides immense quantities of private merchandize; and for the protection of this line there are probably from fifteen to eighteen hundred | and Coal Stoves, together with numerous men, seattered in detachments, the strong- other articles too tedious to enumerate. est of which does not exceed 700! 1 have no time for comments.
